## Tidal Wave Death Toll Is Still Climbing

### Japan, Hawaii, Chile, Okinawa Hardest Hit By Battering Seas

By THE ASSOCIATED PRESS

Japan today bore the brunt of quake-born tidal waves that raced across the Pacific from Chile. Hundreds of miles of Japan's east coast were battered.

The international tidal wave toll of dead and missing reached 354. Combined casualties of the Chilean quakes and the tidal waves were 526 dead and 898 missing.

The Japanese counted 90 dead and 75 missing from the tidal waves.

Thirty-three persons were killed and 23 missing in Hawaii. The waves claimed the lives of three Okinawans.

Of Chile's quake-tidal wave toll of 400 dead and 800 missing, 130 were reported lost in the high seas that broke on coastal communties late Sunday. The rest of Chile's toll was presumed due directly to the quakes that started last weekend.

French possessions in the South Pacific were hit, but reports reaching Paris said there were no deaths and little damage. Coastal roads of Tahiti were temporarily submerged.

Pacific coasts of the United States, the Philippines, Australia, New Zealand and Formosa were hit in varying degrees.

The tide hit as high as 30 feet at some points in Japan. The average was six or seven feet. Warnings were not broadcast until after the waves began pounding the coast. Weather Bureau officials said there had been a slipup in the warning system.

Tokyo and Yokohama, sheltered by Tokyo Bay, were spared direct blows. The greatest damage was along the northern 200 miles of Honshu's coast. Villages there became a tangled mass of shattered buildings debris and ships washed ashore.

Disaster crews moved into Hilo, Hawaii's second city, where 33 persons were known dead, 23 missing and 53 injured in the wake of the Hawaiian Island's worst disaster since 1946. Damage was estimated unofficially at up to 50 million dollars.

Four massive waves pounded a mile-long area in Hilo, a city of about 26,000 population on the Island of Hawaii. The waves—one 12 feet—struck the other Hawaiian Islands as well, but damage was small compared to the chaos in Hilo.

A six-foot wave hit the American-occupied Ryukyu Islands at

**SCHOOL WAS OUT — The Bulness Secondary school stands as evidence of the force of earthquakes that shook Concepcion, Chile. Fortunately, the school was unoccupied at the time. Volcanic eruptions, landslides, earthquakes and tidal waves have accounted for some 385 persons listed as dead or missing and more than 1,000 were reported injured.**

## Japanese Coast Is Wrecked By Battering Tidal Wave

HACHINOHE, Japan (AP)—The sea, which provides a livelihood for thousands of Japanese, mauled northern Honshu's coast this morning.

Fishing villages along 100 miles of coastline felt the wrath of transpacific tidal waves from Chile's earthquake that struck at dawn. Boats were tossed ashore, houses flooded and thousands of terrified Japanese chased to higher ground in their night clothes.

"We're staying on high ground because we don't know whether it's going to be the ordinary type or the tidal wave when it comes back tonight. The alert is still on," said Takeshi Shimizu, a shop-owner.

Although water receded from most of Hachinohe, sections up to a half mile wide were still submerged. A coastal railway line was blocked with debris.

Tomigoro Nishimura, a farmer who lives with 10 members of his family at the edge of Hachinohe, said: "The fire siren alerted us 5 or 10 minutes before the wave hit about 4:30 a.m. My family and all the neighbors ran up the hill. The water rushed in a foot over our floor. In just a few minutes it came three times."

Evening found many storekeepers mopping out the last of the water. Muddy streaks across the walls, doors and show windows showed how high the waves had come—in some places four feet.

Japanese soldiers were helping with cleanup work.

The U.S. Air Force shuttled in food and medical supplies by helicopter. Capt. John Barbatto, Brooklyn, N.Y., said his base had offered to supply Aomori prefecture with emergency supplies but was told by the governor that "everything is under control so far."

Flying over the northern coast, newsmen saw debris littering the beaches of nearly all the tiny villages along the inlets of Iwate and Aomori prefectures.

The sea looked green and roiling under a hazy sun. Frothy white breakers were visible from an altitude of 5,000 feet.

Hours after the tidal wave had receded, low inland areas still were inundated.

Here and there, roads just faded away into the water. The waterfront of Obunato was a tangle of debris.

One section of Yamada was still submerged. What looked like rooftops protruded from the water.

"That's a tremendous amount of debris in the water down there. You hardly ever see that much debris," said Lt. M. B. Olson, Alpine, Tex., pilot of a U.S. Air Force plane carrying newsmen above the scene.

Fishing boats grounded at crazy angles were strewn about the waterfront at Hachinohe, a city with a population of 168,000.

## Klumpp Aide Tries Again For Hearing

COLUMBUS, Ohio (AP)—The attorney for Mrs. Edythe M. Klumpp, convicted slayer of her lover's wife, today asked the Ohio Supreme Court for a rehearing of her rejected plea for permission to appeal her conviction.

The high court rejected her plea last Wednesday. Mrs. Klumpp, 42, year-old Cincinnatian, has been sentenced to be electrocuted June 17 at Ohio Penitentiary.

Her attorney, William F. Hopkins, asked the court to grant the rehearing, then delay it until the U.S. Supreme Court reaches a decision on another case which involves one somewhat parallel situation.

Hoskins contends that Prosecutor C. Watson Hover of Hamilton County expressed belief of Mrs. Klumpp's guilt on the basis of evidence not in the trial record. He said that in the U.S. Supreme Court case to which he referred, a lower court has held that such a statement by a prosecutor is unfair and is grounds for reversal.

Hopkins also alleged in his rehearing application that statements made by Mrs. Klumpp before she had an attorney were used against her at her trial for the slaying of Mrs. Louise Bergen, 32. Mrs. Klumpp once admitted she killed Mrs. Bergen, then burned her body the next day at Lake Cowan in Clinton County. Later, she blamed the killing on Mrs. Bergen's husband, William.

## Alaskan Rescue Saga Is Ended

ANCHORAGE, Alaska (AP) — Alaska's mountain rescue saga ended today with the safe arrival here of the last two men stranded on Mt. McKinley since last Tuesday night.

The Whittaker twins of Redmond, Wash.—James and Louis—were taken to the Elmendorf Air Force Base hospital for treatment of minor frostbite.

The Whittakers came down off the mountain under their own power. They were flown by helicopter to a rendezvous with an Air Force plane, which brought them here.

Still on the mountain were 15 to 20 mountain climbers, who took part in the rescue of the Whittakers, two companions and a very ill woman, who had been a member of another climbing party.

### Group Is Appropriate

TRENTON, N.J. (AP) — A bill affecting county maternity hospitals has been referred to the state senate's Labor Committee.

## Hitler Aide Is Captured By Israelis

JERUSALEM (AP) — Israeli legal experts today said the death penalty may be asked for Adolf Eichmann, former Hitler official charged with the extermination of six million Jews.

Israel Monday announced the 54-year-old war criminal's arrest after a hunt of more than 14 years and said he would be tried here. He was brought into a Jaffa court and arraigned.

Premier David Ben-Gurion told Parliament Eichmann would be tried under terms of Israel's law for the trial of Nazis and their collaborators.

The Premier gave no details of the arrest of the man who was a top aide to Heinrich Himmler, boss of the dread Nazi Gestapo. Eichmann vanished in the confusion at the end of the war and was subsequently reported in several Latin American countries, in Australia, in Switzerland and last October in the Middle East. The British hunted for him, and he was also wanted for murder in West Germany.

Although no details were released on Eichmann's arrest it was learned he had been caught in Israel. The Ministry of Justice said he readily admitted his identity and asked for legal counsel.

## Girl Suffers Minor Injury

A passenger suffered a minor injury in a one-car crash on Pickaway - Fairfield County Line Road one mile south of the Stoutsville Pike at 9:30 p. m.

Mary Sue Grubb, 17, of 134 Rosewood Ave., received a laceration of the left ear. She was taken to Berger Hospital.

**The auto was driven by Anne J. Glitt, 17, of 1101 S. Court St. She was not injured.**

Miss Glitt told Deputy Sheriff John Wolford her westbound car struck a culvert and rolled over when she attempted to make a turn onto Route 674.

Deputy Wolford said the windshield and top of the car were damaged.

## Ike, Security Council Huddle

WASHINGTON (AP) — President Eisenhower called his National Security Council into special session today in advance of his report to the nation on the collapse of the summit conference.

So far as his formal appointment calendar showed, Eisenhower was devoting his entire day to the meeting with his top level strategy board and work on the speech he will deliver by radio and television Wednesday night.

Press secretary James C. Hagerty said that in addition to reporting on the summit failure, the radio-TV talk would report "on the future aims and goals of the United States and, indeed, of its allies and also of the free world."

## Soviets Free 9 Americans

### Stray Plane Allowed To Leave E. Germany

WIESBADEN, Germany (AP)—The U.S. Air Force announced that Soviet authorities today freed a C47 that strayed into Communist East Germany last Friday and the nine Americans aboard it.

The Soviet high command in East Germany issued a vigorous protest against the twin-engine transport's flight and declared the American command in West Germany would have to take full responsibility for the incident.

A Soviet statement said the Soviets forced down the plane to protect the frontiers of East Germany as a member of the Warsaw Pact, a Soviet-led Communist military alliance.

The Soviets made no attempt to whip up an international incident over the plane, as they had over the U2 spy plane forced down over the Soviet Union on May Day.

Nor did they follow their usual tactic of trying to force American military authorities to secure release of the plane and its occupants from the Communist East German regime.

In the past, the Soviets referred such matters to the East Germans to force a measure of Western recognition for the satellite regime, with which the Western Allies normally refuse to deal.

But this time the Soviets kept the Americans in their custody and handled the matter with American military authorities themselves.

Five crewmen and four passengers were aboard the plane when it was downed.

The crewmen are Capt. James Palmer Lundy, 41, pilot of Findlay, Ohio; Capt. George A. Jordan, 37, copilot, West Lafayette, Ind.; Capt. William Thomas Frewen, 36, a third pilot, Galveston, Tex.; Sgt. Leon Porter, 26, radio operator, Russellville, Ala.; and Sgt. Chester Kenneth Sleezer, 33, engineer, Galway, Saratoga County, N.Y.

The passengers are Capt. Paul K. McCash, 25, of Atlanta, Ga., a U.S. Air Force doctor; his 24-year old wife, who is a nurse; Airman James P. Garvin, 25, of Woodbine, Iowa; and Airman James A Morrison of Richmond, Va., and Cleveland, Ohio.

## School Year For 1959-60 Nears Finale

Pickaway County and Circleville schools near completion of the 1959-60 school year this week.

**All county schools met in final official classroom sessions today. A county - wide teachers' meeting will be held tomorrow for final reports.**

Grade cards will be distributed to students Thursday to officially cap the school year. Most county high schools completed examinations Friday and commencement exercises dominate the scene this week.

Circleville school system elementary institutions will hold final classroom sessions Friday. Monday is Memorial Day, a holiday. Teachers will complete final reports next Tuesday and report cards will be distributed June 1.

* * *

**CITY HIGH** school senior exams were finished today while lower secondary grade examinations end Friday.

St. Joseph's elementary school classroom activities end Friday. Following Monday's holiday, closing sessions and grade card distributions will be made next Tuesday.

Several county commencement exercises took place last night, with many more scheduled for tonight. Ashville and Circleville commencements finish up graduating exercises Thursday and Friday, respectfully.

Most eighth grade commencements take place this week with St. Joseph's slated as the final exercise on Sunday.

### Athens Countian Held On Bad Check Charges

DETROIT (AP) — An Athens County, Ohio, man is being held in $5,000 bond here today pending trial on bad check charges.

James W. Handa, 37, of Glouster, Ohio, pleaded innocent at his arraignment Monday on charges that he passed a bad check for $89.90 at a Detroit bar Dec. 5.

Detective Sgt. Francis J. Kelly said Handa and two other men passed bad checks totaling $4,000 in Detroit stores. Kelly named the other two as Milo Davis Sr., of Cleveland, held at Akron, Ohio, and his son, Milo Jr., who is sought.

## New Summit Parley Asked

### Small Nations in U.N. To Push Resolution

UNITED NATIONS, N.Y. (AP) —Security Council debate on Soviet spy charges against the United States appeared likely today to produce a call for another try at summit talks with U.N. help.

A resolution sponsored by Argentina, Ceylon, Ecuador and Tunisia would urge the Big Four "to resume discussions as soon as possible." Diplomats at the U.N. believed it would be approved.

A Soviet resolution denouncing U.S. espionage flights over foreign soil was expected to fall short of the seven votes needed for adoption by the 11-nation council.

The four-nation resolution calling for new Big Four talks noted with regret that world hopes for a successful summit meeting had not been fulfilled. It appealed to all U.N. members "to refrain from any action which might increase tensions" and asked continued negotiations on disarmament, nuclear test suspension and prevention of surprise attack.

Finally, it urged the British, French, Soviet and U.S. governments "to resume discussions as soon as possible and to avail themselves of the assistance that the Security Council and other appropriate organs of the United Nations may be able to render to this end."

This proposal will probably be taken up after the Soviet resolution has been voted on.

France, Britain and Argentina were on the speakers' list as the council prepared to continue the debate opened Monday with speeches by Soviet Foreign Minister Andrei Gromyko and U.S. chief delegate Henry Cabot Lodge.

The council picked up where last week's summit conference broke off — in discussion of the American U2 photo-reconnaissance plane downed on May Day near Sverdlovsk in the Soviet Union.

After speaking for an hour, Gromyko introduced his resolution. It would have the council condemn "incursions of United States aircraft into other states," describe them as "aggressive acts" and ask the United States to "prevent their recurrence."

In his 15-minute rebuttal, Lodge recalled that President Eisen-

(Continued on Page 2)

## California Chief To Feel Political Pulse

SACRAMENTO, Calif. (AP — Gov. Edmund G. Brown is going to "walk the main streets of California" to learn for himself whom the people would like to see win the Democratic nomination for president.

The Democratic governor announced plans today for the unusual political safari.

It came on top of arrangements by the California Democratic Council to poll 2,500,000 of the state's 3,600,000 registered Democrats on their presidential preference.

"Polls have their place," Brown said, "but I have long since found that the only way I could really find out what people are thinking is to listen to them myself."

He indicated that his soundings would help guide his slate of delegates to the Democratic National Convention.

Brown said he had decided not to make any formal campaign in behalf of the 81-vote delegation pledged to him as only a nominal candidate.

He is opposed by a rival Democratic slate in the June 7 primary committed to George McLain, Los Angeles pension promoter.

Brown, who used the street corner technique in his 1958 campaign for governor, plans to begin his informal walks in downtown Los Angeles Wednesday morning, and move to Long Beach in the afternoon.

He will make similar appearances elsewhere. His office said no timetable has been arranged but that he would fit the walks into his regular schedule.

## *Spy Plane Probe To Open Friday*

WASHINGTON (AP)—The Senate Foreign Relations Committee voted unanimously today to conduct a "full and bipartisan inquiry" into the spy plane incident and events leading up to the collapse of the summit conference.

The inquiry will get underway Friday at 9:30 a.m. (EST) with testimony from Secretary of State Christian A. Herter.

It will be conducted at closed sessions, but edited transcripts of testimony will be made public after being censored for security reasons.

Sen. J. William Fulbright (D-Ark), committee chairman, expressed surprise in the Senate at what he called a "violent partisan attack" on Sen. John F. Kennedy (D-Mass) and Adlai Stevenson.

Sen. Stephen M. Young (D-Ohio) in another Senate speech called for dismissal of the officials he said were responsible for conflicting U.S. statements about the U2 plane flight.

"Both President Eisenhower and Vice President Nixon were let down by administration officials who proved inadequate to cope with an unexpected misfortune," Young said, and continued: "We, unfortunately, were placed on the defensive, where we should not be. Our President was insulted. Officials of his administration were at fault and caused his discomfiture and frustration.

"Our citizens have not, as yet, fully recovered from the shock to our pride and confidence. When we do, we should take to heart the lesson that in this 20th century, we must have in the White House a full-time president who does not delegate responsibility and leadership."

Like some Republicans in Congress, Gov. Nelson A. Rockefeller of New York said Monday their is a "clear and compelling need to face the facts" of the summit failure. But he cautioned both sides to avoid "a clash of absurd partisan absolutes."

Kennedy, a leading contender for the Democratic presidential nomination, told the Senate that Democrats will continue to discuss and criticize foreign policies of the Eisenhower administration with which they disagree.

"It is our function and responsibility," he said. "We propose to do it. I would think the Democratic party would be unworthy of its opportunities and responsibilities

## Death of Elderly Derby Lady Cleared by Sheriff Radcliff

Several questionable points concerning the death of Mrs. Irene Smith, 79, of near Derby, have been cleared up, Sheriff Charles H. Radcliff announced today.

**The decayed body of Mrs. Smith was found in her home Sunday by Forrest Evans, a nephew. Sheriff Radcliff said some money belonging to the elderly lady was not immediately found. This touched off an investigation by the department.**

The case was cleared yesterday when the money in question was found hidden in an old overshoe placed underneath a small iron safe.

Sheriff Radcliff said three $20 bills Mrs. Smith was known to have could not be found during Sunday's search of the house. The three $20 bills, plus an additional $330 in $10 bills were found in the overshoe.

* * *

**A SON**, Russell Smith of Akron, arrived here yesterday. He and Sheriff Radcliff found the hiding place for the money.

The sheriff said ownership of an unidentified car seen parked at the Smith home May 15 was established. He said the auto belonged to Sharon Pidcock, a niece from near Cincinnati who was visiting Mrs. Smith.

According to the sheriff, Miss Pidcock left her car parked at the Smith house, then traveled to Columbus with a friend.

**Radcliff said one of the last persons to see Mrs. Smith alive was Floyd Mouser, a friend and neighbor who cashed a check for her May 15, using the three $20 bills as partial payment. The sheriff said he planned to get in touch with Mrs. Pidcock today to determine if she talked with Mrs. Smith prior to driving on back to her home.**

The sheriff said the body of Mrs. Smith was badly decayed and that flies had swarmed over her. Funeral services were to be held today instead of yesterday as previously announced.

Arrangements were under direction of the Norris Funeral Home, Grove City.

## Fayette Village Water Rationed

JEFFERSONVILLE, Ohio (AP) —Until the village installs a new pump residents of this northern Fayette County community can use their water taps only seven hours a day.

During the time the water can be used for "essential needs" only, village officials decreed after pressure dropped to a trickle Monday. In an emergency session, the village council and board of public affairs acted to purchase a new pump to increase capacity from the present 80 to 160 gallons per minute.

The critical situation for the village's approximately 1,200 people is caused by increased usage since the present pump was installed in 1937. Until the new pump arrives, the only time water will be available will be from 6 to 8 a.m., 10 a.m. to 1 p.m., and 4 p.m. to 7 p.m.

### Columbus Man, 84, Kills Wife, 85, Self

COLUMBUS, Ohio (AP)—Coroner Robert Evans ruled homicide-suicide in the shooting deaths Monday of William E. Mettle, 84, and his wife, Harriet, 85.

Dr. Evans said Mettle shot his wife in the head with a .38 caliber revolver, then put a bullet through his own brain.

The couple's bodies were found in their Columbus home by a housekeeper, who had been gone from the house only seven minutes.

### Hospital Posey Thief, Posey Land in Jail

GEORGETOWN, Ohio (AP — Joseph Durham, 22, and a potted plant landed in county jail after a police chase from Brown county Hospital.

Durham was accused of taking the plant from the hospital lobby.

The hospital matron called later to make sure police were watering the plant.

## Device To Give Quick Warning

### 'Midas' Constantly Looking for Attack

CAPE CANAVERAL, Fla. (AP) —The United States today rocketed an experimental Midas "spy in the sky" satellite toward an orbit about the earth. Midas' mission is to provide almost instant warning of a ballistic missile attack.

The launching, coinciding with the United Nations spy plane debate, underscored a United States desire to develop measures to protect the free world from surprise aggression.

A powerful Atlas-Agena rocket boosted the 5,000-pound satellite aloft at 12:37 p.m. EST, the entire Agena second stage, 22 feet long and 5 feet in diameter, was intended to go into orbit in a nose-down position. The instruments are located in the nose.

The 88-foot rocket climbed smoothly into a clear sky on the 360,000 pounds of thrust generated by the Atlas booster.

Because of a low orbit of 150-200 miles was sought the vehicle arched quickly toward the southeast. The bright flame of its first stage engine was visible for more than three minutes before vanishing high in the sky.

The Air Force, which conducted the launching, emphasized that this is only a test vehicle—a forerunner of a series of satellites planned to spin about the earth on constant patrol for enemy missile activity. They will carry infra red sensing devices to spot the heat trail of a hostile rocket as it is fired.

The alarm would be flashed immediately to the United States, which then would have about 30 minutes to brace for nuclear bombardment, to send retaliatory planes and rockets on the way, and to get as many people as possible into shelters.

The launching is almost certain to have repercussions in the U.N. debate. The Soviet Union demanded Monday that the U.N. condemn the United States as an aggressor for spying on Russian territory with the U2 plane down on May Day.

Midas and a sister satellite system, Samos, will extend high al-

(Continued on Page 2)

## Second Finch Trial Is Delayed

LOS ANGELES (AP) — The opening of the second Finch-Tregoff murder trial proved to be just a preview.

Carole Tregoff, 23, slim and chic, and her lover, Dr. R. Bernard Finch, 42, were on hand Monday. But the trial was recessed until Thursday so the state supreme court can rule on whether the defense can challenge the new judge as prejudiced.

The state contends that Carole, an ex-model, and her wealthy lover ambushed the doctor's wife, Barbara, 36, last July. Their first trial ended in a hung jury after three months of often lurid testimony.

Carole's attorneys claimed, without specifying why, that Superior Court Judge Leroy Dawson is prejudiced. He denied it and the attorneys appealed.

### 375 Deaths Predicted

CHICAGO (AP)—The National Safety Council says as many as 375 persons may die on the nation's highways during the three-day Memorial Day holiday.

**RETRIAL BEGINS — Carol Tregoff talks with attorney Donald Bringgold as her retrial and that of Dr. Bernard Finch opens in Los Angeles. Judge Leroy Dawson turned down pleas that she be tried separately. The first trial of Miss Tregoff and Doctor Finch on charges of killing the doctor's wife ended in a hung jury.**

## Alaskan Rescue Saga Is Ended

ANCHORAGE, Alaska (AP) — Alaska's mountain rescue saga ended today with the safe arrival here of the last two men stranded on Mt. McKinley since last Tuesday night.

The Whittaker twins of Redmond, Wash.—James and Louis—were taken to the Elmendorf Air Force Base hospital for treatment of minor frostbite.

The Whittakers came down off the mountain under their own power. They were flown by helicopter to a rendezvous with an Air Force plane, which brought them here.

Still on the mountain were 15 to 20 mountain climbers, who took part in the rescue of the Whittakers, two companions and a very ill woman, who had been a member of another climbing party.

### Group Is Appropriate

TRENTON, N.J. (AP) — A bill affecting county maternity hospitals has been referred to the state senate's Labor Committee.

## Hitler Aide Is Captured By Israelis

JERUSALEM (AP) — Israeli legal experts today said the death penalty may be asked for Adolf Eichmann, former Hitler official charged with the extermination of six million Jews.

Israel Monday announced the 54-year-old war criminal's arrest after a hunt of more than 14 years and said he would be tried here. He was brought into a Jaffa court and arraigned.

Premier David Ben-Gurion told Parliament Eichmann would be tried under terms of Israel's law for the trial of Nazis and their collaborators.

The Premier gave no details of the arrest of the man who was a top aide to Heinrich Himmler, boss of the dread Nazi Gestapo. Eichmann vanished in the confusion at the end of the war and was subsequently reported in several Latin American countries, in Australia, in Switzerland and last October in the Middle East. The British hunted for him, and he was also wanted for murder in West Germany.

Although no details were released on Eichmann's arrest it was learned he had been caught in Israel. The Ministry of Justice said he readily admitted his identity and asked for legal counsel.

## Girl Suffers Minor Injury

A passenger suffered a minor injury in a one-car crash on Pickaway - Fairfield County Line Road one mile south of the Stoutsville Pike at 9:30 p. m.

Mary Sue Grubb, 17, of 134 Rosewood Ave., received a laceration of the left ear. She was taken to Berger Hospital.

**The auto was driven by Anne J. Glitt, 17, of 1101 S. Court St. She was not injured.**

Miss Glitt told Deputy Sheriff John Wolford her westbound car struck a culvert and rolled over when she attempted to make a turn onto Route 674.

Deputy Wolford said the windshield and top of the car were damaged.

## Ike, Security Council Huddle

WASHINGTON (AP) — President Eisenhower called his National Security Council into special session today in advance of his report to the nation on the collapse of the summit conference.

So far as his formal appointment calendar showed, Eisenhower was devoting his entire day to the meeting with his top level strategy board and work on the speech he will deliver by radio and television Wednesday night.

Press secretary James C. Hagerty said that in addition to reporting on the summit failure, the radio-TV talk would report "on the future aims and goals of the United States and, indeed, of its allies and also of the free world."

## Soviets Free 9 Americans

### Stray Plane Allowed To Leave E. Germany

WIESBADEN, Germany (AP)—The U.S. Air Force announced that Soviet authorities today freed a C47 that strayed into Communist East Germany last Friday and the nine Americans aboard it.

The Soviet high command in East Germany issued a vigorous protest against the twin-engine transport's flight and declared the American command in West Germany would have to take full responsibility for the incident.

A Soviet statement said the Soviets forced down the plane to protect the frontiers of East Germany as a member of the Warsaw Pact, a Soviet-led Communist military alliance.

The Soviets made no attempt to whip up an international incident over the plane, as they had over the U2 spy plane forced down over the Soviet Union on May Day.

Nor did they follow their usual tactic of trying to force American military authorities to secure release of the plane and its occupants from the Communist East German regime.

In the past, the Soviets referred such matters to the East Germans to force a measure of Western recognition for the satellite regime, with which the Western Allies normally refuse to deal.

But this time the Soviets kept the Americans in their custody and handled the matter with American military authorities themselves.

Five crewmen and four passengers were aboard the plane when it was downed.

The crewmen are Capt. James Palmer Lundy, 41, pilot of Findlay, Ohio; Capt. George A. Jordan, 37, copilot, West Lafayette, Ind.; Capt. William Thomas Frewen, 36, a third pilot, Galveston, Tex.; Sgt. Leon Porter, 26, radio operator, Russellville, Ala.; and Sgt. Chester Kenneth Sleezer, 33, engineer, Galway, Saratoga County, N.Y.

The passengers are Capt. Paul K. McCash, 25, of Atlanta, Ga., a U.S. Air Force doctor; his 24-year old wife, who is a nurse; Airman James P. Garvin, 25, of Woodbine, Iowa; and Airman James A Morrison of Richmond, Va., and Cleveland, Ohio.

## School Year For 1959-60 Nears Finale

Pickaway County and Circleville schools near completion of the 1959-60 school year this week.

**All county schools met in final official classroom sessions today. A county - wide teachers' meeting will be held tomorrow for final reports.**

Grade cards will be distributed to students Thursday to officially cap the school year. Most county high schools completed examinations Friday and commencement exercises dominate the scene this week.

Circleville school system elementary institutions will hold final classroom sessions Friday. Monday is Memorial Day, a holiday. Teachers will complete final reports next Tuesday and report cards will be distributed June 1.

* * *

**CITY HIGH** school senior exams were finished today while lower secondary grade examinations end Friday.

St. Joseph's elementary school classroom activities end Friday. Following Monday's holiday, closing sessions and grade card distributions will be made next Tuesday.

Several county commencement exercises took place last night, with many more scheduled for tonight. Ashville and Circleville commencements finish up graduating exercises Thursday and Friday, respectfully.

Most eighth grade commencements take place this week with St. Joseph's slated as the final exercise on Sunday.

### Athens Countian Held On Bad Check Charges

DETROIT (AP) — An Athens County, Ohio, man is being held in $5,000 bond here today pending trial on bad check charges.

James W. Handa, 37, of Glouster, Ohio, pleaded innocent at his arraignment Monday on charges that he passed a bad check for $89.90 at a Detroit bar Dec. 5.

Detective Sgt. Francis J. Kelly said Handa and two other men passed bad checks totaling $4,000 in Detroit stores. Kelly named the other two as Milo Davis Sr., of Cleveland, held at Akron, Ohio, and his son, Milo Jr., who is sought.

## New Summit Parley Asked

### Small Nations in U.N. To Push Resolution

UNITED NATIONS, N.Y. (AP) —Security Council debate on Soviet spy charges against the United States appeared likely today to produce a call for another try at summit talks with U.N. help.

A resolution sponsored by Argentina, Ceylon, Ecuador and Tunisia would urge the Big Four "to resume discussions as soon as possible." Diplomats at the U.N. believed it would be approved.

A Soviet resolution denouncing U.S. espionage flights over foreign soil was expected to fall short of the seven votes needed for adoption by the 11-nation council.

The four-nation resolution calling for new Big Four talks noted with regret that world hopes for a successful summit meeting had not been fulfilled. It appealed to all U.N. members "to refrain from any action which might increase tensions" and asked continued negotiations on disarmament, nuclear test suspension and prevention of surprise attack.

Finally, it urged the British, French, Soviet and U.S. governments "to resume discussions as soon as possible and to avail themselves of the assistance that the Security Council and other appropriate organs of the United Nations may be able to render to this end."

This proposal will probably be taken up after the Soviet resolution has been voted on.

France, Britain and Argentina were on the speakers' list as the council prepared to continue the debate opened Monday with speeches by Soviet Foreign Minister Andrei Gromyko and U.S. chief delegate Henry Cabot Lodge.

The council picked up where last week's summit conference broke off — in discussion of the American U2 photo-reconnaissance plane downed on May Day near Sverdlovsk in the Soviet Union.

After speaking for an hour, Gromyko introduced his resolution. It would have the council condemn "incursions of United States aircraft into other states," describe them as "aggressive acts" and ask the United States to "prevent their recurrence."

In his 15-minute rebuttal, Lodge recalled that President Eisen-

(Continued on Page 2)

## California Chief To Feel Political Pulse

SACRAMENTO, Calif. (AP — Gov. Edmund G. Brown is going to "walk the main streets of California" to learn for himself whom the people would like to see win the Democratic nomination for president.

The Democratic governor announced plans today for the unusual political safari.

It came on top of arrangements by the California Democratic Council to poll 2,500,000 of the state's 3,600,000 registered Democrats on their presidential preference.

"Polls have their place," Brown said, "but I have long since found that the only way I could really find out what people are thinking is to listen to them myself."

He indicated that his soundings would help guide his slate of delegates to the Democratic National Convention.

Brown said he had decided not to make any formal campaign in behalf of the 81-vote delegation pledged to him as only a nominal candidate.

He is opposed by a rival Democratic slate in the June 7 primary committed to George McLain, Los Angeles pension promoter.

Brown, who used the street corner technique in his 1958 campaign for governor, plans to begin his informal walks in downtown Los Angeles Wednesday morning, and move to Long Beach in the afternoon.

He will make similar appearances elsewhere. His office said no timetable has been arranged but that he would fit the walks into his regular schedule.

## Spy Plane Probe To Open Friday

WASHINGTON (AP)—The Senate Foreign Relations Committee voted unanimously today to conduct a "full and bipartisan inquiry" into the spy plane incident and events leading up to the collapse of the summit conference.

The inquiry will get underway Friday at 9:30 a.m. (EST) with testimony from Secretary of State Christian A. Herter.

It will be conducted at closed sessions, but edited transcripts of testimony will be made public after being censored for security reasons.

Sen. J. William Fulbright (D-Ark), committee chairman, expressed surprise in the Senate at what he called a "violent partisan attack" on Sen. John F. Kennedy (D-Mass) and Adlai Stevenson.

Sen. Stephen M. Young (D-Ohio) in another Senate speech called for dismissal of the officials he said were responsible for conflicting U.S. statements about the U2 plane flight.

"Both President Eisenhower and Vice President Nixon were let down by administration officials who proved inadequate to cope with an unexpected misfortune," Young said, and continued: "We, unfortunately, were placed on the defensive, where we should not be. Our President was insulted. Officials of his administration were at fault and caused his discomfiture and frustration.

"Our citizens have not, as yet, fully recovered from the shock to our pride and confidence. When we do, we should take to heart the lesson that in this 20th century, we must have in the White House a full-time president who does not delegate responsibility and leadership."

Like some Republicans in Congress, Gov. Nelson A. Rockefeller of New York said Monday their is a "clear and compelling need to face the facts" of the summit failure. But he cautioned both sides to avoid "a clash of absurd partisan absolutes."

Kennedy, a leading contender for the Democratic presidential nomination, told the Senate that Democrats will continue to discuss and criticize foreign policies of the Eisenhower administration with which they disagree.

"It is our function and responsibility," he said. "We propose to do it. I would think the Democratic party would be unworthy of its opportunities and responsibilities

(Continued on Page 2)

## Death of Elderly Derby Lady Cleared by Sheriff Radcliff

Several questionable points concerning the death of Mrs. Irene Smith, 79, of near Derby, have been cleared up, Sheriff Charles H. Radcliff announced today.

**The decayed body of Mrs. Smith was found in her home Sunday by Forrest Evans, a nephew. Sheriff Radcliff said some money belonging to the elderly lady was not immediately found. This touched off an investigation by the department.**

The case was cleared yesterday when the money in question was found hidden in an old overshoe placed underneath a small iron safe.

Sheriff Radcliff said three $20 bills Mrs. Smith was known to have could not be found during Sunday's search of the house. The three $20 bills, plus an additional $330 in $10 bills were found in the overshoe.

* * *

**A SON**, Russell Smith of Akron, arrived here yesterday. He and Sheriff Radcliff found the hiding place for the money.

The sheriff said ownership of an unidentified car seen parked at the Smith home May 15 was established. He said the auto belonged to Sharon Pidcock, a niece from near Cincinnati who was visiting Mrs. Smith.

According to the sheriff, Miss Pidcock left her car parked at the Smith house, then traveled to Columbus with a friend.

**Radcliff said one of the last persons to see Mrs. Smith alive was Floyd Mouser, a friend and neighbor who cashed a check for her May 15, using the three $20 bills as partial payment. The sheriff said he planned to get in touch with Mrs. Pidcock today to determine if she talked with Mrs. Smith prior to driving on back to her home.**

The sheriff said the body of Mrs. Smith was badly decayed and that flies had swarmed over her. Funeral services were to be held today instead of yesterday as previously announced.

Arrangements were under direction of the Norris Funeral Home, Grove City.

### 375 Deaths Predicted

CHICAGO (AP)—The National Safety Council says as many as 375 persons may die on the nation's highways during the three-day Memorial Day holiday.

## Fayette Village Water Rationed

JEFFERSONVILLE, Ohio (AP) —Until the village installs a new pump residents of this northern Fayette County community can use their water taps only seven hours a day.

During the time the water can be used for "essential needs" only, village officials decreed after pressure dropped to a trickle Monday. In an emergency session, the village council and board of public affairs acted to purchase a new pump to increase capacity from the present 80 to 160 gallons per minute.

The critical situation for the village's approximately 1,200 people is caused by increased usage since the present pump was installed in 1937. Until the new pump arrives, the only time water will be available will be from 6 to 8 a.m., 10 a.m. to 1 p.m., and 4 p.m. to 7 p.m.

### Columbus Man, 84, Kills Wife, 85, Self

COLUMBUS, Ohio (AP)—Coroner Robert Evans ruled homicide-suicide in the shooting deaths Monday of William E. Mettle, 84, and his wife, Harriet, 85.

Dr. Evans said Mettle shot his wife in the head with a .38 caliber revolver, then put a bullet through his own brain.

The couple's bodies were found in their Columbus home by a housekeeper, who had been gone from the house only seven minutes.

### Hospital Posey Thief, Posey Land in Jail

GEORGETOWN, Ohio (AP — Joseph Durham, 22, and a potted plant landed in county jail after a police chase from Brown county Hospital.

Durham was accused of taking the plant from the hospital lobby.

The hospital matron called later to make sure police were watering the plant.

## Device To Give Quick Warning

### 'Midas' Constantly Looking for Attack

CAPE CANAVERAL, Fla. (AP) —The United States today rocketed an experimental Midas "spy in the sky" satellite toward an orbit about the earth. Midas' mission is to provide almost instant warning of a ballistic missile attack.

The launching, coinciding with the United Nations spy plane debate, underscored a United States desire to develop measures to protect the free world from surprise aggression.

A powerful Atlas-Agena rocket boosted the 5,000-pound satellite aloft at 12:37 p.m. EST, the entire Agena second stage, 22 feet long and 5 feet in diameter, was intended to go into orbit in a nose-down position. The instruments are located in the nose.

The 88-foot rocket climbed smoothly into a clear sky on the 360,000 pounds of thrust generated by the Atlas booster.

Because of a low orbit of 150-200 miles was sought the vehicle arched quickly toward the southeast. The bright flame of its first stage engine was visible for more than three minutes before vanishing high in the sky.

The Air Force, which conducted the launching, emphasized that this is only a test vehicle—a forerunner of a series of satellites planned to spin about the earth on constant patrol for enemy missile activity. They will carry infra red sensing devices to spot the heat trail of a hostile rocket as it is fired.

The alarm would be flashed immediately to the United States, which then would have about 30 minutes to brace for nuclear bombardment, to send retaliatory planes and rockets on the way, and to get as many people as possible into shelters.

The launching is almost certain to have repercussions in the U.N. debate. The Soviet Union demanded Monday that the U.N. condemn the United States as an aggressor for spying on Russian territory with the U2 plane down on May Day.

Midas and a sister satellite system, Samos, will extend high al-

(Continued on Page 2)

## Second Finch Trial Is Delayed

LOS ANGELES (AP) — The opening of the second Finch-Tregoff murder trial proved to be just a preview.

Carole Tregoff, 23, slim and chic, and her lover, Dr. R. Bernard Finch, 42, were on hand Monday. But the trial was recessed until Thursday so the state supreme court can rule on whether the defense can challenge the new judge as prejudiced.

The state contends that Carole, an ex-model, and her wealthy lover ambushed the doctor's wife, Barbara, 36, last July. Their first trial ended in a hung jury after three months of often lurid testimony.

Carole's attorneys claimed, without specifying why, that Superior Court Judge Leroy Dawson is prejudiced. He denied it and the attorneys appealed.

**RETRIAL BEGINS — Carol Tregoff talks with attorney Donald Bringgold as her retrial and that of Dr. Bernard Finch opens in Los Angeles. Judge Leroy Dawson turned down pleas that she be tried separately. The first trial of Miss Tregoff and Doctor Finch on charges of killing the doctor's wife ended in a hung jury.**

## Stoutsville Man Is Granted Parole

Fred E. Greeno, 20, Stoutsville, has been granted a parole from Mansfield Reformatory, effective June 22.

Greeno was sentenced to Mansfield June 23, 1959, following violation of probation. He was placed on probation after being convicted in the traffic death of Larry Hiles.

Hiles was a passenger in Greeno's car which struck a concrete abutment in Pickaway County Aug. 11, 1957. According to testimony, Greeno was speeding.

### Directors To Meet

The Pickaway County Chapter of the American Red Cross executive board meeting will be at 8 p. m. tomorrow in the executive secretary's office, 114½ N. Court St.

## MARKETS

**CIRCLEVILLE HOG MARKETS**

Hog prices, all net, were reported by the Pickaway Livestock Co-op Association here today as follows:

190-220 lbs., $17.25; 220-240 lbs., $16.60; 240-260 lbs., $16.10; 260-280 lbs., $15.60; 280-300 lbs., $15.10; 300-350 lbs., $14.60; 350-400 lbs., $14.10; 180-190 lbs., $16.85; 160-180 lbs., $15.85; Sows, $13.50 down.

CASH prices paid to farmers in Circleville:

| | |
|---|---|
| Eggs | .23 |
| Light Hens | .10 |
| Heavy Hens | .21 |
| Young Roosters | .18 |
| Old Roosters | .06 |
| Butter | .68 |

**COLUMBUS**

COLUMBUS, Ohio (AP)—Hogs (85 central and western Ohio markets reporting to Ohio Dept. of Agri.) — 8,610 estimated, mostly steady with Monday on butcher hogs and sows. No 2 average good butchers 190-220 lbs 17.00 - 17.25; graded No 1 meat types 190-220 lbs 17.50-17.75; sows under 350 lbs 13.25-14.00, over 350 lbs 11.25-13.00. Ungraded butcher hogs 160-190 lbs 14.25-17.00; 220-240 lbs 16.50-16.75; 240-260 lbs 16.00-16.25; 260-280 lbs 15.50-15.75; 280-300 lbs 15.00-15.25; over 300 lbs 14.50-14.75.

Cattle (from Columbus Producers Livestock Co-operative Assn.) —Steady. Slaughter steers and yearlings: Choice 26.00-29.80; good 23.00-26.00; standard 20.50 - 23.00; utility 18.50-20.00. Butcher stock: Choice heifers 24.00 - 25.60; good 22.50-24.00; standard 20.00 - 22.50; utility 18.50 - 20.00; commercial bulls 19.00-22.00; utility 18.00-19.00. Cows: Standard and commercial 17.0-18.70; utility 15.50-17.00; canners and cutters 15.50 down. Stockers and feeders: Choice 20.00-25.50; good 22.00-25.50.

Veal calves—Steady; choice and prime veals 30.00-35.00; choice and good 24.00 - 30.00; standard and good 19.50-24.00; utility 16.50 down.

Sheep and lambs—Steady; strictly choice 21.75-23.00; good and choice 19.50 - 21.75; commercial and good 13.00-19.50; cull and utility 5.00-11.00; slaughter sheep 6.50 down.

**CHICAGO**

CHICAGO (AP)—(USDA)—Hogs 7,500; butchers mostly steady; few strong; mixed lots 1-2 190-225 lb butchers sorted for weight and grade 17.25-17.50; around 300 head at 17.50; mixed lots 1-3 and 2-3 190-230 lbs 16.75-17.25; scattered lots mixed 2-3 and 3s 210-240 lbs 16.25-16.85; few lots mixed 1-2 and 2s 220-250 lbs 16.25-17.25; mixed 2-3 and 3s 240-260 lbs 15.75-16.50; 2-3 and 3s 260-280 lbs 15.50-16.25; few lots mixed 2-3 and 3s 280-325 lbs 15.00-15.75; mixed 2-3 and 3s 300-400 lb sows 13.50-14.50; 400-550 lbs mostly 12.75-13.50.

Sheep 1,000; shorn slaughter lambs strong; choice and prime shorn lambs 98-105 lbs with No. 1 and 2 pelts 21.75-22.25, 300 head 105 lbs at the latter price; thirty-one head mostly prime 106 lbs with fall shorn pelts 22.50; good and choice 19.50-21.00; choice and prime spring lambs 90-96 lbs 25.00-26.00; good 72-88 lbs 24.00-24.50; slaughter ewes 7.00 down.

## 'Rocky' Calls For Debate on Summit Flop

NEW YORK (AP)—Republican Gov. Nelson A. Rockefeller has called for a national debate, free of political partisanship, on why the summit conference failed.

He said Monday Republicans and Democrats both were duty bound to "speak and act with a frankness and a responsibility transcending the conventional restraints and formulas of partisan behavior."

By implication, the governor's statement was an endorsement of Democrat Adlai E. Stevenson's call last week for a full discussion of the summit failure in Paris.

But it was also a rebuke to any who might seek political advantage from the collapse.

"I fervently hope," said Rockefeller," that the Democratic party in its proper desire to get at the facts, will not engage in any shallow partisan effort to assign all error to its adversaries, all wisdom to itself.

"I hope—no less fervently for being a Republican—that Republicans will not try to disguise the present situation for equally partisan reasons. For it would be false and frivolous—and ultimately damaging to both nation and party—to dismiss sober criticism of specific American conduct as a peril to national unity."

The statement came less than 48 hours before a scheduled meeting of New York GOP leaders at Albany to consider their course at the Republican National Convention in July.

Among the items to be discussed is whether Rockefeller's name should be entered for the party's presidential nomination.

## Local Jaycees At Convention

Eighteen Circleville Junior Chamber of Commerce members and their wives attended the Ohio Jaycee Convention held in Cincinnati last weekend.

**Jack Rament, Painesville, was named 1960-61 State President, defeating three other candidates after three ballots. He was elected to succeed Robert Hershey, Orville, last year's head.**

Rex Kieffer, Zanesville, was elected internal vice president and Richard Croyle was named external vice president, Thomas Bower, Waverly, was named 12th District vice president, of which Circleville is a part.

Those attending from here were Mr. and Mrs. Donald R. Crist, Mr. and Mrs. William D. Clifton, Mr. and Mrs. William A. Stout, Mr. and Mrs. Donald E. Hill, Mr. and Mrs. Jack Alkire;

* * *

**MR. AND** Mrs. John Fissell; Mr. and Mrs. Richard W. Fullen, Ronald Culp, Ned Schreiner, Donald Christianson and Dr. William Speakman.

Crist, Clifton and Stout were local chapter delegates. The Convention was held in the Netherland Hilton Hotel.

## County Relief Totals $7,409

Pickaway County general relief totaled $7,409.41 during April, according to the monthly report of the County Welfare Department.

Persons and families on poor relief received $3,972.41 in home care and $3,437 in hospital and medical care.

**General relief was down $5,496.25 from the same month as last year when a record $12,905.66 was alloted to the county's indigent. April relief was $120.75 less than that spent in April, 1958.**

The April case load was 125 or 33 less than April, 1959 and 34 less than that of the same month in 1958.

Welfare Director Miss Pauline Roese announced that general relief was down 70 per cent due to the large sums necessarily alloted thus far this year. She said that neighboring Hocking County had dropped to 60 per cent relief.

## Tidal Wave

(Continued from Page 1)

dawn, killing three Okinawan villagers, ripping boats from their moorings and dumping tons of salt water on rice crops. No casualties were reported among the American occupation forces on Oinawa.

The toll soared in southern and central Chile, victim of three days of earthquakes and the first tidal wave. By Monday night 400 persons were reported dead, 800 missing and about 1,600 injured, and many stricken sectors still had not been heard from.

Six hundred persons were reported missing on one Chilean town, Queule. A Santiago newspaper reported tidal waves as high as 24 feet had washed over some towns.

Thousands of panic-stricken villagers on the Philippine east coast fled to higher ground, and at least three provinces reported towns under water. But there were no immediate reports of casualties.

A wave peak of 15 feet was recorded at one point on the east coast of New Zealand. Dozens of small boats were swept away. Harbor storage sheds were lifted from their foundations. Seaside roads and gardens were flooded.

A running four-foot tide hit eastern Australia, ripping dozens of small craft and barges from their moorings in Sydney Harbor and washing away maritime beacons.

High tides also battered the north Formosa port of Keelung and broke up a timber raft which collapsed a 75-foot bridge spanning a canal.

The California coast was hit from Los Angeles to Oregon. Three persons were reported injured at Crescent City, in Northern California, where a wave pushed water three blocks into the town.

A wave 12½ feet high rolled in at Crescent City at 12:07 a. m. (PDT) today, smashing two fishing boats against the dock and flooding the dockside area with debris. Two other fishing boats were capsized.

Damage was most extensive in the Los Angeles-Long Beach and San Diego areas. The Los Angeles-Long Beach harbor was closed to all shipping because of drifting debris and floating small craft, torn from moorings. The Coast Guard estimated 30 small boats were sunk and possibly 400 damaged.

Far to the north, a 14-15 foot wave rolled against Montague Island, near Cordova, Alaska, injuring several persons and causing some damage.

## Device To Give

(Continued from Page 1)

titude spying deeper into space.

Samos is a reconnaissance satellite designed to photograph troop installations and movements, airfields, war plants and missile bases. Once Samos detects enemy missile, sites, Midas will keep an eye on them for signs of a firing. Both are expected to be whriling over the Soviet Union by the end of the year, with a fully system in operation by 1962.

The Midas launched today was not aimed at a course which would take it over Russia. Its practice assignment was to test its detection equipment on a giant flare to be set off at Edwards Air Force Base, Calif., and on missiles fired at Cape Canaveral and Vandenberg Air Force Base, Calif.

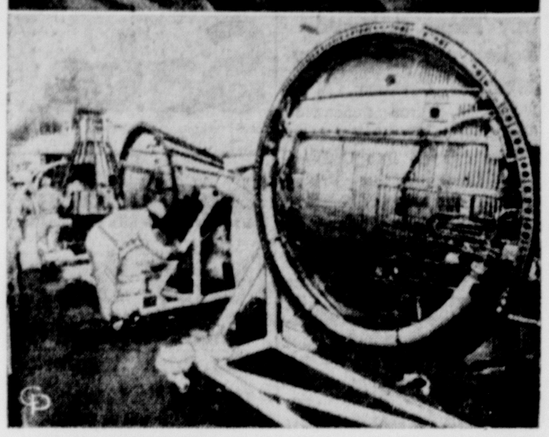
The plan was to ignite the flare on the ground at Edwards in a few days. Brighter than any missile exhaust, the flare will be visible at a distance of 50 miles from the base the Air Force said.

Midas will be able to differentiate between missile and other heat-producing sources.

This was the second attempt to launch a Midas test satellite. The first try failed Feb. 26 because of the explosion of two small reverse rockets designed to help separate the two stages.

### Monty Visits Red China

TOKYO (AP) — Field Marshal Viscount Montgomery arrived in Peiping today to probe Communist China's role in world affairs. He was greeted at the airport by Gen. Wang Shu-sheng, vice minister of national defense.



**MAN'S SPACE FLIGHT IS DRAWING NEARER**—While Capt. William Lane of Gadsden, Ala., spent his 13th day locked in a flight station in the Lockheed Human Factors Research laboratory in Marietta, Ga., the first photo of the production line of the Project Mercury space capsule was released in St. Louis. Captain Lane, of the Strategic Air Command, Eglin Air Force Base, Fla., was photographed through a one-way mirror without his knowledge as he worked on space-travel type problems. His reactions were recorded.

## Spy Plane Probe

(Continued from Page 1)

if it did not fulfill that function."

Kennedy called Sen. Hugh Scott (R-Pa) to account for suggesting that he and Stevenson, a possible rival for the nomination, ought to "relieve themselves of the gross suspicion of appeasement" because of their statements on the conference breakdown.

Kennedy conceded that, in replying to a question at a Portland, Ore., political rally, he had said it might have been possible for President Eisenhower to have met Soviet Premier Nikita Khrushchev's demand for an apology for the plane incident.

But he said he had immediately added that if Khrushchev had merely asked the President to express regret "that might have been a more reasonable term."

"I do not have to purge myself of any suspicion of appeasement," Kennedy told Scott tartly. "No one deduced from my statement that I wanted the President to apologize to Khrushchev."

Kennedy said the spy plane incident "has destroyed the chances of a successful summit. It has destroyed the prestige of the President in the eyes of the Russian people. It has given the impression that the President does not dominate some of the military or some of his intelligence officers.

"So I would have expressed regret. That does not make me in any way a party to appeasement.

"I have never abused the President personally. I do not advocate a policy which I think would weaken the United States."

The criticism of Stevenson stemmed from a purported interview with him published in the French newspaper French-Presse just before the date of the summit meeting. It quoted him as favoring concessions on Berlin, reduction of American forces there and a pullback and cutback in both East and West forces in central Europe.

Senate Republican Leader Everett M. Dirksen of Illinois said the published interview may have helped torpedo the summit meeting.

Stevenson, who had at first denied giving the interview, said he had talked with the French reporter but contended the reporter "evidently confused discussion with opinion." Stevenson added, "What he reports me as saying have, of course, never been my views and are not my views today."

Scott insisted he hadn't called either Kennedy or Stevenson an appeaser, and after lengthy wrangling said he was willing to abide by Kennedy's interpretation of his own statement.

## Juvenile Court Sentences Youth

The Pickaway County Juvenile Court Saturday placed Allen Eugene Davis, 19, S. Court St., on probation for taking indecent liberties with an 11-year-old youth.

Davis originally was sentenced to six months in the County Jail. The sentence was deferred and he was placed on probation until he is 21-years-of-age.

County Juvenile Officer Ralph Starkey filed the affidavit against Davis. He was arrested Wednesday by city police.

Davis admitted propositioning the youth, offering him 50 cents to permit him to take indecent liberties. He said the act was committed at 9:30 p. m. Wednesday near the Southend Playground. Starkey and Police Sgt. Leroy Hawkes interrogated the youth.

## Akron Area Auto Crash Fatal to 4

AKRON, Ohio (AP)—Four persons were killed and four others seriously injured today in a two-car crash east of Macedonia on Ohio 82 in Summit County.

Dead are Donald P. Hoverland, 27, of Twinsburg, his wife, Mary, their one-year-old son, Robert H., and Leroy R. Rivers, 28, of Cleveland, driver of the second car.

In serious condition was another son of the Hoverlands, Tommy, 4.

The Highway Patrol reported three persons from the other car were in critical condition—Eugene Brown, 25, Roberta Gibbs, 22, and Beverly Fayne, 22, all of Cleveland.

The patrol said the Hoverland car was making a left turn when the Rivers car hit it. The Overland car was slammed back 220 feet.

## Scientific Stocks Show Wide Gains

NEW YORK (AP)—A few of the "science" stocks made some wide moves in a mixed and uncertain stock market early this afternoon. Trading was moderately active.

Key stocks showed gains or losses of fractions to about a point. Moves of several points were made by some "glamour" issues.

Electronics and space age defense stocks were as irregular as the rest of the market. Steels were mainly lower as steel production headed for one of its sharpest drops of the year.

Wall Street analysts saw the market as undergoing another consolidation phase following last week's turbulent action.

Texas Instruments was ahead about 7 points then cut the gain to about 3. Polaroid ran up about 4. Zenith added a couple of points. Litton Industries rose about a point.

Thiokol continued to back away, dropping a fraction. Raytheon and Sperry Rand were off slightly. Motorola, up 9½ Monday, erased an early 1-point gain and showed a net loss of a fraction. American Machine & Foundry and Decca Records advanced about a point each.

U.S. Steel gyrated between losses ranging from a fraction to more than a point. Bethlehem was about a point lower.

General Motors dropped a fraction and DuPont dropped about a point in further reaction to news the Supreme Court has agreed to review the decision permitting DuPont to retain its GM stock holdings.

General Instrument had a sharp rise in earnings and advanced about 2. Union Carbide and Schering gained more than a point. Goodyear, International Harvester and Montgomery Ward dropped more than a point each.

The Dow Jones industrial average at noon was off .49 at 623.17.

The Associated Press average of 60 stocks at noon was off .10 at 216.10 with the industrials up .30, the rails off .10 and the utilities off .40.

Corporate bonds drifted lower in slow trading.

U.S. government bonds edged off in quiet dealings.

### Crossing Week Set

COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle has proclaimed this week as "Railroad Grade Crossing Safety Week" in Ohio. The designation alerts motorists to slow down, look and listen at grade crossings to avoid accidents.

**SECOND TRIAL**—Already under sentence to life imprisonment for the slaying of a Miami, Fla., woman in West Palm Beach, Dennis Whitney, 17, of North Hollywood, Calif., is back in Miami to stand trial on another first degree murder charge. He allegedly confessed to the slaying of seven persons.

## New Summit

(Continued from Page 1)

hower had announced suspension of such flights "not to be resumed."

Lodge charged that Gromyko went "deliberately contrary to fact" when he contended such flights were U.S. government policy.

The United States had only been trying "to secure information in advance of possible further Communist assaults" like those in Korea and Hungary, Lodge said.

"If the free world failed to protect itself against such a danger, it would be inviting destruction," he declared.

Lodge renewed Eisenhower's 1955 summit conference offer for mutual U.S.-Soviet exchange of aerial inspection against surprise attack.

"I am authorized to say," he declared, "that the United States is prepared to negotiate an open skies treaty with the Soviet Union . . . which would obviate forever the necessity of such measures of self-protection."

## David Mader Is Promoted

David R. Mader, son of Mr. and Mrs. Link M. Mader, 304 S. Pickaway St., has been appointed manager of labor relations for Alcoa Aluminum's Tennessee operations.

**Mader previously was assigned to Alcoa's industrial relations department in Pittsburgh, Pa. He started his new job May 1.**

A graduate of Circleville High School, Mader joined Alcoa in 1948 shortly after receiving a degree in industrial management from Ohio State University.

The local grad served in the plant personnel department at the Cleveland works and was named plant personnel manager there in 1951.

* * *

**HE WAS** promoted to training director for the company in Pittsburgh in 1952 and joined the industrial relations department there in 1954.

Mader and his wife have one daughter, Christine, 8.

## Annual Jaycee Election Night Banquet Slated

Laurence Priest, 711 N. Court St., and William A. Stout, 908 Lincoln Drive, head the list of candidates to be named at the annual Circleville Junior Chamber of Commerce election night banquet scheduled Thursday.

**Festivities start at noon with golfing available for all members at the Pickaway Country Club. A buffet dinner will start at 7 p. m. in the PCC clubhouse.**

Other nominees include: First Vice President — Orley Bosworth, Route 4, and Ned Schreiner, 213 E. Mound St.;

Second Vice President — Charles R. Allton, Eva Ave., Donald E. Hill, Knollwood Village, and Dr. William Speakman, 112 Reber Ave.;

* * *

**SECRETARY**—Richard C. Koch, 603 N. Court St., Wesley M. Edstrom, 425 Stella Ave., and Jack F. Alkire, 123 W. High St.;

Treasurer — Donald M. Christianson, 137 Watt St., Frank L. Bowling, Route 2, and Ronald D. Culp, 475 N. Court St.

Installation will be held July 7 at Tink's Tavern with wives invited.

The 1959-60 officers are Donald R. Crist, president; Kenneth Smith, first vice president; Stout, second vice president; James I. Smith III, secretary, and Priest, treasurer.

### Father, 27, Is Accused Of Battering Infant Son

CLEVELAND (AP) — Police in East Cleveland today held for questioning Robert L. Koslasky, 27, whose infant son, Michael, died of head injuries Sunday. Koslasky's wife told police her husband dashed the child, one of a pair of month-old twins, against the wooden headboard of a bed, but Koslasky said it was accidental.

When it is 12 noon in New York City, it is 7 p. m. in Moscow.

### Free Book on Arthritis And Rheumatism

**HOW TO AVOID CRIPPLING DEFORMITIES**

An amazing book entitled "Arthritis and Rheumatism" will be sent free to anyone who will write for it.

It reveals why drugs and medicines give only temporary relief and fail to remove the causes of the trouble; explains a specialized non-surgical treatment which has proven successful since 1919.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. Write today to The Ball Clinic, Dept. 1948, Excelsior Springs, Missouri.

## Stoutsville Man Is Granted Parole

Fred E. Greeno, 20, Stoutsville, has been granted a parole from Mansfield Reformatory, effective June 22.

Greeno was sentenced to Mansfield June 23, 1959, following violation of probation. He was placed on probation after being convicted in the traffic death of Larry Hiles.

Hiles was a passenger in Greeno's car which struck a concrete abutment in Pickaway County Aug. 11, 1957. According to testimony, Greeno was speeding.

### Directors To Meet

The Pickaway County Chapter of the American Red Cross executive board meeting will be at 8 p. m. tomorrow in the executive secretary's office, 114½ N. Court St.

## MARKETS

**CIRCLEVILLE HOG MARKETS**

Hog prices, all net, were reported by the Pickaway Livestock Co-op Association here today as follows:

190-220 lbs., $17.25; 220-240 lbs., $16.60; 240-260 lbs., $16.10; 260-280 lbs., $15.60; 280-300 lbs., $15.10; 300-350 lbs., $14.60; 350-400 lbs., $14.10; 180-190 lbs., $16.85; 160-180 lbs., $15.85; Sows, $13.50 down.

CASH prices paid to farmers in Circleville:

| | |
|---|---|
| Eggs | .33 |
| Light Hens | .10 |
| Heavy Hens | .21 |
| Young Roosters | .18 |
| Old Roosters | .06 |
| Butter | .68 |

**COLUMBUS**

COLUMBUS, Ohio (AP)—Hogs (85 central and western Ohio markets reporting to Ohio Dept. of Agri.) — 8,610 estimated, mostly steady with Monday on butcher hogs and sows. No 2 average good butchers 190-220 lbs 17.00 - 17.25; graded No 1 meat types 190-220 lbs 17.50-17.75; sows under 350 lbs 13.25-14.00, over 350 lbs 11.25-13.00. Cattle (from Columbus Producers Livestock Co-operative Assn.) —Steady. Slaughter steers and yearlings: Choice 26.00-29.80; good 23.00-26.00; standard 20.50 - 23.00; utility 18.50-20.00. Butcher stock: Choice heifers 24.00 - 25.60; good 22.50-24.00; standard 20.00 - 22.50; utility 18.50 - 20.00; commercial bulls 19.00-22.00; utility 18.00-19.00. Cows: Standard and commercial 17.0-18.70; utility 15.50-17.00; canners and cutters 15.50 down. Stockers and feeders: Choice 20.00-25.50; good 22.00-25.50.

Veal calves—Steady; choice and prime veals 30.00-35.00; choice and good 24.00 - 30.00; standard and good 19.50-24.00; utility 16.50 down.

Sheep and lambs—Steady; strictly choice 21.75-23.00; good and choice 19.50 - 21.75; commercial and good 13.00-19.50; cull and utility 5.00-11.00; slaughter sheep 6.50 down.

**CHICAGO**

CHICAGO (AP)—(USDA)—Hogs 7,500; butchers mostly steady; few strong; mixed lots 1-2 190-225 lb butchers sorted for weight and grade 17.25-17.50; around 300 head at 17.50; mixed lots 1-3 and 2-3 190-230 lbs 16.75-17.25; scattered lots mixed 2-3 and 3s 210-240 lbs 16.25-16.85; few lots mixed 1-2 and 2s 220-250 lbs 16.25-17.25; mixed 2-3 and 3s 240-260 lbs 15.75-16.50; 2-3 and 3s 260-280 lbs 15.50-16.25; few lots mixed 2-3 and 3s 280-325 lbs 15.00-15.75; mixed 2-3 and 3s 300-400 lb sows 13.50-14.50; 400-550 lbs mostly 12.75-13.50.

Cattle 3,500; calves 100; slaughter steers steady to strong; mixed choice and prime 1,100-1,250 lb slaughter steers 29.00-30.00; most average to high choice 26.00-28.75; load lots mixed good and choice 25.50-25.75; most good 22.50-25.25; few utility and standard Holstein 19.50-21.00; load high choice around 1,000 lb slaughter heifers 27.00; bulk good to high choice 22.00-26.75; utility and standard heifers 17.50-22.00; utility and commercial cows 16.50-18.50; canners and cutters 14.50-17.25; utility and commercial bulls 19.50-21.50; vealers 32.00 down.

Sheep 1,000; shorn slaughter lambs strong; choice and prime shorn lambs 98-105 lbs with No. 1 and 2 pelts 21.75-22.25. 300 head 105 lbs at the latter price; thirty-one head mostly prime 106 lbs with fall shorn pelts 22.50; good and choice 19.50-21.00; choice and prime spring lambs 90-96 lbs 25.00-26.00; good 72-88 lbs 24.00-24.50; slaughter ewes 7.00 down.

## 'Rocky' Calls For Debate on Summit Flop

NEW YORK (AP)—Republican Gov. Nelson A. Rockefeller has called for a national debate, free of political partisanship, on why the summit conference failed.

He said Monday Republicans and Democrats both were duty bound to "speak and act with a frankness and a responsibility transcending the conventional restraints and formulas of partisan behavior."

By implication, the governor's statement was an endorsement of Democrat Adlai E. Stevenson's call last week for a full discussion of the summit failure in Paris.

But it was also a rebuke to any who might seek political advantage from the collapse.

"I fervently hope," said Rockefeller," that the Democratic party in its proper desire to get at the facts, will not engage in any shallow partisan effort to assign all error to its adversaries, all wisdom to itself.

"I hope—no less fervently for being a Republican—that Republicans will not try to disguise the present situation for equally partisan reasons. For it would be false and frivolous—and ultimately damaging to both nation and party—to dismiss sober criticism of specific American conduct as a peril to national unity."

The statement came less than 48 hours before a scheduled meeting of New York GOP leaders at Albany to consider their course at the Republican National Convention in July.

Among the items to be discussed is whether Rockefeller's name should be entered for the party's presidential nomination.

## Local Jaycees At Convention

Eighteen Circleville Junior Chamber of Commerce members and their wives attended the Ohio Jaycee Convention held in Cincinnati last weekend.

**Jack Rament, Painesville, was named 1960-61 State President, defeating three other candidates after three ballots. He was elected to succeed Robert Hershey, Orville, last year's head.**

Rex Kieffer, Zanesville, was elected internal vice president and Richard Croyle was named external vice president, Thomas Bower, Waverly, was named 12th District vice president, of which Circleville is a part.

Those attending from here were Mr. and Mrs. Donald R. Crist, Mr. and Mrs. William D. Clifton, Mr. and Mrs. William A. Stout, Mr. and Mrs. Donald E. Hill, Mr. and Mrs. Jack Alkire;

* * *

**MR. AND** Mrs. John Fissell; Mr. and Mrs. Richard W. Fullen, Ronald Culp, Ned Schreiner, Donald Christianson and Dr. William Speakman.

Crist, Clifton and Stout were local chapter delegates. The Convention was held in the Netherland Hilton Hotel.

## County Relief Totals $7,409

Pickaway County general relief totaled $7,409.41 during April, according to the monthly report of the County Welfare Department.

Persons and families on poor relief received $3,972.41 in home care and $3,437 in hospital and medical care.

**General relief was down $5,496.25 from the same month as last year when a record $12,905.66 was alloted to the county's indigent. April relief was $120.75 less than that spent in April, 1958.**

The April case load was 125 or 33 less than April, 1959 and 34 less than that of the same month in 1958.

Welfare Director Miss Pauline Roese announced that general relief was down 70 per cent due to the large sums necessarily alloted thus far this year. She said that neighboring Hocking County had dropped to 60 per cent relief.

## Tidal Wave

(Continued from Page 1)

dawn, killing three Okinawan villagers, ripping boats from their moorings and dumping tons of salt water on rice crops. No casualties were reported among the American occupation forces on Oinawa.

The toll soared in southern and central Chile, victim of three days of earthquakes and the first tidal wave. By Monday night 400 persons were reported dead, 800 missing and about 1,600 injured, and many stricken sectors still had not been heard from.

Six hundred persons were reported missing on one Chilean town, Queule. A Santiago newspaper reported tidal waves as high as 24 feet had washed over some towns.

Thousands of panic-stricken villagers on the Philippine east coast fled to higher ground, and at least three provinces reported towns under water. But there were no immediate reports of casualties.

A wave peak of 15 feet was recorded at one point on the east coast of New Zealand. Dozens of small boats were swept away. Harbor storage sheds were lifted from their foundations. Seaside roads and gardens were flooded.

A running four-foot tide hit eastern Australia, ripping dozens of small craft and barges from their moorings in Sydney Harbor and washing away maritime beacons.

High tides also battered the north Formosa port of Keelung and broke up a timber raft which collapsed a 75-foot bridge spanning a canal.

The California coast was hit from Los Angeles to Oregon. Three persons were reported injured at Crescent City, in Northern California, where a wave pushed water three blocks into the town.

A wave 12½ feet high rolled in at Crescent City at 12:07 a. m. (PDT) today, smashing two fishing boats against the dock and flooding the dockside area with debris. Two other fishing boats were capsized.

Damage was most extensive in the Los Angeles-Long Beach and San Diego areas. The Los Angeles-Long Beach harbor was closed to all shipping because of drifting debris and floating small craft, torn from moorings. The Coast Guard estimated 30 small boats were sunk and possibly 400 damaged.

Far to the north, a 14-15 foot wave rolled against Montague Island, near Cordova, Alaska, injuring several persons and causing some damage.

## Device To Give

(Continued from Page 1)

titude spying deeper into space.

Samos is a reconnaissance satellite designed to photograph troop installations and movements, airfields, war plants and missile bases. Once Samos detects enemy missile, sites, Midas will keep an eye on them for signs of a firing. Both are expected to be whriling over the Soviet Union by the end of the year, with a fully system in operation by 1962.

The Midas launched today was not aimed at a course which would take it over Russia. Its practice assignment was to test its detection equipment on a giant flare to be set off at Edwards Air Force Base, Calif., and on missiles fired at Cape Canaveral and Vandenberg Air Force Base, Calif.

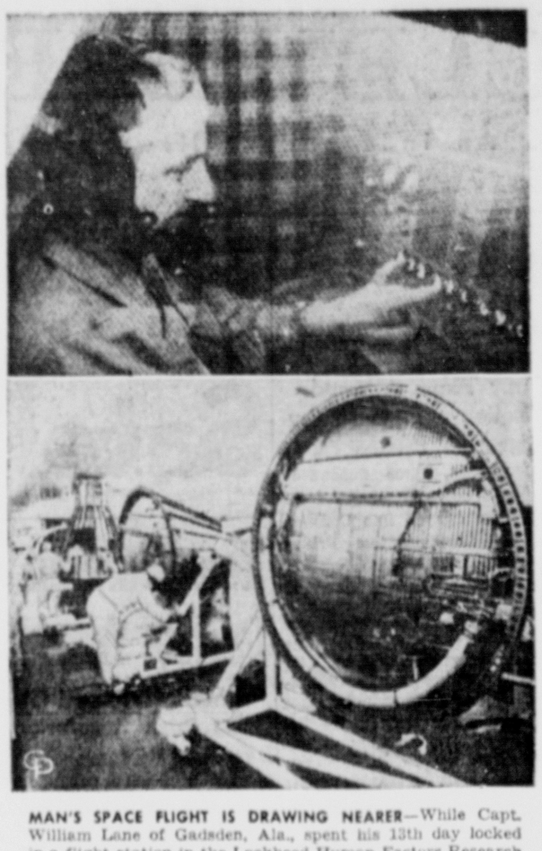
The plan was to ignite the flare on the ground at Edwards in a few days. Brighter than any missile exhaust, the flare will be visible at a distance of 50 miles from the base the Air Force said.

Midas will be able to differentiate between missile and other heat-producing sources.

This was the second attempt to launch a Midas test satellite. The first try failed Feb. 26 because of the explosion of two small reverse rockets designed to help separate the two stages.

### Monty Visits Red China

TOKYO (AP) — Field Marshal Viscount Montgomery arrived in Peiping today to probe Communist China's role in world affairs. He was greeted at the airport by Gen. Wang Shu-sheng, vice minister of national defense.



**MAN'S SPACE FLIGHT IS DRAWING NEARER**—While Capt. William Lane of Gadsden, Ala., spent his 13th day locked in a flight station in the Lockheed Human Factors Research laboratory in Marietta, Ga., the first photo of the production line of the Project Mercury space capsule was released in St. Louis. Captain Lane, of the Strategic Air Command, Eglin Air Force Base, Fla., was photographed through a one-way mirror without his knowledge as he worked on space-travel type problems. His reactions were recorded.

## Spy Plane Probe

(Continued from Page 1)

if it did not fulfill that function."

Kennedy called Sen. Hugh Scott (R-Pa) to account for suggesting that he and Stevenson, a possible rival for the nomination, ought to "relieve themselves of the gross suspicion of appeasement" because of their statements on the conference breakdown.

Kennedy conceded that, in replying to a question at a Portland, Ore., political rally, he had said it might have been possible for President Eisenhower to have met Soviet Premier Nikita Khrushchev's demand for an apology for the plane incident.

But he said he had immediately added that if Khrushchev had merely asked the President to express regret "that might have been a more reasonable term."

"I do not have to purge myself of any suspicion of appeasement," Kennedy told Scott tartly. "No one deduced from my statement that I wanted the President to apologize to Khrushchev."

Kennedy said the spy plane incident "has destroyed the chances of a successful summit. It has destroyed the prestige of the President in the eyes of the Russian people. It has given the impression that the President does not dominate some of the military or some of his intelligence officers.

"So I would have expressed regret. That does not make me in any way a party to appeasement.

"I have never abused the President personally. I do not advocate a policy which I think would weaken the United States."

The criticism of Stevenson stemmed from a purported interview with him published in the French newspaper French-Presse just before the date of the summit meeting. It quoted him as favoring concessions on Berlin, reduction of American forces there and a pullback and cutback in both East and West forces in central Europe.

Senate Republican Leader Everett M. Dirksen of Illinois said the published interview may have helped torpedo the summit meeting.

Stevenson, who had at first denied giving the interview, said he had talked with the French reporter but contended the reporter "evidently confused discussion with opinion." Stevenson added, "What he reports me as saying have, of course, never been my views and are not my views today."

Scott insisted he hadn't called either Kennedy or Stevenson an appeaser, and after lengthy wrangling said he was willing to abide by Kennedy's interpretation of his own statement.

## Juvenile Court Sentences Youth

The Pickaway County Juvenile Court Saturday placed Allen Eugene Davis, 19, S. Court St., on probation for taking indecent liberties with an 11-year-old youth.

Davis originally was sentenced to six months in the County Jail. The sentence was deferred and he was placed on probation until he is 21-years-of-age.

County Juvenile Officer Ralph Starkey filed the affidavit against Davis. He was arrested Wednesday by city police.

Davis admitted propositioning the youth, offering him 50 cents to permit him to take indecent liberties. He said the act was committed at 9:30 p. m. Wednesday near the Southend Playground. Starkey and Police Sgt. Leroy Hawkes interrogated the youth.

## Akron Area Auto Crash Fatal to 4

AKRON, Ohio (AP)—Four persons were killed and four others seriously injured today in a two-car crash east of Macedonia on Ohio 82 in Summit County.

Dead are Donald P. Hoverland, 27, of Twinsburg, his wife, Mary, their one-year-old son, Robert H., and Leroy R. Rivers, 28, of Cleveland, driver of the second car.

In serious condition was another son of the Hoverlands, Tommy, 4.

The Highway Patrol reported three persons from the other car were in critical condition—Eugene Brown, 25, Roberta Gibbs, 22, and Beverly Fayne, 22, all of Cleveland.

The patrol said the Hoverland car was making a left turn when the Rivers car hit it. The Overland car was slammed back 220 feet.

## Scientific Stocks Show Wide Gains

NEW YORK (AP)—A few of the "science" stocks made some wide moves in a mixed and uncertain stock market early this afternoon. Trading was moderately active.

Key stocks showed gains or losses of fractions to about a point. Moves of several points were made by some "glamour" issues.

Electronics and space age defense stocks were as irregular as the rest of the market. Steels were mainly lower as steel production headed for one of its sharpest drops of the year.

Wall Street analysts saw the market as undergoing another consolidation phase following last week's turbulent action.

Texas Instruments was ahead about 7 points then cut the gain to about 3. Polaroid ran up about 4. Zenith added a couple of points. Litton Industries rose about a point.

Thiokol continued to back away, dropping a fraction. Raytheon and Sperry Rand were off slightly. Motorola, up 9½ Monday, erased an early 1-point gain and showed a net loss of a fraction. American Machine & Foundry and Decca Records advanced about a point each.

U.S. Steel gyrated between losses ranging from a fraction to more than a point. Bethlehem was about a point lower.

General Motors dropped a fraction and DuPont dropped about a point in further reaction to news the Supreme Court has agreed to review the decision permitting DuPont to retain its GM stock holdings.

General Instrument had a sharp rise in earnings and advanced about 2. Union Carbide and Schering gained more than a point. Goodyear, International Harvester and Montgomery Ward dropped more than a point each.

The Dow Jones industrial average at noon was off .49 at 623.17.

The Associated Press average of 60 stocks at noon was off .10 at 216.10 with the industrials up .30, the rails off .10 and the utilities off .40.

Corporate bonds drifted lower in slow trading.

U.S. government bonds edged off in quiet dealings.

**SECOND TRIAL**—Already under sentence to life imprisonment for the slaying of a Miami, Fla., woman in West Palm Beach, Dennis Whitney, 17, of North Hollywood, Calif., is back in Miami to stand trial on another first degree murder charge. He allegedly confessed to the slaying of seven persons.

## New Summit

(Continued from Page 1)

hower had announced suspension of such flights "not to be resumed."

Lodge charged that Gromyko went "deliberately contrary to fact" when he contended such flights were U.S. government policy.

The United States had only been trying "to secure information in advance of possible further Communist assaults" like those in Korea and Hungary, Lodge said.

"If the free world failed to protect itself against such a danger, it would be inviting destruction," he declared.

Lodge renewed Eisenhower's 1955 summit conference offer for mutual U.S.-Soviet exchange of aerial inspection against surprise attack.

"I am authorized to say," he declared, "that the United States is prepared to negotiate an open skies treaty with the Soviet Union . . . which would obviate forever the necessity of such measures of self-protection."

## David Mader Is Promoted

David R. Mader, son of Mr. and Mrs. Link M. Mader, 304 S. Pickaway St., has been appointed manager of labor relations for Alcoa Aluminum's Tennessee operations.

**Mader previously was assigned to Alcoa's industrial relations department in Pittsburgh, Pa. He started his new job May 1.**

A graduate of Circleville High School, Mader joined Alcoa in 1948 shortly after receiving a degree in industrial management from Ohio State University.

The local grad served in the plant personnel department at the Cleveland works and was named plant personnel manager there in 1951.

* * *

**HE WAS** promoted to training director for the company in Pittsburgh in 1952 and joined the industrial relations department there in 1954.

Mader and his wife have one daughter, Christine, 8.

## *Annual Jaycee Election Night Banquet Slated*

Laurence Priest, 711 N. Court St., and William A. Stout, 908 Lincoln Drive, head the list of candidates to be named at the annual Circleville Junior Chamber of Commerce election night banquet scheduled Thursday.

**Festivities start at noon with golfing available for all members at the Pickaway Country Club. A buffet dinner will start at 7 p. m. in the PCC clubhouse.**

Other nominees include: First Vice President — Orley Bosworth, Route 4, and Ned Schreiner, 213 E. Mound St.;

Second Vice President — Charles R. Allton, Eva Ave., Donald E. Hill, Knollwood Village, and Dr. William Speakman, 112 Reber Ave.;

* * *

**SECRETARY**—Richard C. Koch, 603 N. Court St., Wesley M. Edstrom, 425 Stella Ave., and Jack F. Alkire, 123 W. High St.;

Treasurer — Donald M. Christianson, 137 Watt St., Frank L. Bowling, Route 2, and Ronald D. Culp, 475 N. Court St.

Installation will be held July 7 at Tink's Tavern with wives invited.

The 1959-60 officers are Donald R. Crist, president; Kenneth Smith, first vice president; Stout, second vice president; James I. Smith III, secretary, and Priest, treasurer.

### Father, 27, Is Accused Of Battering Infant Son

CLEVELAND (AP) — Police in East Cleveland today held for questioning Robert L. Koslasky, 27, whose infant son, Michael, died of head injuries Sunday. Koslasky's wife told police her husband dashed the child, one of a pair of month-old twins, against the wooden headboard of a bed, but Koslasky said it was accidental.

When it is 12 noon in New York City, it is 7 p. m. in Moscow.

**Free Book on Arthritis And Rheumatism**

**HOW TO AVOID CRIPPLING DEFORMITIES**

An amazing book entitled "Arthritis and Rheumatism" will be sent free to anyone who will write for it.

It reveals why drugs and medicines give only temporary relief and fail to remove the causes of the trouble; explains a specialized non-surgical treatment which has proven successful since 1919.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. Write today to The Ball Clinic, Dept. 1948, Excelsior Springs, Missouri.

# Police Chief Testifies in Sniper-Slaying

PAINESVILLE, Ohio (AP) — Testimony of a police official concerning the love affair of Floyd E. Hargrove and Mrs. Lois Clark was followed Monday by a court recess.

Defense attorney Louis A. Turi Jr. asked for and got a consultation with the prosecution and Presiding Judge W. S. Slocum after interrupting the prosecutions examination of Mentor Police Chief Frank D. Hathy.

Hargrove is charged in the Christmas Eve sniper slaying of Charles Clark of Mentor.

Turi told newsmen the talks concerned "procedure" on the giving and acceptability of "certain testimonies."

Hargrove told newsmen that he "confessed the first time" because certain investigators had told him that if he didn't, all details concerning his relationship with Mrs. Clark would be revealed during a trial.

Mrs. Clark, the shooting victim's beautiful widow, and her daughter, Carol, 12, one of four Clark children, have been ordered to appear in court today. Hathy also was scheduled to resume testifying.

Hathy Monday corrected testimony he had given Friday, when he said he did not take the death bullet to the Cleveland police laboratory for testing. When examined by Turi, he said he had forgotten that trip until reminded of it by his wife during the weekend recess.

Hathy also admitted that he did not mark the bullet for identification until Dec. 29, five days after it was removed from Clark's skull.

## Mahoning Election Lawsuit Is Delayed

YOUNGSTOWN, Ohio (AP) — Hearing of a suit asking that results of the May 3 primary in Mahoning County be thrown out has been postponed indefinitely.

Originally set for Monday, the hearing was postponed by Common Pleas Judge Frank J. Battisti in order to dispose of some jury trials, which are expected to run through June 10. No new date for the hearing was set.

Mrs. Sara B. Mendelssohn, wife of an attorney, filed the suit. She contends that the primary results should be disregarded and a new election held because of wide spread failures in the use of voting machines May 3.

### Parents Are Indicted In Starvation of Child

CLEVELAND (AP) — Mr. and Mrs. Charles Drabish of suburban Bedford, who had been indicted for manslaughter in the starvation death of their seven-month-old girl, have pleaded guilty to a lesser charge of willfully denying her necessary food. The couple were referred Monday to the Probation Department for a report before sentencing.

The Drabishes have five other children. When the infant died last November, Mrs. Drabish said she had to keep the child on a light diet because she had a cold and was cutting teeth.

### Akron Area Driver, 19, Held for Manslaughter

AKRON, Ohio (AP) — James Monroe Diehl, 19, of Springfield Twp., was charged Monday with manslaughter in a traffic crash Sunday in which a 6-month-old Akron boy was killed. Deputies said Diehl's car crashed head-on with another car on Canton Road near Springfield Twp. High School, killing Michael Berish.

**PATIO PARTY: The amateur chef is surrounded by he-man table gear. The oval milk glass platters, coffee mugs and bamboo-wrapped flatwear is inexpensive table wear. The Nordic fish net and striped bibs offer gaiety to the lobster roast.**

# Chef Needs He-Man Props

By VIVIAN BROWN
AP Newsfeatures Writer

You can lead a man to the barbecue pit, but can you make him cook? Ah, that is the question. But you can girl, if you'll just tackle the problem head - on with a whole new set of props.

**Invade the stores for a rundown on inexpensive wares that can fire the amateur chef into instant action. A man likes rugged equipment, not dainty implements and table ware that appeals to the afternoon bridge set.**

When it comes to barbecue grills, let him choose his own. Some men prefer hibachis (Japanese grills with wooden bases and handles) that may be brought to the table. Other men like grills that are built into stone walls or set on top of a stone wall. (These require only cinder block enclosure and a grid across the top.; Posh-type grills with every imaginable accessory are available for well - heeled patio cooks.

The cooking and serving instruments should be king - sized. Long handled forks, spatulas and knife sharpeners are the order of the day, with the stainless steel variety going to five - foot lengths with the additions of extensions, ideal for handling enormous steaks, roast meat on the spit, and in the face of large flames.

* * *

**WHEN A** shore dinner is the order of the day, the great enamel ware pot decorated with lobsters and clams will put your man in the anxious - to - cook mood. These may be found with or without decorations and at a variety of prices. It takes the entire dinner — lobsters, corn, clams, chicken, and what have you — with a container below and spout from which to pour the juice.

Stainless steel ware — platters, pepper shakers, salt and pepper mills — are useful and good for outdoor service. Even the trusty old bottle opener is available in stainless steel wrapped in bamboo and in the shape of a fish. Bamboo wrapped flatware is highly popular for outdoor table service, and has definite man-appeal.

Inexpensive glassware such as handsome oval milk glass platters and coffee mugs keep the al fresco pattern humming with the male touch. Ditto Nordic net table cloths and striped bibs for the shore dinner tribe.

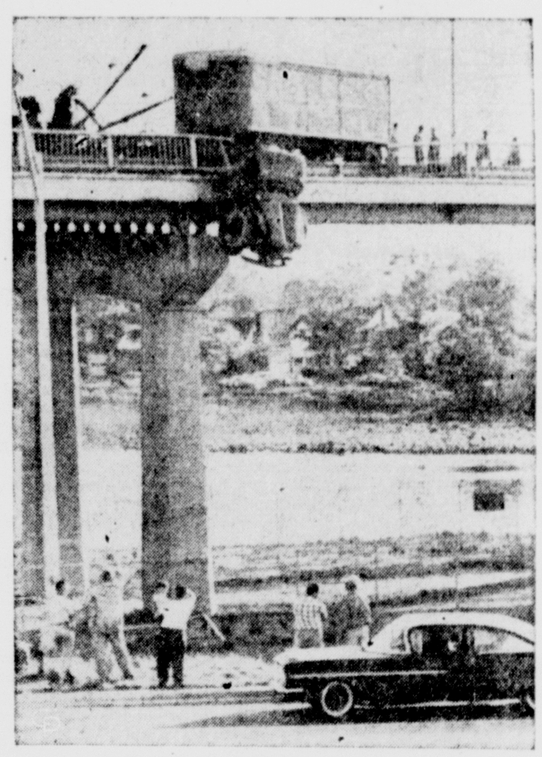
Bread baskets wear slipcovers. Newer types are glamorous — one in the shape of a sauce pan with basket weave handle is pink covered with fold trim and zipper. Another is long, ideal for French or Italian bread, its pink linen cover with a full - length zipper.

**There are imported items for fancier settings.**

One set of Italian serving dishes is glass but in brilliant orange, red, blue, green, brown, maroon. Japanese compote dishes are papier mache, orange lacquered with fold lacquered bowls. There is handsome stoneware from Sweden with floral motif, Danish mosaic ash trays. Outdoor candle light is supplied by tall Dutch vase - like containers decorated wimply with varied colored flowers.

One outdoor coffee table is unique. The metal base is about the width, length and design of the old sewing machine covered with a lush green metal vine and gay red cherries. The top is glass. This is a good table for use on the lawn, patio or on an enclosed porch.

The old style sawbuck table, oblong or round, is still a favorite with men chefs. Dress it up in rugged style and you have your outdoor party made. What's more, you'll get that man back to the culinary routine, and he'll enjoy it whether it is indoors, outdoors or in-between.



**HIGH WAY DETOUR**—Collision with a passenger car brought this mishap, with a trailer cab crashing the railing of the Walt Whitman bridge into Philadelphia from New Jersey. Truck driver Robert Pestridge dangled there till rescued, and he and the passenger car driver were treated in hospital.

## Ohio Needs 500 More Pen Guards

COLUMBUS, Ohio (AP) — At least another 500 guards are needed in Ohio penal institutions to raise the guard-inmate ratio in Ohio to national standards, according to Gov. Michael V. DiSalle.

The governor discussed penal problems Monday with M. C. Koblentz, chief of the Division of Corrections, and Dr. Robert A. Haines, director of the Department of Mental Hygiene and Corrections.

DiSalle also recommended that the state establish two more honor camps in eastern Ohio's strip mine reclamation area. DiSalle said the new honor camps would relieve overcrowding at Ohio Penitentiary in Columbus.

The governor said he has asked Finance Director James H. Maloon to study the request for more guards in light of a departmental cash surplus resulting from an inability to hire as many workers for mental hospitals as the budget provides.

## McCoy Promoted At DuPont Plant

D. D. McCoy has been promoted from foreman to a supervisor in manufacturing at the local DuPont plant.

McCoy lives at 515 Kern Ave. in Chillicothe.He was born in Washington C. H. and graduated from Greenfield McClain High School.

The new supervisor started with DuPont in 1953 at the local plant. He served with the U. S. Naval Air Force from 1943-46.

McCoy has experience in supervision. He previously worked as a foreman in manufacturing control and manufacturing.

### Hamilton Bank Robber Faces 10-Year Term

CINCINNATI (AP) — Pleas Turner, 40, shot in the head by a patrolman and partly paralyzed after a Hamilton bank robbery Jan. 4, faces 10 years in federal prison. Judge John Druffel set the penalty in U.S. District Court Monday after Turner, a factory worker, changed his plea to guilty.

Turner was indicted on bank robbery charges in the $2,250 holdup of the Plaza branch of Hamilton's First National Bank.

**ESCAPEE FROM 1944**—Wayne Hyatt, 61, disconsolately waits in Roanoke, Va., jail for return to Indiana State prison in Michigan City, Ind., from which he escaped in 1944. Using the name Eugene Luken, he operated a barber shop in Roanoke, married his third wife and was leading a respectable life. Hyatt was serving a prison sentence for criminal attack.

## Vast Cleveland Growth Predicted

CLEVELAND (AP)—Within the next 20 years Cleveland will be an important part of a gigantic strip city extending as far as Pittsburgh in one direction and to Toledo in the other, a trucking official predicted here today.

The prediction was made by Welby M. Frantz of Terre Haute, Ind., president of the American Trucking Associations. He said a companion strip city will extend north from Toledo through Detroit and south to Cincinnati.

Addressing the Cleveland Institute, sponsored by the Transportation Association of America, Frantz said the development of 14 such strip cities throughout the country would come from several parallel movements which have been taking place since the advent of the motor vehicle.

In the 17th Century woodcarvers in Nikko, Japan, sculpted the originals of the monkeys that hear no evil, speak no evil, and see no evil above a door in the Toshugu shrine.

# New Book of Prayers Printed Especially for Children

CINCINNATI (AP)—"O God, I want to get out of here." That may seem a rather unorthodox approach to prayer.

But it makes sense to the young patients at Children's Hospital. And chances are it will to youngsters in other hospitals across the nation.

The line quoted here appears in what may be the first prayer book written just for sick children.

First editions of the book were distributed recently. But the original copy of the prayer books has been in use at Children's Hospital for some time.

The book was written and illustrated by Mrs. Elspeth Bragdon, Cincinnati author of children's books, at the urging of the hospital chaplain.

Shortly after his arrival at the hospital the Rev. Gene Scaringi began looking for such a book. He wrote publishing houses, searched through book stores and asked friends. No books for ill youngsters was to be found.

The Rev. Mr. Scaringi invited Mrs. Bragdon to attend a service at Children's Hospital. He told her that prayers written for happy children would not do, that children needed to be in the prayers in a personal way.

Mrs. Bragdon shook her head. She said she was not capable of doing such a job.

But three weeks later, just before Christmas, she left a small hand-lettered and hand-illustrated booklet with the Rev. David R. Thornberry, archdeacon of the Episcopal Diocese.

She told him she was afraid to face the Rev. Mr. Scaringi. She was sure the prayers were not what he had in mind.

How wrong she was.

Dr. Clement C. Welch, editor of an Episcopal Church publishing house, after a look said he wanted to put them up in book form for distribution throughout the nation.

"It is written in as unorthodox a language and with as deep feeling as you can get," Dr. Welch said. "It is in the child's language and you just can't fake it if you don't know it."

His favorite is the prayer beginning, "O God, I want to get out of here."

It continues: "I know the doctors and nurses want to help me, but I'm sick of them. I don't want to eat from a tray anymore. I want to get out of this bed right now . . . "

The Rev. Mr. Scaringi said he thinks the prayer written for Good Friday has "the deepest insight for a simple prayer."

It goes: "Dear God, we think today of the things we have done which would make our Lord Jesus sorry. If we have quarreled with anyone, or have been unloving and unkind, if we have not loved thee and trusted in thy loving kindness, forgive us, we pray . . . "

The book title, "Bless oh Lord these thy children," contains 37 prayers. Some are for specific times of the year such as Advent, Christmas, Epiphany, Easter.

They are interdonominational in character, they should appeal to sick children everywhere.

# Kids Remain Like Parents

White House conference on children and youth proceeded on a predictable note and with prepackaged conclusions — what's wrong with the children are parents.

Speakers insisted that the cure for what ails youth must be found by treating the "moral sickness" of their elders. Mothers and fathers were accused of "apathy and perfidy and poor example."

What's more, they have delegated, the conference found, their responsibilities to schools, social agencies or community funds, and have no time to offer guidance to children.

The home must be restored and the parent resurrected as a "person worthy of being revered as an example of devotion to responsibility." That is the way the program unfolded.

From such gatherings generalizations as sweeping as all creation are inevitable. It is probably too much to expect the experts to admit they themselves have helped to confuse and mislead parents by a plethora of conflicting advice. There was no mention of the fact that the psychologists and others who are supposed to know how to put Junior in the White House instead of the jail house change their minds every decade or so.

From the contributions to the conference, no one would know that many of today's young parents concentrate on developing a close - knit family life, in which the care and training of the children is the first concern. However, after a trial run, the experts are beginning to talk about "togetherness" as a mistake. Seems that it is overprotective and smothers individual development.

Well, parents will have to continue to exercise the patience which parenthood requires in such abundance. Perhaps it was too much to expect the conference to come up with some constructive advice about how to handle Junior when he acts like Dad acted when he was Junior's age.

# Memo on New Water Cooler

By Hal Boyle

NEW YORK (AP) — Early one morning the following notice appeared on the office bulletin board of the giant Acme Tiddlywink Co., Inc.:

"Owing to long complaints over the operation of the old office water cooler, it will soon be removed and replaced by a new water cooler, costing $5,000.

"The new type, known as 'The Miracle Ration-jet Water Cooler,' has certain advantages over the old model, and will add to office efficiency.

"The management is pleased to make this investment in the welfare of its employes."

Fifteen minutes later—just as President Phineas Foogle expected—he was visited by the office water cooler grievance committee, led by its chairman, Roscoe Bloop, a 35-year man.

"What's this about getting a new water cooler?" demanded Bloop.

"Well, I just got tired hearing you boys holler about the old one," said Foogle.

"What we want to know is how it will add to office efficiency," said Bloop.

"Oh, that," replied Foogle, waving his hand. "It's simple.

"We made a study and found that only 45 people an hour took a drink from the old water cooler. But they tended to come up in groups. This meant they stood around gossiping until it was their turn. Naturally, this also meant a big waste of company time."

The faces of the grievance committee hardened.

"And just how will this so-called new Miracle Ration-jet Water Cooler make things better?" asked Bloop.

"It will be connected to a red light in the center of the office," explained Foogle smoothly. "Every minute on the minute, the red light will come on and stay lit for exactly 30 seconds.

"The water cooler works only when the red light is lit. It will be on for 30 seconds, off for 30 second.

"This will end the need of congregating around the water cooler. When the red light flashes an employe will rise, go to the water cooler, refresh himself and return to his desk. A minute later, when the red light flashes again another employe can take his turn.

"This will save time for all concerned."

The grievance committee members looked at each other in utter unbelief. Bloop demanded and received a one-hour recess.

Sixty minutes later the committee was back and Bloop announced crisply: "The staff doesn't like the idea of drinking water by signals. We have voted 98 to 0 to picket the place at 2 p.m. today unless management agrees to cancel its order for the new so-called Miracle Ration-jet Water Cooler. We insist the present water cooler be retained."

"All right, boys, I bow to your will," sighed Foogle. "I was just trying to do you all a favor."

The grievance committee left, faces flushed with victory.

At lunch Tom Hopeful, Google's young assistant, asked, "What was all that rumpus about?"

"Why, there's no such thing on the market as a Miracle Ration-jet Water Cooler," chuckled Foogle. "I just got sick of hearing the boys complain about the old one. They'll be afraid now to mention water out loud for at least six months."

"Chief," said Tom admiringly, "It's no wonder they call you the smartest brain in the entire tiddlywinks industry."

"Well," answered Phineas Foogle modestly, "I've found you never have any trouble getting along with people if you give them what they want. The only thing is—you have to make sure they want only what you intend to give them in the first place."

# Remember Fuchs, Rosenbergs

By George Sokolsky

A key figure in the theft of the atomic bomb was Dr. Klaus Fuchs, British physicist, who had fled from Germany to England in 1933 after Hitler had risen to power in the Reich. Fuchs had been one of a group of British scientists who came to the United States in December, 1943, to work in nuclear research on the development of the atomic bomb.

British Intelligence was notified and in January, 1950, Fuchs admitted to the British that he had given the Russians atomic secrets from 1942 to 1949. He stated that while in the United States working on the atomic project, he had passed atomic information to the Russians through a contact known only to him as "Raymond." Fuchs received the maximum sentence of 14 years imprisonment. He is now in East Germany.

As a result of the information furnished by Fuchs, the FBI began the seeemingly impossible task of identifying "Raymond." Fuchs's sister, Mrs. Kristel Heineman, Cambridge, Massachusetts, recalled that in January, 1945, a stranger came to their home and asked for Fuchs, who was not there. He left a telephone number in New York for Fuchs to call, and returned the following month. Fuchs seemed to know him and they talked for quite a while. The description of the stranger matched the description of "Raymond" as furnished by Fuchs.

Finally, in May, 1950, the search narrowed to one man, Harry Gold, a chemist at the Philadelphia General Hospital. Gold said he had never been west of the Mississippi River. He gave the FBI agents written permission to search his home in Philadelphia. Behind a bookcase in Gold's home, a map of "Santa Fe, the Capital City" was found. Harry Gold stared at the map, then admitted he was the one to whom Fuchs had given his information.

Gold related for the FBI the paths he had followed during 14 years as a Soviet agent. One of those paths led to David Greenglass, ex-Army sergeant from New York City. Photographs of Greenglass were obtained and shown to Gold, who identified him as the man he contacted at Albuquerque, New Mexico, in June 1945.

Gold related that Greenglass gave him information about his work at Los Alamos and Gold turned over the information to his Soviet espionage superior.

Greenglass's sordid part in the espionage plot was arranged by his sister, Ethel Rosenberg, and her husband, Julius, of New York City. Greenglass initially passed information about his work to the Rosenbergs through his wife, Ruth Greenglass. Two months later, Greenglass returned to New York on leave and at Rosenberg's request, he made a number of sketches of a flat-type lens mold being used in atomic experiments.

Rosenberg arranged for Ruth Greenglass to go to Albuquerque to live and told her not to worry about expenses as the money would be a gift from the Russians. Rosenberg conceived a simple recognition device whereby Greenglass would be able to identify any stranger who contacted him for information. He cut the side of an empty Jello box into two notched pieces, retaining one and giving the other to Greenglass.

About this time, Soviet Vice Counsul Anatoli Yakovlev contacted Harry Gold in New York and ordered him to go to Albuquerque on an extremely important mission after contacting Fuchs in Santa Fe. Yakovlev furnished Gold with the Albuquerque address of Greenglass and gave him a piece of cardboard cut from a Jello box, his identification, and an envelope containing $500 to be given to Greenglass.

Gold arrived in Santa Fe on June 2, 1945, and, while waiting to contact Fuchs, purchased a map of the city — a careless act which would shatter Gold's composure five years later when an FBI agent found the map behind a bookcase in Gold's Philadelphia home. After obtaining a thick packet of information on atomic bomb secrets from Fuchs, Gold went to Albuquerque and met the Greenglasses, and identified himself by matching the piece of Jello box with the one in their possession. Gold obtained information concerning atomic secrets from Greenglass on this visit and took it with him to New York.

The Rosenberg - Greenglass trial for espionage commenced in March, 1951, in New York. The jury found the Rosenbergs and Morton Sobell, another principal in this espionage apparatus, guilty of espionage. The Rosenbergs were sentenced to death. Sobell received a 30 year sentence and Greenglass received a 15 year prison term.

## Highway Agency Avoids Jury Trials

COLUMBUS, Ohio (AP)—Elimination of the take-it-or-leave-it policy of handling highway right-of-way acquisition has resulted in a larger proportion of cases being settled out of court, Atty. Gen. Mark McElroy says.

McElroy said 77 per cent of all highway appropriation cases last year were settled out of court.

"This is a sharp contrast to 1958 when 45 per cent of 741 cases were tried by a jury," McElroy said.

A total of 766 appropriation cases were disposed of last year under the new policy. This resulted in 177 cases being disposed of by jury trial; 27 being filed and dismissed, 194 by no-appeal entry, 368 by out-of-court settlement.

Ten sculptured heads, one-and-a-half feet high, are on the facade of the new Cornell University library. Eight of the heads are unidentified and some people say they are former Cornell professors. Others contend the stone masons sculptured their own heads as a practical joke.

## Bicycle Safety Rules

By Herman N. Bundesen, M.D.

In about another month, schools all over the country will close for summer vacation. And millions of youngsters will take to the streets and even the highways on their bicycles.

Motorists, of course, must constantly be on the alert for these youngsters. But the bike riders, too, have a responsibility to the motorists — and pedestrians.

A bicycle is a moving vehicle. And, as a vehicle, it is potentially dangerous. Therefore, the Bicycle Institute of America each year conducts a safety campaign designed to keep bike accidents at a minimum.

To aid this campaign, the Institute has prepared a series of 12 safety rules for bicycle riders. I'd like to pass them on to the young riders in this area.

1. Observe all traffic regulations. This includes red and green lights, stop signs and one - way streets, too.

2. Keep to the right and ride in a straight line. Always ride in single file.

3. Have a white light at the front of the bicycle and a danger signal at the rear for night driving.

4. Have a satisfactory and legal signaling device to warn of your approach.

5. Give pedestrians the right of way. Don't use sidewalks unless you must for some reason. And when you do, use extra care.

6. Look out for cars pulling into traffic. Keep a sharp lookout for the sudden opening of auto doors.

7. Never hitch onto other vehicles. Never "stunt" or race in traffic.

8. Never carry other riders. Don't carry any packages that obstruct your vision or prevent proper control of the bicycle.

9. Be sure your brakes are operating efficiently. Keep your entire bicycle in perfect running condition.

10. Slow down at all street intersections and look both ways before crossing.

11. Always use proper hand signals for turning and stopping.

12. Don't weave in or out of traffic, don't swerve from side to side.

The rules are simple. All you have to do is follow them.

**Question and Answer**

Mrs. A. R.: Before and after my menstrual period, I have a bruised feeling under my left arm and my left breast.

Is this a natural condition?

Answer: Breast reactions during the menstrual cycle are not unusual and do not, as a rule indicate anything seriously wrong.

Policeman Robert Higgins, a former U. S. Navy signalman, was recently permitted to purchase a set of alphabet flags for the yard arm on his front lawn mast in Long Island. Higgins has trained and enlisted 28 youngsters in his neighborhood into the Navy in the last four years.

GRID WIFE DISAPPEARS — Mrs. Joan Lloyd (above), 24-year-old wife of Cleveland Browns pro footballer David Lloyd, disappeared from her home in Dallas, Tex., later was seen near Jacksboro, Tex. Her mother in Gladewater, Tex., said she may be suffering from a psychosis because of being pregnant.

# The World Today

By James Marlow

WASHINGTON (AP) — The charmed part of President Eisenhower's life is over. For years the respect given him has been one of the miracles of American politics and international affairs.

Premier Nikita Khrushchev changed all that in a few days with one of the most ferocious attacks ever made by the head of one government against the top man in another.

Eisenhower was held in such high esteem at home and abroad that when something went wrong with his administration, the tendency had been to blame some subordinate, not him.

True, he has been criticized from time to time on such charges as lack of leadership or too much time spent playing golf or avoiding a firm stand on some issue.

But these were not personal attacks. By following a rigid rule of never attacking anyone else that way, Eisenhower made it almost imposible for anyone to mount a personal attack on him.

Even Khrushchev, when he wanted to blast what he called American warmongers or aggressive capitalists, went out of his way to absolve Eisenhower.

The late Sen. Joseph McCarthy, no respecter of persons, stepped around Eisenhower gingerly even when he was attacking Eisenhower's administration.

The American people showed such respect for and trust in Eisenhower—by twice electing him overwhelmingly to the presidency—that the Democrats were rendered practically speechless when it came to criticism.

Then came the spy-plane incident.

Even in its early stages Khrushchev was willing to absolve Eisenhower. Then the State Department stumbled over its feet, lied, then told the truth, and said Eisenhower had approved the aerial spying.

Before Khrushchev's vituperation was over he had likened the President to a thief and called him a fishy friend.

It was a mark of Eisenhower's emotional maturity that he was able to remain calm in Paris when the Soviet leader was trying to degrade him.

Perhaps Eisenhower, because he has a great backlog of personal discipline to call upon, can remain calm to the end and, through more alertness, prevent any more clumsy fumbling by his administration.

But now that the dam has been broken by Khrushchev, Eisenhower's remaining months in office may be increasingly unpleasant.

Others who have been restrained in dealing with Eisenhower may now feel free to cut loose. And the President may have more of a tendency to strike back at his critics.

## You're Telling Me!

By WILLIAM RITT
Central Press Writer

Dogs of today, states a noted German veterinarian, are more nervous, grouchy and disobedient than were the pooches of 50 years ago. Just something else, no doubt, that'll be blamed on nuclear fallout.

"Orioles Reach Top in A. L."—sports page headline. Flying high, naturally.

A beautiful London model has been named "Miss Gum Label of 1960." The clinging type?

Folk a generation or two ago seemed to get more of a bang out of spring house - cleaning chores than people do today, observes Grandpappy Jenkins. Perhaps it was because they used a carpet beater instead of a vacuum cleaner.

Shotgun and rifle fire failed to scare away sharks from an Australian beach. Don't tell us the critters are bullet-proof!

A bogus - check charge against an Arizonan was dropped when it was discovered he could neither read nor write. In his case skipping school certainly paid off.

In many areas of the United States, it seems that spring, just like too many ball games recently, has been postponed because of rain and wet grounds.

## Olivier Is Mum About His Divorce

LONDON (AP)—"I don't wish to discuss my private affairs," Sir Laurence Olivier told newsmen Sunday night who asked if he is seeking a divorce from Vivien Leigh in order to marry his current co-star, Joan Plowright, 29.

"I have no statement to make and no comment," said the 53-year-old actor at his home in Eaton Square.

In a statement in New York, where she is appearing in a play, Miss Leigh said Olivier had written asking for for a divorce as soon as possible.

The actress said she went over the situation with Oliver by transatlantic telephone Sunday and both agreed to wait until their current plays end their run before taking action.

OFF TO THE RACES—En route to London and Paris, Lance Reventlow, 24-year-old multimillionaire race driver and car builder, and his bride, Jill St. John, say goodby to Los Angeles before boarding a plane. Reventlow will race his new Scarab single-seater Grand Prix car in Monaco, England, France, Belgium and Germany.

BACK AT THE OLD WITNESS STAND—Retrial of the Finch-Tregoff case in Los Angeles brings these familiar faces back in the news. Lovers Carole Tregoff and Dr. Bernard Finch are accused of murdering his wife so a divorce would not cut his fortune in half. Key witnesses are John Cody (lower left) ladies' man and convicted bad check artist who testified once that Carole hired him to kill Mrs. Finch, and Marie Anne Lidholm (upper right) who was a maid in the Finch home and was whacked over the head by Dr. Finch during nighttime setto in which Mrs. Finch wound up dead.

## Fairfield County Oil Well Comes In

LANCASTER, Ohio (AP)—Two men report they have struck oil near Pickerington in Fairfield County.

Just how much oil, and the quality of it has not been determined, but Russell C. Graber of Wooster and Floyd E. Edwards of Marietta, called it a major find.

They report they brought in their well last Thursday after drilling to the 3,295-foot level.

Graber explained it would be a week to 10 days before the quantity and quality of the oil can be determined.

# Remember Fuchs, Rosenbergs

By George Sokolsky

A key figure in the theft of the atomic bomb was Dr. Klaus Fuchs, British physicist, who had fled from Germany to England in 1933 after Hitler had risen to power in the Reich. Fuchs had been one of a group of British scientists who came to the United States in December, 1943, to work in nuclear research on the development of the atomic bomb.

British Intelligence was notified and in January, 1950, Fuchs admitted to the British that he had given the Russians atomic secrets from 1942 to 1949. He stated that while in the United States working on the atomic project, he had passed atomic information to the Russians through a contact known only to him as "Raymond." Fuchs received the maximum sentence of 14 years imprisonment. He is now in East Germany.

As a result of the information furnished by Fuchs, the FBI began the seeemingly impossible task of identifying "Raymond." Fuchs's sister, Mrs. Kristel Heineman, Cambridge, Massachusetts, recalled that in January, 1945, a stranger came to their home and asked for Fuchs, who was not there. He left a telephone number in New York for Fuchs to call, and returned the following month. Fuchs seemed to know him and they talked for quite a while. The description of the stranger matched the description of "Raymond" as furnished by Fuchs.

Finally, in May, 1950, the search narrowed to one man, Harry Gold, a chemist at the Philadelphia General Hospital. Gold said he had never been west of the Mississippi River. He gave the FBI agents written permission to search his home in Philadelphia. Behind a bookcase in Gold's home, a map of "Santa Fe, the Capital City" was found. Harry Gold stared at the map, then admitted he was the one to whom Fuchs had given his information.

Gold related for the FBI the paths he had followed during 14 years as a Soviet agent. One of those paths led to David Greenglass, ex-Army sergeant from New York City. Photographs of Greenglass were obtained and shown to Gold, who identified him as the man he contacted at Albuquerque, New Mexico, in June 1945.

Gold related that Greenglass gave him information about his work at Los Alamos and Gold turned over the information to his Soviet espionage superior.

Greenglass's sordid part in the espionage plot was arranged by his sister, Ethel Rosenberg, and her husband, Julius, of New York City. Greenglass initially passed information about his work to the Rosenbergs through his wife, Ruth Greenglass. Two months later, Greenglass returned to New York on leave and at Rosenberg's request, he made a number of sketches of a flat-type lens mold being used in atomic experiments.

Rosenberg arranged for Ruth Greenglass to go to Albuquerque to live and told her not to worry about expenses as the money would be a gift from the Russians. Rosenberg conceived a simple recognition device whereby Greenglass would be able to identify any stranger who contacted him for information. He cut the side of an empty Jello box into two notched pieces, retaining one and giving the other to Greenglass.

About this time, Soviet Vice Counsul Anatoli Yakovlev contacted Harry Gold in New York and ordered him to go to Albuquerque on an extremely important mission after contacting Fuchs in Santa Fe. Yakovlev furnished Gold with the Albuquerque address of Greenglass and gave him a piece of cardboard cut from a Jello box, his identification, and an envelope containing $500 to be given to Greenglass.

Gold arrived in Santa Fe on June 2, 1945, and, while waiting to contact Fuchs, purchased a map of the city — a careless act which would shatter Gold's composure five years later when an FBI agent found the map behind a bookcase in Gold's Philadelphia home. After obtaining a thick packet of information on atomic bomb secrets from Fuchs, Gold went to Albuquerque and met the Greenglasses, and identified himself by matching the piece of Jello box with the one in their possession. Gold obtained information concerning atomic secrets from Greenglass on this visit and took it with him to New York.

The Rosenberg - Greenglass trial for espionage commenced in March, 1951, in New York. The jury found the Rosenbergs and Morton Sobell, another principal in this espionage apparatus, guilty of espionage. The Rosenbergs were sentenced to death. Sobell received a 30 year sentence and Greenglass received a 15 year prison term.

## Highway Agency Avoids Jury Trials

COLUMBUS, Ohio (AP)—Elimination of the take-it-or-leave-it policy of handling highway right-of-way acquisition has resulted in a larger proportion of cases being settled out of court, Atty. Gen. Mark McElroy says.

McElroy said 77 per cent of all highway appropriation cases last year were settled out of court.

"This is a sharp contrast to 1958 when 45 per cent of 741 cases were tried by a jury," McElroy said.

A total of 766 appropriation cases were disposed of last year under the new policy. This resulted in 177 cases being disposed of by jury trial; 27 being filed and dismissed, 194 by no-appeal entry, 368 by out-of-court settlement.

Ten sculptured heads, one-and-a-half feet high, are on the facade of the new Cornell University library. Eight of the heads are unidentified and some people say they are former Cornell professors. Others contend the stone masons sculptured their own heads as a practical joke.

GRID WIFE DISAPPEARS — Mrs. Joan Lloyd (above), 24-year-old wife of Cleveland Browns pro footballer David Lloyd, disappeared from her home in Dallas, Tex., later was seen near Jacksboro, Tex. Her mother in Gladewater, Tex., said she may be suffering from a psychosis because of being pregnant.

# The World Today

By James Marlow

WASHINGTON (AP) — The charmed part of President Eisenhower's life is over. For years the respect given him has been one of the miracles of American politics and international affairs.

Premier Nikita Khrushchev changed all that in a few days with one of the most ferocious attacks ever made by the head of one government against the top man in another.

Eisenhower was held in such high esteem at home and abroad that when something went wrong with his administration, the tendency had been to blame some subordinate, not him.

True, he has been criticized from time to time on such charges as lack of leadership or too much time spent playing golf or avoiding a firm stand on some issue.

But these were not personal attacks. By following a rigid rule of never attacking anyone else that way, Eisenhower made it almost imposible for anyone to mount a personal attack on him.

Even Khrushchev, when he wanted to blast what he called American warmongers or aggressive capitalists, went out of his way to absolve Eisenhower.

The late Sen. Joseph McCarthy, no respecter of persons, stepped around Eisenhower gingerly even when he was attacking Eisenhower's administration.

The American people showed such respect for and trust in Eisenhower—by twice electing him overwhelmingly to the presidency —that the Democrats were rendered practically speechless when it came to criticism.

Then came the spy-plane incident.

Even in its early stages Khrushchev was willing to absolve Eisenhower. Then the State Department stumbled over its feet, lied, then told the truth, and said Eisenhower had approved the aerial spying.

Before Khrushchev's vituperation was over he had likened the President to a thief and called him a fishy friend.

It was a mark of Eisenhower's emotional maturity that he was able to remain calm in Paris when the Soviet leader was trying to degrade him.

Perhaps Eisenhower, because he has a great backlog of personal discipline to call upon, can remain calm to the end and, through more alertness, prevent any more clumsy fumbling by his administration.

But now that the dam has been broken by Khrushchev, Eisenhower's remaining months in office may be increasingly unpleasant.

Others who have been restrained in dealing with Eisenhower may now feel free to cut loose. And the President may have more of a tendency to strike back at his critics.

## You're Telling Me!

By WILLIAM RITT
Central Press Writer

Dogs of today, states a noted German veterinarian, are more nervous, grouchy and disobedient than were the pooches of 50 years ago. Just something else, no doubt, that'll be blamed on nuclear fallout.

"Orioles Reach Top in A. L."—sports page headline. Flying high, naturally.

A beautiful London model has been named "Miss Gum Label of 1960." The clinging type?

Folk a generation or two ago seemed to get more of a bang out of spring house - cleaning chores than people do today, observes Grandpappy Jenkins. Perhaps it was because they used a carpet beater instead of a vacuum cleaner.

Shotgun and rifle fire failed to scare away sharks from an Australian beach. Don't tell us the critters are bullet-proof!

A bogus - check charge against an Arizonan was dropped when it was discovered he could neither read nor write. In his case skipping school certainly paid off.

In many areas of the United States, it seems that spring, just like too many ball games recently, has been postponed because of rain and wet grounds.

## Olivier Is Mum About His Divorce

LONDON (AP)—"I don't wish to discuss my private affairs," Sir Laurence Olivier told newsmen Sunday night who asked if he is seeking a divorce from Vivien Leigh in order to marry his current co-star, Joan Plowright, 29.

"I have no statement to make and no comment," said the 53-year-old actor at his home in Eaton Square.

In a statement in New York, where she is appearing in a play, Miss Leigh said Olivier had written asking for for a divorce as soon as possible.

The actress said she went over the situation with Oliver by transatlantic telephone Sunday and both agreed to wait until their current plays end their run before taking action.

OFF TO THE RACES—En route to London and Paris, Lance Reventlow, 24-year-old multimillionaire race driver and car builder, and his bride, Jill St. John, say goodby to Los Angeles before boarding a plane. Reventlow will race his new Scarab single-seater Grand Prix car in Monaco, England, France, Belgium and Germany.

BACK AT THE OLD WITNESS STAND—Retrial of the Finch-Tregoff case in Los Angeles brings these familiar faces back in the news. Lovers Carole Tregoff and Dr. Bernard Finch are accused of murdering his wife so a divorce would not cut his fortune in half. Key witnesses are John Cody (lower left) ladies' man and convicted bad check artist who testified once that Carole hired him to kill Mrs. Finch, and Marie Anne Lidholm (upper right) who was a maid in the Finch home and was whacked over the head by Dr. Finch during nighttime setto in which Mrs. Finch wound up dead.

## Fairfield County Oil Well Comes In

LANCASTER, Ohio (AP)—Two men report they have struck oil near Pickerington in Fairfield County.

Just how much oil, and the quality of it has not been determined, but Russell C. Graber of Wooster and Floyd E. Edwards of Marietta, called it a major find.

They report they brought in their well last Thursday after drilling to the 3,295-foot level.

Graber explained it would be a week to 10 days before the quantity and quality of the oil can be determined.

# Machines Take Giant Strides Almost Daily

### Electronics Able To Start, Run, Shut Plant without Man

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Machines are taking more giant strides almost daily.

The experts tell us today the time has come when electronics can start, operate and shut down an entire manufacturing plant while man stands by and watches.

Experts also say the day is here when electronics can carry on a business, starting with sales forecasting and ending with evaluation of the final product.

And looking still further ahead, the experts forecast that in the near future electronic computers will be making 80 or 90 per cent of industry's decisions. This prediction comes from D. B. Paquin, president of the National Machine Accountants Assn.

Today's wonders in the field of an entire manufacturing processs by computer alone come from T. R. Jones, president of Daystrom.

Marvels in control of the cycle from raw material to finished product are set forth by Gilbert E. Jones, president of the Data Processing Division of International Business Machines. They are backed up by S. E. Miller, vice president of American Bosch, who says his company already is saving $120,000 a year by using an IBM electronic date processing system without human intervention.

Daystrom's factory process consists of using a continuous group of electronic computers in an integrated system. The equipment is used to collect critical data at hundreds of points along the production line, perform speedy computations and give integrated information for human operators to make decisions.

Its second function is to start up, operate and shut down plants. It can either follow the routine it is told to follow or it can use devices and methods to solve problems—but only after human brains have told the machines what to do.

The trick in making a plant completely mechanical, according to Jones, is in designing and engineering a group of components into an integrated system. Such devices then can sense, signal, analyze and act.

The IBM management operating system starts in the front office by putting a customer's order on a punched card which can be run through computers for sales forecasting, materials planning, inventory management, plant scheduling, work dispatching and operations evaluation.

Men still have their place. They must make the order, see that the card is punched, and that the machines are set up to do the required job.

## Columbus Firm Slated To Build Big Telescope

COLUMBUS, Ohio (AP) — The Columbus division of North American Aviation, Inc., will have a large part in building the world's largest radio telescope, W. H. Yahn, division president, reported. The Columbus plant has the job of fabricating and assembling an aluminum dish 600 feet in diameter across the top providing a concave surface of more than seven acres. The apparatus will be used at Sugar Grove, W. Va.

# Sesquicentennial .. A Look at the Past

Following the paths of Ebenezer Zane, Lord Dunmore and Cornstalk, 82 seventh and eighth graders and their home room teachers were taken on an historical tour of Saltcreek and Pickaway Twp. last Friday.

**Narrators for the tour were Mrs. George Macklin, Mrs. Sterling Poling and Lawrence McKenzie. Students from Pickaway's seventh grade were accompanied by Mrs. J. L. Chilcote and Washington townships seventh and eighth grade students were accompanied by Miss Ruth Stout and Oakley Leist.**

The group met at the home of Mrs. Macklin, historic Camp Charlotte, where besides viewing the famous camp site of Lord Dunmore, they were shown through a part of the old brick house.

Mrs. Macklin set up a display including a spinning wheel and loom and a dining table set in the period of 1800-1850. Antique candle molds, churns, a cradle and numerous other household items were on display.

The history of Zane's Trace was explained as the buses proceeded to Tarlton. The students were told that Ebenezer Zane was granted the contract to build this, the first road in the northwest, on Jan. 1, 1797.

• • •

**COMPLETED**, the trace was only a narrow trail for mail carriers or others riding on horseback or walking. The wagon trail was built in 1804. The road builders had lived up to their contract and left no treestumps more than one foot high in the roadway.

Stage coaches carried mail and passengers from Wheeling to Maysville, approximately 230 miles in five days, by changing horses frequently. A passenger could expect to ride about 15 hours each day.

At Cross Mound the students were shown a design of the Maltese Cross which the mound resembles. Tehy were encouraged to speculate along with the experts as to whether this prehistoric effigy mound of the Hopewell culture has a religious significance or whether the design is just incidental.

In Tarlton which was laid out in 1801 by Benjamin Newell, the students were shown the Methodist Church which was erected in 1840 and the Presbyterian Church which was erected as a German Reform Church in 1861.

**The historic building built more than a century ago for a dry-goods store and later occupied by the Defenbaugh Funeral Home, the Town Hall, another old church and numerous old houses some of which were early taverns were also pointed out as was the site of Nye's Tavern, a stopping place for Henry Clay and Andrew Jackson on their trips to Washington D. C.**

The Stumpf Church and Cemetery, where Jane Defenbaugh was buried in 1804 also was visted.

Logan Elm was the next stop, following which the students were shown the sites of the Indian Villages in the vicinity of Gold Cliff where Cornstalk and his sister, Grenadier Squaw burned and tortured their enemies by making them run the gauntlet. Black Mountain, the look out post for the villages and historic Mount Oval, home of Mrs. Bernard Young also were pointed out.

The site of Jefferson, which was laid out in 1803 by Henry Nevill was the final point of interest on the tour.

Originally the Saltcreek Sesquicentennial Committee under the chairmanship of Mrs. Macklin planned a public tour of these sites, but since it will be impossible to implement these plans before summer's hot weather arrives, they have now decided to wait until early fall when another tour for school children or a public tour will be offered.

## Communist Paper Snipes at Ike Again

MOSCOW (AP) — The Communist party newspaper Pravda said that President Eisenhower had "proved unable to change the law of his class, of his imperialist surrounding, capable of any dirty play."

Continuing its violent, post-summit attack on the President, the paper said during his Camp David talks with Premier Nikita Khrushchev last September, Eisenhower was "least of all thinking of friendship."

"As its loyal servant, he represented his capitalist class, his predatory system of imperialism whose leader the United States of America is justly regarded to be," Pravda said.

## How Weather Looks Today

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

There was bright sunshine over most of the state early today and temperatures were in the 50s. Toledo and Findlay had 50 degrees, Cleveland 51, Columbus 53, Cincinnati 54.

By mid-afternoon, temperatures were expected to reach 80 over the southwestern corner of the state but no higher than the upper 60s over most of the northeast. Most of the state will have afternoon temperatures in the 70s with sunshine through cloud patches.

The morning weather map showed a high pressure reaching from Lake Superior to Michigan and Ohio, while low pressure covered all of the Great Plains states.

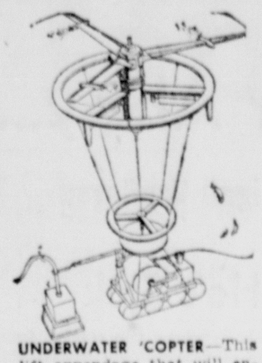
Ohio's weather will be bright and dry until sometime Thursday or Friday.

## Man Is Fined According to Bites

CINCINNATI (AP) — A irate wrestling fan took a coupie of bites at a police lieutenant Saturday night and Monday they cost him $27 a bite.

Elbert Riley, 54, of Hamilton was one of a protesting group of fans who tried to get at The Shiek after he had won a wrestling match from Wilbur Snyder. Police, escorting the wrestler to his dressing room, managed to protect him but Lt. Lawrence McCarthy said Riley bit him on the right arm and right chest in the melee.

Police Court Judge Raymond Shannon convicted Riley today of assault and battery and fined him $54. Riley couldn't pay the fine and had to go to the workhouse where he'll serve the fine out at $3 a day unless he can come up with the money.



UNDERWATER 'COPTER—This lift appendage that will enable a tank-like vehicle to "swim" underwater was designed for the U. S. Navy's new, remote-controlled underwater vehicle. Essentially an "underwater helicopter," the appendage's rotor blades will permit the vehicle to perform tasks now impossible for man at 20,000 feet under the sea. The "'copter" was designed by Hughes Aircraft. *(Central Press)*

## Another Jap GI Quits His Holdout

GUAM (AP)—Another Japanese soldier holdout from World War II surrendered here today nearly 15 years after the war ended.

Masahi Ito, 40, said he decided to give up when his companion, Bunzo Minagawa, was captured Saturday by two Guamanians.

Ito told authorities he is happy now that he will return to Japan, but feels shame because of the old Japanese tradition that heroic soldiers prefer death to surrender.

Ito and Minagawa were the sole survivors of a band of six who took to the jungle when U.S. forces invaded the island in 1944.

## Clevelander Burned Badly in Suicide Try

CLEVELAND (AP)—A 20-year-old man was in poor condition today from burns received when he poured turpentine over himself and lit a match, police reported. Police said Thomas John Scott told them he tried to commit suicide because he was unable to get a steady job.

Police said Scott turned himself into a human torch while driving a car on Lakeview Avenue. He was thrown from the car by a collision and another man beat out the fire.

# Grandparents Now Rearing Mario Lanza's 4 Children

HOLLYWOOD (AP)—The door flew open and in dashed three vigorous youngsters, home from school.

Pony-tailed Colleen, 10, shouted that she couldn't find the dress she wanted to change into. Elisa, 8, ran to help her. Wiry Damon, 6, leaped about greeting his brother Mark, already home from kindergarten, who was delighting over presents that had arrived for his fifth birthday party.

This was the roomy Pacific Palisades home of Mr. and Mrs. Anthony Cocozza, grandparents of the four. The children were orphaned by the sudden deaths within five months of Betty and Mario Lanza.

Mary Cocozza, a lovely, dark-haired woman, took over the children's upbringing when the singer's grieving widow died March 11. Speaking in the living room, dominated by a dozen portraits of Mario in his operatic triumphs, she admitted the ordeal had not been easy for the kids.

"The hardest blow was their father's death. No one prepared them for it. They came home from school in Rome one day and saw a lot of people milling about. It was a terrible shock.

"When Betty died, I took them in my home immediately. I told them first that their mother had gone to the hospital then that she was very sick and wasn't expected to live. When I told them she had died, they took it well.

"Now they are continuing with their own lives. Of course they miss their parents, but children forget easily."

"When the children first came here, I had to get some things straight. I told them they weren't going to live in big houses with lots of servants any more. I think they like this way better. Before, they were always chauffeured and couldn't go out to play. Now they're going on the school bus, and they have friends in the neighborhood to play with."

Helping her rear the four—whose future is assured by a legacy of a million or more—are her husband and Terry Robinson, Mario's longtime trainer and companion. Papa Cocozza, still sturdily built despite years of serious illness, appears hardest hit by his son's passing.

"I try not to be sad in front of the children," he said, "but when I see his pictures on the wall here, it is hard to do."

## Ruling Made on Bonds

COLUMBUS, Ohio (AP) — The director of natural resources should be paid bond forfeitures from wildlife violators who fail to keep court appearances, says an opinion by Atty. Gen. Mark McElroy. He said the amount should be after court costs are paid.

MARATHON PAYS YOUR HEATING OIL BILL
when sickness or accident keeps you from work

No more worries about big heating oil bills . . . and no more worries about heat when sickness or accident makes paying bills a problem.

When you're under the doctor's care, Marathon pays your heating oil bills after the 15th day—until your doctor says you *can* go back to work. In the event of death, your heating oil bill is paid in full for the balance of the year, under the terms of the Marafuel® Budget Plan*.

**Big bills end with the Marafuel Budget Plan.** Your bills won't rise when you burn extra oil in the coldest months. They're always the same low average amount from September to June under the Marafuel Budget Plan.

**More warmth in every gallon.** Maximum heat content means maximum economy. You get both with Marafuel, the heating oil that's specially refined, screened and filtered to flow freely and burn cleanly.

**You save money with a summer fill.** We won't bill you until fall. Then you pay the lowest price of the season, regardless of the October price. A full tank all summer guards against rust damage—ends empty-tank condensation problems.

Call your nearest Marafuel distributor for the best deal in heating oil. Sign up today.

Marathon goes farther to make friends
*The insured Marafuel Budget Plan is underwritten by a legal reserve life insurance company.

There was bright sunshine over most of the state early today and temperatures were in the 50s. Toledo and Findlay had 50 degrees, Cleveland 51, Columbus 53, Cincinnati 54.

By mid-afternoon, temperatures were expected to reach 80 over the southwestern corner of the state but no higher than the upper 60s over most of the northeast. Most of the state will have afternoon temperatures in the 70s with sunshine through cloud patches.

The morning weather map showed a high pressure reaching from Lake Superior to Michigan and Ohio, while low pressure covered all of the Great Plains states.

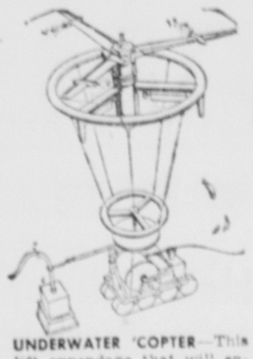
Ohio's weather will be bright and dry until sometime Thursday or Friday.

## Man Is Fined According to Bites

CINCINNATI (AP) — A irate wrestling fan took a couple of bites at a police lieutenant Saturday night and Monday they cost him $27 a bite.

Elbert Riley, 54, of Hamilton was one of a protesting group of fans who tried to get at The Shiek after he had won a wrestling match from Wilbur Snyder. Police, escorting the wrestler to his dressing room, managed to protect him but Lt. Lawrence McCarthy said Riley bit him on the right arm and right chest in the melee.

Police Court Judge Raymond Shannon convicted Riley today of assault and battery and fined him $54. Riley couldn't pay the fine and had to go to the workhouse where he'll serve the fine out at $3 a day unless he can come up with the money.



UNDERWATER 'COPTER—This lift appendage that will enable a tank-like vehicle to "swim" underwater was designed for the U. S. Navy's new, remote-controlled underwater vehicle. Essentially an "underwater helicopter," the appendage's rotor blades will permit the vehicle to perform tasks now impossible for man at 20,000 feet under the sea. The "'copter" was designed by Hughes Aircraft. *(Central Press)*

## Another Jap GI Quits His Holdout

GUAM (AP)—Another Japanese soldier holdout from World War II surrendered here today nearly 15 years after the war ended.

Masahi Ito, 40, said he decided to give up when his companion, Bunzo Minagawa, was captured Saturday by two Guamanians.

Ito told authorities he is happy now that he will return to Japan, but feels shame because of the old Japanese tradition that heroic soldiers prefer death to surrender.

Ito and Minagawa were the sole survivors of a band of six who took to the jungle when U.S. forces invaded the island in 1944.

## Clevelander Burned Badly in Suicide Try

CLEVELAND (AP)—A 20-year-old man was in poor condition today from burns received when he poured turpentine over himself and lit a match, police reported. Police said Thomas John Scott told them he tried to commit suicide because he was unable to get a steady job.

Police said Scott turned himself into a human torch while driving a car on Lakeview Avenue. He was thrown from the car by a collision and another man beat out the fire.

# Grandparents Now Rearing Mario Lanza's 4 Children

HOLLYWOOD (AP)—The door flew open and in dashed three vigorous youngsters, home from school.

Pony-tailed Colleen, 10, shouted that she couldn't find the dress she wanted to change into. Elisa, 8, ran to help her. Wiry Damon, 6, leaped about greeting his brother Mark, already home from kindergarten, who was delighting over presents that had arrived for his fifth birthday party.

This was the roomy Pacific Palisades home of Mr. and Mrs. Anthony Cocozza, grandparents of the four. The children were orphaned by the sudden deaths within five months of Betty and Mario Lanza.

Mary Cocozza, a lovely, dark-haired woman, took over the children's upbringing when the singer's grieving widow died March 11. Speaking in the living room, dominated by a dozen portraits of Mario in his operatic triumphs, she admitted the ordeal had not been easy for the kids.

"The hardest blow was their father's death. No one prepared them for it. They came home from school in Rome one day and saw a lot of people milling about. It was a terrible shock.

"When Betty died, I took them in my home immediately. I told them first that their mother had gone to the hospital then that she was very sick and wasn't expected to live. When I told them she had died, they took it well.

"Now they are continuing with their own lives. Of course they miss their parents, but children forget easily."

"When the children first came here, I had to get some things straight. I told them they weren't going to live in big houses with lots of servants any more. I think they like this way better. Before, they were always chauffeured and couldn't go out to play. Now they're going on the school bus, and they have friends in the neighborhood to play with."

Helping her rear the four—whose future is assured by a legacy of a million or more—are her husband and Terry Robinson, Mario's longtime trainer and companion. Papa Cocozza, still sturdily built despite years of serious illness, appears hardest hit by his son's passing.

"I try not to be sad in front of the children," he said, "but when I see his pictures on the wall here, it is hard to do."

## Ruling Made on Bonds

COLUMBUS, Ohio (AP) — The director of natural resources should be paid bond forfeitures from wildlife violators who fail to keep court appearances, says an opinion by Atty. Gen. Mark McElroy. He said the amount should be after court costs are paid.

No more worries about big heating oil bills . . . and no more worries about heat when sickness or accident makes paying bills a problem.

When you're under the doctor's care, Marathon pays your heating oil bills after the 15th day—until your doctor says you *can* go back to work. In the event of death, your heating oil bill is paid in full for the balance of the year, under the terms of the Marafuel® Budget Plan*.

**Big bills end with the Marafuel Budget Plan.** Your bills won't rise when you burn extra oil in the coldest months. They're always the same low average amount from September to June under the Marafuel Budget Plan.

**More warmth in every gallon.** Maximum heat content means maximum economy. You get both with Marafuel, the heating oil that's specially refined, screened and filtered to flow freely and burn cleanly.

**You save money with a summer fill.** We won't bill you until fall. Then you pay the lowest price of the season, regardless of the October price. A full tank all summer guards against rust damage—ends empty-tank condensation problems.

Call your nearest Marafuel distributor for the best deal in heating oil. Sign up today.

Marathon goes farther to make friends

*The insured Marafuel Budget Plan is underwritten by a legal reserve life insurance company.

# More Showers the Better For Miss Penny Young

Miss Penny Kay Young, daughter of Mr. and Mrs. Collis Young, 311 E. Main St., has been honored at a series of parties prior to her marriage, scheduled June 11, to Frank T. Kremblas Jr., son of Mr. and Mrs. F. T. Kremblas Sr. Akron.

Miss Joy Borden, 1167 Atwater Ave., was hostess to a luncheon and miscellaneous shower given for Miss Young at the Pickaway Country Club on April 16.

Miss Diane Mason, 302 Watt St. feted Miss Young and Mr. Kremblas to a paper shower April 30.

Mrs. Charles Walters, Route 4, entertained Miss Young May 6, with a kitchen shower and Mrs. Richard Huggins and Miss Liz Sark were co-hostesses to a miscellaneous shower at Mrs. Huggins home Route 1, the following evening.

Mrs. Brice Kealing and daughter, Sharon, Columbus, gave a luncheon and accessory shower, May 17 at the Columbus Club. Miss Young's grandmother and aunt, Mrs. A. Aldenderfer and Mrs. J. L. Heise served a luncheon for the attendants and hostesses May 21.

A personal shower will be given May 26 by Miss Carol Hoon and Mrs. Richard Dowley in Columbus for the co-workers at Radio station WCOL where Miss Young is employed.

Mrs. David List, Miss Margaret Huffer, Miss Mary Jo Smith, Miss Sally Clifton and Mrs. Fred Saurin will entertain with a luncheon June 4 at the Pickaway Arms.

Mr. and Mrs. F. T. Kremblas Sr., parents of the groom, will give the rehearsal dinner June 10 at the Columbus Athletic Club.

# Miss Carolyn Eitel Wed To Leonard Dale Cline

Miss Carolyn Eitel and Mr. Leonard Dale Cline were united in marriage at 6:30 p. m., Friday in the sanctuary of the Trinity Lutheran Church. The Rev. Carl G. Zehner, pastor of the church, performed the double ring ceremony.

Carolyn is the daughter of Mr. and Mrs. John Eitel, Route 2 and Dale is the son of Mr. and Mrs. Leonard G. Cline, Orient.

Miss Eitel was attired in a gown of wedgewood blue chiffon over English taffeta with white accessories. Offsetting her attire, was a corsage of delicate white rose buds.

Mrs. Robert Fausnaugh, twin sister of the bride, served as matron of honor. She wore a brown princess style dress with matching accessories. Her flowers were white carnations. Mr. Robert Fausnaugh served as best man for Mr. Cline.

Both newly-weds were graduated by Jackson Local High School in 1955. Miss Eitel presently is employed as a secretary for the Winnor Canning Co. Mr. Cline served three years with the United States Army and is employed by the I. E. De Nemours Du Pont and Co.

After their honeymoon trip to Florida, the couple will reside at 375½ E. Franklin St.

# *Dessert Souffle Glamorous End to Gourmet Dinners*

By CECILY BROWNSTONE

Can you beat eggs? Then you can make a high and puffy, feather - light and fabulous dessert souffle. What more glamorous ending for a company dinner?

Sweet souffles come in various flavors — the best known among these the vanilla, the chocolate, the lemon and that golden beauty —the orange.

Although many recipes for orange souffle call for some milk along with the fruit juice, this procedure produces a two-layer effect. Our rule uses all orange juice and the texture and flavor are the same throughout the souffle; we think you'll enjoy its rich citrus taste.

ORANGE SOUFFLE

Ingredients: 3 tablespoons butter or margarine, 3 tablespoons flour, 1 cup orange juice, 1 tablespoon lemon juice, 1 teaspoon grated orange rind, 5 eggs (separated) 1-3 cup sugar, ¼ teaspoon salt, 1 teaspoon cream of tartar.

Method: In a medium-sized saucepan melt the butter over low heat; stir in the flour. Add orange juice; cook and stir until thickened. Remove from heat; stir in lemon juice and orange rind. Beat egg yolks until lemon - colored and thickened; beat in sugar and salt. Stir a little of the hot sauce into the beaten yolks, blending well. Stir back into saucepan and again blend well; cool. With clean beater, beat egg whites until foamy; add cream of tartar; continue beating until whites stand in soft peaks. Carefully fold cool sauce into whites so the two are blended. Turn into a buttered 1½ - quart souffle dish; fasten a foil or waxed paper collar around top of dish so it stands a couple of inches above top. Bake in a moderate (375 degrees) oven 35 minutes. Serve at once with Clear Orange Sauce and, in desired, whipped cream. Note: Have collar ready to put around dish so souffle mixture does not have to wait before going into oven.

CLEAR ORANGE SAUCE

Ingredients: ½ cup sugar, 2 tablespoons cornstarch, 1 cup boiling water, ½ cup orange juice, 1 tablespoon lemon juice, 1 tablespoon grated orange rind, salt, 1 cup diced orange.

Method: In a 1 - quart saucepan stir together thoroughly the sugar and cornstarch. Gradually add the boiling water, orange juice and lemon juice, stirring until smooth after each addition. Stir in orange rind and a dash of salt. Cook and stir constantly over moderate heat until clear and thickened — 5 to 6 minutes. Remove from heat. Stir in diced orange. Serve hot or warm.

## Cootiette Club Holds First Regular Meet

Cootiette Club No. 592 held its first regular meeting, at 8 p. m., Monday with Emma Ferguson, presiding.

Members who attended were; Mildred Lawson, Dorothy Bozman, Doris Inbody, Jesse Jackson, Edna Smith, Peggy Justice, Eva Hempker and Hulda Crago.

Many discussions were made, since it was the first meeting. It was decided that the club would visit the Veterans Hospital, Chillicothe, every third Thursday of each month, and plans for a bake sale was made for the near future.

Shekel Keepers report was read and the meeting adjourned. Next meeting will be held at 8 p. m., June 27.

## Nancy Ankrom Feted at Bridal Shower

A bridal shower was held in the honor of Miss Nancy Ankrom recently in the home of Mrs. Frank R. Moore, 470 N. Court St. with Mrs. Lowell Rader, Mrs. David Bircher and Mrs. James Arledge as co-hostesses.

A color scheme of pink and white were carried throughout the decorations.

Those present were Mrs. James Palm, Mrs. Thomas Strawser, Mrs. James Dancy, Mrs. George Ankrom, Mrs. Clifford Davis, Mrs. James Marshall, Mrs. Richard Alkire, Mrs. William Boston, Mrs. Richard Huggins, Miss Penny Young, Miss Sally Clifton, Mrs. David List, Mrs. Leo Peoples and the honored guest.

Gifts were sent by Mrs. John Dye, Mrs. Thomas Elsea, Mrs. Paul Allison, Miss Mary Jo Smith and Miss Lydia Delong.

## Culinary Charmers

COMPANY DINNER

Roast Ducks with Fruit Stuffing
Sweet Potatoes Snap Beans
Salad Bowl Bread Tray
Fruit Sherbet Ladyfingers
Beverage

ROAST DUCKS WITH FRUIT STUFFING

Ingredients: 1 cup water, 4 tablespoons butter or margarine, 1 package (8 ounces) herb - seasoned prepared stuffing, 1 tablespoon grated orange rind, ¼ cup currants (rinsed in hot water and drained), 1 large sweet apple (grated coarsely with skin), 2 small ducklings (3 to 4 pounds ready-to-cook weight).

Method: Heat water and butter in a large deep skillet or 3-quart saucepan. Add stuffing and stir to moisten evenly. Add orange rind, currants and grated apple; mix well but lightly. Stuff lightly into ducks; roast in oven or on rotisserie. Makes 8 servings.

## Graduating Class To Hold Reunion

The graduating class of 1025 will hold a class reunion, June 18 at the Circleville High School.

A meeting will be held in the auditorium at 6:30 p. m., with dinner in the social room at 7:30 p. m.

Reservations can be obtained from Mildred Young Weller, GR 4-4239.

## Mrs. Pierce Honored At Birthday Dinner

Mr. James Pierce, Route 4, was honored with a family dinner, Sunday for his birthday.

Mrs. Pierce was hostess to Mr. and Mrs. Albert Pierce, daughters, Pamela and Beth Ann and Mrs. Oliver Pierce all of Jackson, Mr. and Mrs. Robert Vandervort, Cincinnati, Dr. and Mrs. Frank Moore, Mr. and Mrs. Alvin Perdion, daughters Ann and Janice, Mrs. Eleanor Gerhardt and Mary Beth Morgan.

## Guild 37 To Meet

Berger Hospital Guild No. 37, will hold its meeting at 8:30 p. m., Wednesday in the bus station. Mrs. Smith Hulse will be the hostess.

Mrs. H. A. Beidleman won the traveling gift at the last meeting and Mrs. Emmitt Morgan was accepted as a new member in the guild.

# Dear Abby...

By Abigail VanBuren

## If He Likes Dirt, He's Sick

DEAR ABBY: I am 21 and everyone says I am pretty enough to be in the movies, on TV or on Broadway. I date a lot. I don't like to hurt men, so I tell them from the start I don't want to get serious for a long time.

One young man (26) won't accept this. He keeps talking about marriage. We argue about this all the time. No matter how I treat him, he won't break up with me. The dirtier I treat him, the better he likes me. He always wants to know who else I date and where we go. I never lie to him. He has even gone out looking for me when I'm with someone else. And if he finds me, he will sit in a corner and sulk. How can I get rid of him?

PESTERED

**DEAR PESTERED: The next time he calls, tell him you do not want to go out with him any more. And don't feel sorry for him, no matter what he says, because if you date him again, you'll be back where you started from. This man sounds possessive, jealous and childish. And people who react favorably to being treated "dirty" are also a little sick.**

DEAR ABBY: The wife and I are in our late fifties and she is getting on my nerves so bad I can hardly stand it.

We have five grandchildren. I think they are cute—but my wife thinks there are no five children in the world to compare with them. She carries about 300 pictures everywhere she goes. When she runs into someone on the street, she hauls out these pictures and you can see the bored expressions on their faces as they try to get away. All she ever talks about is her grandchildren and the cute things they said. It is sickening! People are starting to run when they see her coming. I am ready to run myself. Is there any cure?

GRANDPA

**DEAR GRANDPA: There is no cure for the doting grandmother. Pray for the day she meets her match head-on.**

DEAR ABBY: What do you do with a man who refuses to let his wife get sick? Whenever I get sick he gets twice as sick and I have to get up and take care of him.

I took to my bed Easter Sunday with a fever of 102. An hour later he had one of 103. He was not putting on an act either because I saw the thermometer. The only time he has ever been sick is when I have given him the idea. Does any other wife have this trouble? What can I do about it?

DOROTHY ELAINE

**DEAR D. E.: Many wives have this problem and there is nothing you can do about it. Stay well and you'll probably both live to be a hundred.**

DEAR ABBY: Because you reach so many people, I am writing this letter in hopes that you will print it. If you do, you could be indirectly responsible for saving many lives.

Recently I was in an automobile accident. Only because less than a month ago I donated blood to a friend of mine did I know my own blood type. I had it printed on a card and tucked in my wallet. It saved my life.

Men carry pictures of their wives, sweethearts, children, grandchildren and dogs; credit cards by the dozens. But I wonder how many men reading this know their own blood type? And have sense enough to write it down and carry it with them?

"TYPE O"

"What's your problem? Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

SHORT SUBJECT—The summer formal is a short subject for tri-color artistry as Pierre Balmain of Paris presents this beauty in his mid-season collection. White shantung is deftly draped over the entire bodice that tops a pale pink skirt. A draped green cummerbund, with a diamond corsage, provided the third color.

## Personals

Mr. and Mrs. Oscar Reynolds and daughter, Ruth, Mrs. Dale Chaney and daughters, Melanie and Sharon, all of Chillicothe, and Mrs. Hazel Mowery, 813 Pershing Drive, traveled to Tennessee during the Armed Forces Day weekend to visit the Reynolds' son, Jim, stationed at Seward Air Force Base at Smyrna. They also visited Mr. and Mrs. George Holman in Louisville, Ky.

## Calendar

## Garden Club To Meet

Logan Elm Garden Club, will hold its meeting at 1:30 p. m., Thursday in the home of Mrs. George Macklin, Route 4.

Quick biscuit tortoni: Spoon vanilla ice cream into small paper cups and pack down; sprinkle tops with crushed dried macaroons and freeze.

# Eat Like the Hunzukuts And Be Young at 100

By VIVIAN BROWN

How would you like to live to be 120?

You would suffer little pain in your lifetime, have no worries and be a happy type.

This attractive set - up is within your grasp—well, almost—if you could just live like the Hunzukuts, a people who live high in the Himalaya mountains of Pakistan. Their existence is portrayed by Dr. Allen E. Banik, optometrist, student of geriatrics and traveler, in his new book "Hunza Land."

Banik found in Hunza 90-year-old men fathering children, and women of 80 who looked 40.

Hunzukuts rise at five in the morning, take a short nap in the afternoon and retire about nine in the evening. The men are straight, tall, broad - shouldered, deep - chested, slimwaisted, heavy legged. Women are attractive and there are no fat women in Hunza, the author says.

Their soil is enriched by silt from the mountain waters and there are no commercial fertilizers used in the gardens — it is against the law to use chemicals in a Hunza garden.

Everything that can serve as food for vegetables, field crops and fruit trees goes into the ground, Banik says:

"Sunken compost pits are conveniently located, and into them go ashes from cooking and heating fires, inedible parts of vegetables, pulverized animal bones, dead leaves, rotten wood and animal manure."

Hunzukuts live mainly on fruits —apricots, peaches, apples, cherries, watermelons and grapes; vegetables — potatoes, tomatoes, carrots, onions, garlic, peas, beans; nuts — walnuts; goat milk; meat — mutton, beef and wild sheep. Eggs are scarce and pork is prohibited by the faith. Chickens are a nuisance the Hunzukats don't encourage. They drink white and red wine.

Apricot trees, the author writes, "are so prized that on the death of the owner they are willed to a favorite son or other relative." Corn-on-the-cob is eaten raw in the milk stage. Beans and peas are soaked for one or two days, then eaten raw when they begin to sprout. Meat dishes are stews with fresh vegetables.

Banik offers suggestions on how to take advantage of the Hunza lessons in nutrition. His advice will not surprise addicts of health foods or those Hollywood movie stars who pride themselves on their health - prescribed diets.

He suggests buying organically grown food, even if we don't grow it; buying fresh produce and eating it soon for freshness, steaming or cooking vegetables in a minimum of water, eating liberal portions of salad, raw root vegetables, fresh fruits in season and substituting dried fruits (preferably unsolphured and sundried) when fresh fruits are not available.

Eat germinated grain or beans and include animal organs (brain, kidney, liver) in your diet. Eat whole - grain bread, fresh-churned butter and unprocessed cheese. Drink milk, buttermilk, skimmed milk or yogurt. He suggests sunflower seeds, herb teas, apricot oil, sunflower oil, and sesame oil as further enrichment for the human body.

## Womens Club To Meet

The Business and Professional Womens Club will hold its meeting at 8 p. m., Thursday in the Methodist Chruch annex.

Mildred Wilkinson, legislation chairman, will present the Chief of Police, Robert Temple, as the guest speaker.

# More Showers the Better For Miss Penny Young

Miss Penny Kay Young, daughter of Mr. and Mrs. Collis Young, 311 E. Main St., has been honored at a series of parties prior to her marriage, scheduled June 11, to Frank T. Kremblas Jr., son of Mr. and Mrs. F. T. Kremblas Sr. Akron.

Miss Joy Borden, 1107 Atwater Ave., was hostess to a luncheon and miscellaneous shower given for Miss Young at the Pickaway Country Club on April 16.

Miss Diane Mason, 302 Watt St. feted Miss Young and Mr. Kremblas to a paper shower April 30.

Mrs. Charles Walters, Route 4, entertained Miss Young May 6, with a kitchen shower and Mrs. Richard Huggins and Miss Liz Sark were co-hostesses to a miscellaneous shower at Mrs. Huggins home Route 1, the following evening.

Mrs. Brice Kealing and daughter, Sharon, Columbus, gave a luncheon and accessory shower, May 17 at the Columbus Club. Miss Young's grandmother and aunt, Mrs. A. Aldenderfer and Mrs. J. L. Heise served a luncheon for the attendants and hostesses May 21.

A personal shower will be given May 26 by Miss Carol Hoon and Mrs. Richard Dowley in Columbus for the co-workers at Radio station WCOL where Miss Young is employed.

Mrs. David List, Miss Margaret Huffer, Miss Mary Jo Smith, Miss Sally Clifton and Mrs. Fred Saurin will entertain with a luncheon June 4 at the Pickaway Arms.

Mr. and Mrs. F. T. Kremblas Sr., parents of the groom, will give the rehearsal dinner June 10 at the Columbus Athletic Club.

# Miss Carolyn Eitel Wed To Leonard Dale Cline

Miss Carolyn Eitel and Mr. Leonard Dale Cline were united in marriage at 6:30 p. m., Friday in the sanctuary of the Trinity Lutheran Church. The Rev. Carl G. Zehner, pastor of the church, performed the double ring ceremony.

Carolyn is the daughter of Mr. and Mrs. John Eitel, Route 2 and Dale is the son of Mr. and Mrs. Leonard G. Cline, Orient.

Miss Eitel was attired in a gown of wedgewood blue chiffon over English taffeta with white accessories. Offsetting her attire, was a corsage of delicate white rose buds.

Mrs. Robert Fausnaugh, twin sister of the bride, served as matron of honor. She wore a brown princess style dress with matching accessories. Her flowers were white carnations. Mr. Robert Fausnaugh served as best man for Mr. Cline.

Both newly-weds were graduated by Jackson Local High School in 1955. Miss Eitel presently is employed as a secretary for the Winnor Canning Co. Mr. Cline served three years with the United States Army and is employed by the I. E. De Nemours Du Pont and Co.

After their honeymoon trip to Florida, the couple will reside at 375½ E. Franklin St.

# *Dessert Souffle Glamorous End to Gourmet Dinners*

By CECILY BROWNSTONE

Can you beat eggs? Then you can make a high and puffy, feather - light and fabulous dessert souffle. What more glamorous ending for a company dinner?

Sweet souffles come in various flavors — the best known among these the vanilla, the chocolate, the lemon and that golden beauty —the orange.

Although many recipes for orange souffle call for some milk along with the fruit juice, this procedure produces a two-layer effect. Our rule uses all orange juice and the texture and flavor are the same throughout the souffle; we think you'll enjoy its rich citrus taste.

ORANGE SOUFFLE

Ingredients: 3 tablespoons butter or margarine, 3 tablespoons flour, 1 cup orange juice, 1 tablespoon lemon juice, 1 teaspoon grated orange rind, 5 eggs (separated) 1-3 cup sugar, ¼ teaspoon salt, 1 teaspoon cream of tartar.

Method: In a medium-sized saucepan melt the butter over low heat; stir in the flour. Add orange juice; cook and stir until thickened. Remove from heat; stir in lemon juice and orange rind. Beat egg yolks until lemon - colored and thickened; beat in sugar and salt. Stir a little of the hot sauce into the beaten yolks, blending well. Stir back into saucepan and again blend well; cool. With clean beater, beat egg whites until foamy; add cream of tartar; continue beating until whites stand in soft peaks. Carefully fold cool sauce into whites so the two are blended. Turn into a buttered 1½ - quart souffle dish; fasten a foil or waxed paper collar around top of dish so it stands a couple of inches above top. Bake in a moderate (375 degrees) oven 35 minutes. Serve at once with Clear Orange Sauce and, in desired, whipped cream. Note: Have collar ready to put around dish so souffle mixture does not have to wait before going into oven.

CLEAR ORANGE SAUCE

Ingredients: ½ cup sugar, 2 tablespoons cornstarch, 1 cup boiling water, ½ cup orange juice, 1 tablespoon lemon juice, 1 tablespoon grated orange rind, salt, 1 cup diced orange.

Method: In a 1 - quart saucepan stir together thoroughly the sugar and cornstarch. Gradually add the boiling water, orange juice and lemon juice, stirring until smooth after each addition. Stir in orange rind and a dash of salt. Cook and stir constantly over moderate heat until clear and thickened — 5 to 6 minutes. Remove from heat. Stir in diced orange. Serve hot or warm.

## Cootiette Club Holds First Regular Meet

Cootiette Club No. 592 held its first regular meeting, at 8 p. m., Monday with Emma Ferguson, presiding.

Members who attended were; Mildred Lawson, Dorothy Bozman, Doris Inbody, Jesse Jackson, Edna Smith, Peggy Justice, Eva Hempker and Hulda Crago.

Many discussions were made, since it was the first meeting. It was decided that the club would visit the Veterans Hospital, Chillicothe, every third Thursday of each month, and plans for a bake sale was made for the near future.

Shekel Keepers report was read and the meeting adjourned. Next meeting will be held at 8 p. m., June 27.

## Nancy Ankrom Feted at Bridal Shower

A bridal shower was held in the honor of Miss Nancy Ankrom recently in the home of Mrs. Frank R. Moore, 470 N. Court St. with Mrs. Lowell Rader, Mrs. David Bircher and Mrs. James Arledge as co-hostesses.

A color scheme of pink and white were carried throughout the decorations.

Those present were Mrs. James Palm, Mrs. Thomas Strawser, Mrs. James Dancy, Mrs. George Ankrom, Mrs. Clifford Davis, Mrs. James Marshall, Mrs. Richard Alkire, Mrs. William Boston, Mrs. Richard Huggins, Miss Penny Young, Miss Sally Clifton, Mrs. David List, Mrs. Leo Peoples and the honored guest.

Gifts were sent by Mrs. John Dye, Mrs. Thomas Elsea, Mrs. Paul Allison, Miss Mary Jo Smith and Miss Lydia Delong.

## *Culinary Charmers*

COMPANY DINNER

| | |
|---|---|
| Roast Ducks with Sweet Potatoes | Fruit Stuffing |
| Salad Bowl | Snap Beans |
| Fruit Sherbet | Bread Tray |
| | Ladyfingers |

Beverage

ROAST DUCKS WITH FRUIT STUFFING

Ingredients: 1 cup water, 4 tablespoons butter or margarine, 1 package (8 ounces) herb - seasoned prepared stuffing, 1 tablespoon grated orange rind, ¼ cup currants (rinsed in hot water and drained), 1 large sweet apple (grated coarsely with skin), 2 small ducklings (3 to 4 pounds ready-to-cook weight).

Method: Heat water and butter in a large deep skillet or 3-quart saucepan. Add stuffing and stir to moisten evenly. Add orange rind, currants and grated apple; mix well but lightly. Stuff lightly into ducks; roast in oven or on rotisserie. Makes 8 servings.

## Graduating Class To Hold Reunion

The graduating class of 1025 will hold a class reunion, June 18 at the Circleville High School.

A meeting will be held in the auditorium at 6:30 p. m., with dinner in the social room at 7:30 p. m.

Reservations can be obtained from Mildred Young Weller, GR 4-4239.

## Mrs. Pierce Honored At Birthday Dinner

Mr. James Pierce, Route 4, was honored with a family dinner, Sunday for his birthday.

Mrs. Pierce was hostess to Mr. and Mrs. Albert Pierce, daughters, Pamela and Beth Ann and Mrs. Oliver Pierce all of Jackson, Mr. and Mrs. Robert Vandervort, Cincinnati, Dr. and Mrs. Frank Moore, Mr. and Mrs. Alvin Perdion, daughters Ann and Janice, Mrs. Eleanor Gerhardt and Mary Beth Morgan.

## Guild 37 To Meet

Berger Hospital Guild No. 37, will hold its meeting at 8:30 p. m., Wednesday in the bus station. Mrs. Smith Hulse will be the hostess.

Mrs. H. A. Beidleman won the traveling gift at the last meeting and Mrs. Emmitt Morgan was accepted as a new member in the guild.

# Dear Abby...

By Abigail VanBuren

## If He Likes Dirt, He's Sick

DEAR ABBY: I am 21 and everyone says I am pretty enough to be in the movies, on TV or on Broadway. I date a lot. I don't like to hurt men, so I tell them from the start I don't want to get serious for a long time.

One young man (26) won't accept this. He keeps talking about marriage. We argue about this all the time. No matter how I treat him, he won't break up with me. The dirtier I treat him, the better he likes me. He always wants to know who else I date and where we go. I never lie to him. He has even gone out looking for me when I'm with someone else. And if he finds me, he will sit in a corner and sulk. How can I get rid of him?

PESTERED

**DEAR PESTERED: The next time he calls, tell him you do not want to go out with him any more. And don't feel sorry for him, no matter what he says, because if you date him again, you'll be back where you started from. This man sounds possessive, jealous and childish. And people who react favorably to being treated "dirty" are also a little sick.**

DEAR ABBY: The wife and I are in our late fifties and she is getting on my nerves so bad I can hardly stand it.

We have five grandchildren. I think they are cute—but my wife thinks there are no five children in the world to compare with them. She carries about 300 pictures everywhere she goes. When she runs into someone on the street, she hauls out these pictures and you can see the bored expressions on their faces as they try to get away. All she ever talks about is her grandchildren and the cute things they said. It is sickening! People are starting to run when they see her coming. I am ready to run myself. Is there any cure?

GRANDPA

**DEAR GRANDPA: There is no cure for the doting grandmother. Pray for the day she meets her match head-on.**

DEAR ABBY: What do you do with a man who refuses to let his wife get sick? Whenever I get sick he gets twice as sick and I have to get up and take care of him.

I took to my bed Easter Sunday with a fever of 102. An hour later he had one of 103. He was not putting on an act either because I saw the thermometer. The only time he has ever been sick is when I have given him the idea. Does any other wife have this trouble? What can I do about it?

DOROTHY ELAINE

**DEAR D. E.: Many wives have this problem and there is nothing you can do about it. Stay well and you'll probably both live to be a hundred.**

DEAR ABBY: Because you reach so many people, I am writing this letter in hopes that you will print it. If you do, you could be indirectly responsible for saving many lives.

Recently I was in an automobile accident. Only because less than a month ago I donated blood to a friend of mine did I know my own blood type. I had it printed on a card and tucked in my wallet. It saved my life.

Men carry pictures of their wives, sweethearts, children, grandchildren and dogs; credit cards by the dozens. But I wonder how many men reading this know their own blood type? And have sense enough to write it down and carry it with them?

"TYPE O"

"What's your problem? Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

SHORT SUBJECT—The summer formal is a short subject for tri-color artistry as Pierre Balmain of Paris presents this beauty in his mid-season collection. White shantung is deftly draped over the entire bodice that tops a pale pink skirt. A draped green cummerbund, with a diamond corsage, provided the third color.

## Personals

Mr. and Mrs. Oscar Reynolds and daughter, Ruth, Mrs. Dale Chaney and daughters, Melanie and Sharon, all of Chillicothe, and Mrs. Hazel Mowery, 813 Pershing Drive, traveled to Tennessee during the Armed Forces Day weekend to visit the Reynolds' son, Jim, stationed at Seward Air Force Base at Smyrna. They also visited Mr. and Mrs. George Holman in Louisville, Ky.

## Calendar

**TUESDAY**

CIRCLEVILLE CHAPTER NO. 90, OES, 8 p. m., in Masonic Temple.

**WEDNESDAY**

BERGER HOSPITAL GUILD NO. 37, 8:30 p. m. at the bus station.

PLEASANT VIEW AID, 2 P. M., home of Mrs. Earl Heffner, 352 E. Franklin St.

CHILD ADVANCEMENT CLUB, 7:30 p. m., home of Mrs. Gene Wright, Route 1.

WESLEY WED CLASS OF THE First Methodist Church, family picnic, 6:30 p. m., Ted Lewis Park.

PAST CHIEF CLUB OF THE Majors Temple, Mother - Daughter Banquet, 6:30 p. m., in K. of P. Hall, North Court St.

**THURSDAY**

TRAILMAKERS CLASS OF THE Calvary EUB Church, 7:30 p.m., home of Mrs. Nelson Lape, Route 3.

LOGAN ELM GARDEN CLUB, 1:30 p. m., home of Mrs. George Macklin, Route 4.

BUSINESS AND PROFESSIONAL Women's Club, 8 p. m., in Methodist Church annex.

## Pleasant View Meets

Pleasant View Aid of the Pleasant View Church will hold its meeting, at 2 p. m., Wednesday in the home of Mrs. Earl Heffner, 352 E. Franklin St.

## Banquet To Be Held

Practical Nurses Assn. will hold a Mother Daughter Banquet at 6 p. m., Friday in the First Methodist Church.

Reservations are to be in before May 25 to Mary Fissell, GR 4-3582 or Ethel McFarland, GR 4-4644.

## Child Club To Meet

Child Advancement Club will meet at 7:30 p. m., Wednesday in the home of Mrs. Gene Wright, Route 1.

## Trailmakers To Meet

Trailmakers Class of the Calvary EUB Church will hold its meeting at 7:30 p. m., Thursday in the home of Mrs. Nelson Lape, Route 3.

## Garden Club To Meet

Logan Elm Garden Club, will hold its meeting at 1:30 p. m., Thursday in the home of Mrs. George Macklin, Route 4.

Quick biscuit tortoni: Spoon vanilla ice cream into small paper cups and pack down; sprinkle tops with crushed dried macaroons and freeze.

# Eat Like the Hunzukuts And Be Young at 100

By VIVIAN BROWN

How would you like to live to be 120?

You would suffer little pain in your lifetime, have no worries and be a happy type.

This attractive set - up is within your grasp—well, almost—if you could just live like the Hunzukuts, a people who live high in the Himalaya mountains of Pakistan. Their existence is portrayed by Dr. Allen E. Banik, optometrist, student of geriatrics and traveler, in his new book "Hunza Land."

Banik found in Hunza 90-year-old men fathering children, and women of 80 who looked 40.

Hunzukuts rise at five in the morning, take a short nap in the afternoon and retire about nine in the evening. The men are straight, tall, broad - shouldered, deep - chested, slimwaisted, heavy legged. Women are attractive and there are no fat women in Hunza, the author says.

Their soil is enriched by silt from the mountain waters and there are no commercial fertilizers used in the gardens — it is against the law to use chemicals in a Hunza garden.

Everything that can serve as food for vegetables, field crops and fruit trees goes into the ground, Banik says:

"Sunken compost pits are conveniently located, and into them go ashes from cooking and heating fires, inedible parts of vegetables, pulverized animal bones, dead leaves, rotten wood and animal manure."

Hunzukuts live mainly on fruits —apricots, peaches, apples, cherries, watermelons and grapes; vegetables — potatoes, tomatoes, carrots, onions, garlic, peas, beans; nuts — walnuts; goat milk; meat — mutton, beef and wild sheep. Eggs are scarce and pork is prohibited by the faith. Chickens are a nuisance the Hunzukats don't encourage. They drink white and red wine.

Apricot trees, the author writes, "are so prized that on the death of the owner they are willed to a favorite son or other relative." Corn-on-the-cob is eaten raw in the milk stage. Beans and peas are soaked for one or two days, then eaten raw when they begin to sprout. Meat dishes are stews with fresh vegetables.

Banik offers suggestions on how to take advantage of the Hunza lessons in nutrition. His advice will not surprise addicts of health foods or those Hollywood movie stars who pride themselves on their health - prescribed diets.

He suggests buying organically grown food, even if we don't grow it; buying fresh produce and eating it soon for freshness, steaming or cooking vegetables in a minimum of water, eating liberal portions of salad, raw root vegetables, fresh fruits in season and substituting dried fruits (preferably unsolphured and sundried) when fresh fruits are not available.

Eat germinated grain or beans and include animal organs (brain, kidney, liver) in your diet. Eat whole - grain bread, fresh-churned butter and unprocessed cheese. Drink milk, buttermilk, skimmed milk or yogurt. He suggests sunflower seeds, herb teas, apricot oil, sunflower oil, and sesame oil as further enrichment for the human body.

## Womens Club To Meet

The Business and Professional Womens Club will hold its meeting at 8 p. m., Thursday in the Methodist Chruch annex.

Mildred Wilkinson, legislation chairman, will present the Chief of Police, Robert Temple, as the guest speaker.

Rothman's
CORNER FRANKLIN and PICKAWAY

TROPHIES GALORE — Here is Miss Judy Ankrom surrounded by 56 trophies she has won in the past five years in Ohio and Midwest Horse Shows. The 10-year-old Pickaway Twp. fifth grader started riding at 2½ years, improving every year to become one of the top showwomen in central Ohio. Miss Judy is the daughter of Mr. and Mrs. Dale Ankrom, Route 1. (Staff Photo)

# Judy Ankrom, 10, Veteran Showwoman in Pony World

By MRS. J. E. GROOM

Trophies in the living room, trophies in the dining room, trophies everywhere but in the kitchen sink, and maybe a few there being polished up!

**All these are located in a neat ranch - style house on U. S. Route 23 south in the home of Mr. and Mrs. Dale Ankrom and their daughter, Judy.**

Between 10-year-old Judy, her lumber yard owner father, Dale, mother, Gladys, and ponies, "Little Wonder" and "Gunsmoke", they have compiled 56 trophies and many more ribbons since Miss Judy started competing in horse shows five years ago.

The stable operates under the name of Ankrom Pony Stables, Route 1. Judy, a Pickaway Twp. fifth grader, is chief showman.

* * *

"LITTLE WONDER", a 47½-inch bay Western Show pony, has been the chief prize winner. With Judy in the saddle, he won 29 trophies last spring, summer and fall.

He is shown under Western tack show buggy, model classes and in lead-line classes. Incidentally, he accustoms himself to all classes.

The Ankrom pride and joy is all action under the saddle and in harness, but gentleness itself in the lead-line classes.

**He was championship Western Pony in Ohio for 1959 and in the Western Horse Assn., plus Championship Western and Model Pony in the Southeastern Ohio Horse Exhibitors' Assn.**

"Gunsmoke", a 50-inch dappled grey Hackney Stallion is another veteran of Ankrom Stables. He was shown in parade, harness and model classes last year, winning seven trophies and many ribbons.

The Ankroms are planning to show some new stock this year. "The Quiz Kid", a 51-inch seal brown gelding, will be shown in Western Pony classes.

* * *

"THE SENATOR", a 48½-inch bay gelding, probably will be shown under western saddle and in harness classes. "The King Pin", a three-year-old dappled sorrel stallion, will be shown in model and harness classes.

A 55-inch, five-year-old sorrel gelding will be used by Diana Ankrom, Dale's niece. He will be her mount in the 4-H Equitation Club. She is the daughter of Mr. and Mrs. Allen Ankrom, 1111 S. Court St.

At a recent Dalaware show, the Ankroms annexed one first, five seconds and a fourth, for a good 1960 start.

**Little Wonder, Gunsmoke, The Quiz Kid and The Senator are being schooled in Columbus under the guidance of trainer Charles Turner.**

The Ankroms journey to Columbus approximately twice a week so Judy may have a workout with the ponies. Recently Judy competed in horse shows at River Ridge, Columbus, and at the local Fairgrounds.

As the season progresses, the Ankrom's sights will be aimed higher. They plan to wind up the year at Kansas City, Kan., Royal Horse Show and Chicago, Ill., International.

* * *

THERE ARE 11 brood mares in the Ankrom setup. Some are pure-bred Hackneys and some are Shetlands. The owners raise, buy, sell and show.

Undoubtedly, they are one of the most enthusiastic supporters in the country of this particular branch of the horse world.

And no wonder, trainer Turner said Judy has the best pair of horse handling hands of any person he's ever had the pleasure to meet.

**This bright young lady started riding at 2½-years and ha sneever quit. The horse world is her life and future as well as for her parents who list their extra-curricular activities as the Parent Teachers Assn. and the horse field.**

Dale is co-owner of Ankrom Lumber & Supply, 325 W. Main St., and belongs to the Circleville Kiwanis Club.

## SPORTS BRIEFS

INDIANAPOLIS, Ind. (AP) — The 500-mile Memorial Day auto race still attracts probably the biggest paid attendance in sports. "And," said two-time winner Jimmy Bryan today, "it's still the track that separates the men from the boys."

LEBANON, Ohio (AP)—Escapade's Martha, a fleet little mare from Springfield, took the featured trot at Lebanon Raceway Monday night in a photo finish.

PORTRUSH, Northern Ireland (AP) — Chin-stroking Irishmen predicted today that if an American is to win the British Amateur golf title it likely will be Tim Holland. They like the way the tall New Yorker handles rough weather.

CLEVELAND (AP)—Jim Grant, who has 11 consecutive victories over Washington, will try to make it 12 tonight when the Cleveland Indians meet the Senators at Municipal Stadium.

### Savings Bank To Meet

The Circleville Savings and Banking Co. Little League minors team will hold its first practice and meeting at 7 p. m. Thursday at Ted Lewis Park.

Team manager, Eddie Watson, wishes to meet with the team players and their parents.

## Koufax Allows Red-Hot Bucs Single Bingle

### Success Comes Slow To Dodger Pitcher; Cubs Edge Cincinnati

By THE ASSOCIATED PRESS

Success has come slow of late for Sandy Koufax. But when he's sharp, Sandy's spectacular.

And he never has been sharper than he was Monday night, stopping hot-hitting Pittsburgh with the first one-hitter of his major league career as the Los Angeles Dodgers defeated the National League-leading Pirates 1-0.

It was Sandy's first victory since he tied the major league strikeout record with 18 in a 5-2 decision over San Francisco last August 31. He had lost six in a row since then, four this season.

The bushy - browed lefty, a Brookyn kid with speed and a curve, struck out 10 and was perfect over the last 6 1-3 innings. It was the Pirates' first shutout of the year and trimmed their lead over idle San Francisco to one game.

In the only other NL game, Chicago's Cubs beat Cincinnati 7-6 in 13 innings on George Altman's home run.

Just one game was scheduled in the American League and the New York Yankees won it, sweeping a two-game series at Kansas City with a 4-3 decision.

The only hit off Koufax was a second-inning single by losing pitcher Bennie Daniels. It came between a pair of walks that loaded the bases with two out, but Koufax escaped by getting Dick Groat to hit into a force out. Sandy walked six in the first 2 2-3 innings, then retired the final 19 men in order.

Koufax, 24, now has 43 strikeouts for 38 2-3 innings this season, good for third behind teammate Don Drysdale (77) and Bob Friend (55) of the Pirates. He fanned Don Hoak and Bob Skinner twice. Bob Clemente, the NL batting leader (.372), was among the other strikeout victims and was held hitless for only the second time in the last 19 games.

Chicago's Cubs, now the only club in the majors to escape a shutout this season, dealt reliever Bob Grim a defeat in his first NL decision with Altman's second home run of the season. Altman came on as a late-inning replacement for Walt Moryn, who had belted a two-run homer in a four-run first off Cal McLish. The Reds hit four home runs, battling back on shots by reliever Jim Brosnan, Ed Bailey and Vada Pinson for a 4-4 tie, and then squaring it 6-all on Gus Bell's two-run homer in the 12th. Ben Johnson (2-1) won it.

The Yankees, blowing a 3-1 lead, scored the winning run in the ninth without a hit. Two walks, a wild pitch and a sacrifice fly by pinch-hitter Elston Howard did it against loser Ray Herbert (2-2). Rookie John Gabler (2-3) won in relief as the Yankees took their sixth in a row from the A's, four this year.

Joe Lapchick has coached St. John's University of Brooklyn to three New York Invitational Tournament basketball championships.

Mickey McDermott, former American League southpaw, is pitching for the Arkansas Travelers.

## Brosnan Holds Favor as Red Pinch-Hitter

CINCINNATI (AP)—When Jim Brosnan started the season with Cincinnati's Reds he expected to win maybe a dozen games—on his pitching.

After Monday night, maybe Manager Fred Hutchinson should use the former Cincinnati sandlotter in a few pinch-hitting roles.

Brosnan got his first hit of the season in the second inning — a home run. The Reds lost in 13 innings, 7-6 to Chicago, despite Jim's clout and three more Redleg circuit swats.

And characteristically in snug Crosley Field, the issue was decided on a home run—by George Altman off new Cincinnati reliever Bob Grim.

Brosnan had the Cubs under tight control for nearly seven innings of relief before turning the job over to Joe Nuxhall. The Cubs couldn't score on the bespectacled Cincinnatian and he retired 14 straight at one point.

It took tight pitching by Brosnan and Nuxhall while the Reds made up the four runs yielded to Chicago by Cal McLish in the first inning.

Vada Pinson's homer in the eighth tied it 4-4. Ed Bailey contributed a homer in the seventh, and Brosnan's home run in the second was the No. 2 Redleg marker.

In the first inning, Gus Bell singled, reached third on a wild pitch and scored on another wild fling.

The Cubs had jumped right on McLish. Richie Ashburn walked, singled by Bob Will and Ed Bouchee scored him and after Ernie Banks forced Bouchee, Walt Moryn lifted a home run.

That was the last Cub scoring until the 12th inning when Nuxhall weakened. Singles by Don Zimmer and Jerry Kindall got the rally started and Zimmer scored on Art Schult's forceout. Ashburn followed with a single and Will chipped in a scoring double.

But the Reds matched that—on Bell's fourth homer of the season after Eddie Kasko walked.

The second of the three-game series tonight will find Jim O'toole starting on the mound. Don (no-Hit) Cardwell is the Cub probable.

## Irish Jerry Set For Lebanon Pace

Emmitt Ebenhack's Irish Jerry has been entered in the first race at Lebanon Raceway tomorrow night.

Irish Jerry, with Ebenhack in the sulky, will compete in a 30 Pace for horses whose lifetime earnings are less than $200. There will be a two and three - year - old allowance.

The mile pace will be for a purse of $400. Post time at Lebanon is 8:15 p. m.

## Ex-OSU Tackle Signed by Browns

CLEVELAND (AP)—Jim Marshall, big Ohio State University tackle who played last season with Regina of the Canadian Football League, and Bob Ptacek, who was a rookie with the Cleveland Browns, will change places this year.

Cleveland coach Paul E. Brown called it "a big deal for us" and said the addition of the 238-pound Marshall will strengthen the Browns considerably.

The Browns let their option on Ptacek, former Michigan quarterback, run out and notified Regina of that intention. Ptacek when was signed by the Canadian team.

Marshall, of Columbus, a great lineman at OSU had been drafted last winter by the Browns as their sixth choice. He played last season with Regina, but became eligible for the National Football League draft when his class completed its fourth year of college football.

# Rick Spires Is Qualified For Golf Classic Sectional

Rick Spires, prominent local golfer, qualified for the National Open sectional at the Scioto course in Columbus yesterday.

Spires rounded the 36 holes with a 75-78—153. He will be one of 10 golfers from Scioto landing berths in the sectional qualifier at Cincinnati's Clovernook June 6.

Spires was one of three golfers who survived a playoff and earned a spot in the Cincinnati sectional.

Bob Bisciotti, Pickaway Country Club pro, participated in the first round, but withdrew in the second.

A New Philadelphia professional, a freshman on the Ohio State golf team and a Cincinnati blanket salesman paced the Ohio qualifiers.

In all, 34 players from three district qualifiers—at Canton, Columbus and Cincinnati—advance to the sectional qualifier at Cincinnati. Sectional qualifiers will earn berths at the national tourney in Denver June 16-18.

Monday's best round was turned in by Charles Wipperman, 43-year-old pro at the Union club in New Philadelphia. He birdied nine holes and had an eagle on another as he toured the Canton Brookside course in a four-under-par 70-70—140 to lead 16 qualifiers.

The Cincinnati blanket salesman, Roger McManus, fired a two-under-par 70-70—140 over Western Hills County Club's 6,415-yard layout to pace eight qualifiers. McManus was a semifinalist in the 1958 National Amateur.

Don Stickney, 19-year-old Ohio State freshman, led the 10 Columbus district qualifiers with a two-under par 72-74—146 over the 6,067 - yard Scioto Country Club course. The 130-pound six-foot Columbus boy beat Jackie Nicklaus in the quarterfinals of the 1958 Ohio Amateur only to lose in the semifinals.

Nicklaus, National Amateur champion and a 20-year-old Columbus junior on the Ohio State golf team, did not participate in the district qualifier. He automatically qualified for the National Open by being among the top 20 open finishers last year.

A total of 179 players parucipated in the three qualifiers—81 at Canton, 54 at Columbus and 44 at Cincinnati.

Among successful ones were (x-amateur):

**AT CANTON**

x-Don Nist Jr., Canton 71-76—147
Leo Biagetti, Ashland 75-74—149
Ross Carley, Mansfield 75-75—150
x-Jack Whalen, Canton 78-72—150
x-Mike Kosar Jr., Massillon 78-72—150

**AT COLUMBUS**

Don Shock, Lancaster 78-73—151
Richard Spires, Circleville 75-78—153
x—Robert Seyler, Mansfield 77-76—153

Bob Jones would like to see the name "Robert T. Jones" on the big scoreboard at the National Open golf tournament again, and he is halfway there.

But this isn't Robert T. Jones, of grand slam fame. It's his son, Robert T. III, who never took up the game with the same competitive zeal as did the immortal champion from Atlanta.

Robert T. Jones III, 33, a bottling executive from Pittsfield, Mass., was one of the more than 400 who qualified in district trials Monday for the 60th Open championship, to be contested at the Cherry Hills Country Club in Denver June 16-18.

A stocky, blond man with many of his father's characteristics, the younger Jones led at the trials at Albany, N.Y., by shooting rounds of 71-74—145. He looked like the famous Bobby around the greens, using only 56 putts.

"I'm just a weekend golfer," Jones said, "but I'd like to play in at least one Open."

He has qualified for the National Amateur but the younger Jones never has played in the Open championship, which his dad won four times.

Like others who qualified Monday, Jones still must survive the sectional trials June 6-7 when the field will be cut to 150.

Most of the top name golfers were exempt from the district qualifying. The biggest casualty was Jim Ferree of Winston Salem, N.C., one of the regulars on the tour, who collapsed in the 90-degree heat at Little Rock and failed to finish.

The best scores of the day were a trio of 133s at the par 70 La Jolla, Calif., Country Club course, although Jimmy Clark, veteran Saticoy, Calif., pro, actually had a better performance with an 8-under-par 134 with a pair of 67s at Little Rock.

Pro Don Dollett, and amateurs M.O. Johnson and Chuck Courtney had 133s—seven under par at La Jolla.

Eddie Langert, young Minneapolis pro, also was 7 under with 66-69—135 and Joe Taylor, Charleston, W.Va., had 71-65—136—both on par 72 courses.

## Wilmington Has Best Shot At Loop Title

The South Central Ohio baseball league race currently stands a little cloudy as far as a new champion is concerned.

**Howevern the fog may fade today when Wilmington entertains Greenfield McClain. Wilmington currently leads the league following Saturday's doubleheader victory over Franklin Heights.**

The twin win soared Wilmington's title stock to a new high. The Hurricane owns a 9-2 record and first place in the loop. Franklin Heights has suffered three defeats, including an earlier loss to Greenfield.

Other league records at present include Washington C. H., 6-3-1, and Circleville 4-5-1. Circleville is the defending champion.

* * *

IF Wilmington downs Greenfield today, the SCO crown is practically in the hands of the Hurricane. If this happens, other SCO schools probably will cancel their remaining games.

Franklin Heights had a firm hold on first place until Saturday's losses to Wilmington. Both Wilmington defeats were at the hands of Washington C. H.

Circleville still has scheduled games with Franklin Heights and Greenfield, but probably will cancel them if Wilmington grabs a win today.

### Blue Ribbon To Meet

The Blue Ribbon Dairy Little League minors team will practice at 6 p. m. Wednesday on the Atwater School playground.

TROPHIES GALORE — Here is Miss Judy Ankrom surrounded by 56 trophies she has won in the past five years in Ohio and Midwest Horse Shows. The 10-year-old Pickaway Twp. fifth grader started riding at 2½ years, improving every year to become one of the top showwomen in central Ohio. Miss Judy is the daughter of Mr. and Mrs. Dale Ankrom, Route 1. (Staff Photo)

# Judy Ankrom, 10, Veteran Showwoman in Pony World

By MRS. J. E. GROOM

Trophies in the living room, trophies in the dining room, trophies everywhere but in the kitchen sink, and maybe a few there being polished up!

**All these are located in a neat ranch - style house on U. S. Route 23 south in the home of Mr. and Mrs. Dale Ankrom and their daughter, Judy.**

Between 10-year-old Judy, her lumber yard owner father, Dale, mother, Gladys, and ponies, "Little Wonder" and "Gunsmoke", they have compiled 56 trophies and many more ribbons since Miss Judy started competing in horse shows five years ago.

The stable operates under the name of Ankrom Pony Stables, Route 1. Judy, a Pickaway Twp. fifth grader, is chief showman.

* * *

"LITTLE WONDER", a 47½-inch bay Western Show pony, has been the chief prize winner. With Judy in the saddle, he won 29 trophies last spring, summer and fall.

He is shown under Western tack show buggy, model classes and in lead-line classes. Incidentally, he accustoms himself to all classes.

The Ankrom pride and joy is all action under the saddle and in harness, but gentleness itself in the lead-line classes.

**He was championship Western Pony in Ohio for 1959 and in the Western Horse Assn., plus Championship Western and Model Pony in the Southeastern Ohio Horse Exhibitors' Assn.**

"Gunsmoke", a 50-inch dappled grey Hackney Stallion is another veteran of Ankrom Stables. He was shown in parade, harness and model classes last year, winning seven trophies and many ribbons.

The Ankroms are planning to show some new stock this year. "The Quiz Kid", a 51-inch seal brown gelding, will be shown in Western Pony classes.

* * *

"THE SENATOR", a 48½-inch bay gelding, probably will be shown under western saddle and in harness classes. "The King Pin", a three-year-old dappled sorrel stallion, will be shown in model and harness classes.

A 55-inch, five-year-old sorrel gelding will be used by Diana Ankrom, Dale's niece. He will be her mount in the 4-H Equitation Club. She is the daughter of Mr. and Mrs. Allen Ankrom, 1111 S. Court St.

At a recent Dalaware show, the Ankroms annexed one first, five seconds and a fourth, for a good 1960 start.

**Little Wonder, Gunsmoke, The Quiz Kid and The Senator are being schooled in Columbus under the guidance of trainer Charles Turner.**

The Ankroms journey to Columbus approximately twice a week so Judy may have a workout with the ponies. Recently Judy competed in horse shows at River Ridge, Columbus, and at the local Fairgrounds.

As the season progresses, the Ankrom's sights will be aimed higher. They plan to wind up the year at Kansas City, Kan., Royal Horse Show and Chicago, Ill., International.

* * *

THERE ARE 11 brood mares in the Ankrom setup. Some are purebred Hackneys and some are Shetlands. The owners raise, buy, sell and show.

Undoubtedly, they are one of the most enthusiastic supporters in the country of this particular branch of the horse world.

And no wonder, trainer Turner said Judy has the best pair of horse handling hands of any person he's ever had the pleasure to meet.

**This bright young lady started riding at 2½-years and ha snever quit. The horse world is her life and future as well as for her parents who list their extra-curricular activities as the Parent Teachers Assn. and the horse field.**

Dale is co-owner of Ankrom Lumber & Supply, 325 W. Main St., and belongs to the Circleville Kiwanis Club.

## SPORTS BRIEFS

INDIANAPOLIS, Ind. (AP) — The 500-mile Memorial Day auto race still attracts probably the biggest paid attendance in sports. "And," said two-time winner Jimmy Bryan today, "it's still the track that separates the men from the boys."

LEBANON, Ohio (AP)—Escapade's Martha, a fleet little mare from Springfield, took the featured trot at Lebanon Raceway Monday night in a photo finish.

PORTRUSH, Northern Ireland (AP) — Chin-stroking Irishmen predicted today that if an American is to win the British Amateur golf title it likely will be Tim Holland. They like the way the tall New Yorker handles rough weather.

CLEVELAND (AP)—Jim Grant, who has 11 consecutive victories over Washington, will try to make it 12 tonight when the Cleveland Indians meet the Senators at Municipal Stadium.

### Savings Bank To Meet

The Circleville Savings and Banking Co. Little League minors team will hold its first practice and meeting at 7 p. m. Thursday at Ted Lewis Park.

Team manager, Eddie Watson, wishes to meet with the team players and their parents.

## Ex-OSU Tackle Signed by Browns

CLEVELAND (AP)—Jim Marshall, big Ohio State University tackle who played last season with Regina of the Canadian Football League, and Bob Ptacek, who was a rookie with the Cleveland Browns, will change places this year.

Cleveland coach Paul E. Brown called it "a big deal for us" and said the addition of the 238-pound Marshall will strengthen the Browns considerably.

The Browns let their option on Ptacek, former Michigan quarterback, run out and notified Regina of that intention. Ptacek when was signed by the Canadian team.

Marshall, of Columbus, a great lineman at OSU had been drafted last winter by the Browns as their sixth choice. He played last season with Regina, but became eligible for the National Football League draft when his class completed its fourth year of college football.

# Koufax Allows Red-Hot Bucs Single Bingle

### Success Comes Slow To Dodger Pitcher; Cubs Edge Cincinnati

By THE ASSOCIATED PRESS

Success has come slow of late for Sandy Koufax. But when he's sharp, Sandy's spectacular.

And he never has been sharper than he was Monday night, stopping hot-hitting Pittsburgh with the first one-hitter of his major league career as the Los Angeles Dodgers defeated the National League-leading Pirates 1-0.

It was Sandy's first victory since he tied the major league strikeout record with 18 in a 5-2 decision over San Francisco last August 31. He had lost six in a row since then, four this season.

The bushy - browed lefty, a Brookyn kid with speed and a curve, struck out 10 and was perfect over the last 6 1-3 innings. It was the Pirates' first shutout of the year and trimmed their lead over idle San Francisco to one game.

In the only other NL game, Chicago's Cubs beat Cincinnati 7-6 in 13 innings on George Altman's home run.

Just one game was scheduled in the American League and the New York Yankees won it, sweeping a two-game series at Kansas City with a 4-3 decision.

The only hit off Koufax was a second-inning single by losing pitcher Bennie Daniels. It came between a pair of walks that loaded the bases with two out, but Koufax escaped by getting Dick Groat to hit into a force out. Sandy walked six in the first 2 2-3 innings, then retired the final 19 men in order.

Koufax, 24, now has 43 strikeouts for 38 2-3 innings this season, good for third behind teammate Don Drysdale (77) and Bob Friend (55) of the Pirates. He fanned Don Hoak and Bob Skinner twice. Bob Clemente, the NL batting leader (.372), was among the other strikeout victims and was held hitless for only the second time in the last 19 games.

Chicago's Cubs, now the only club in the majors to escape a shutout this season, dealt reliever Bob Grim a defeat in his first NL decision with Altman's second home run of the season. Altman came on as a late-inning replacement for Walt Moryn, who had belted a two-run homer in a four-run first off Cal McLish. The Reds hit four home runs, battling back on shots by reliever Jim Brosnan, Ed Bailey and Vada Pinson for a 4-4 tie, and then squaring it 6-all on Gus Bell's two-run homer in the 12th. Ben Johnson (2-1) won it.

The Yankees, blowing a 3-1 lead, scored the winning run in the ninth without a hit. Two walks, a wild pitch and a sacrifice fly by pinch-hitter Elston Howard did it against loser Ray Herbert (2-2). Rookie John Gabler (2-3) won in relief as the Yankees took their sixth in a row from the A's, four this year.

Joe Lapchick has coached St. John's University of Brooklyn to three New York Invitational Tournament basketball championships.

Mickey McDermott, former American League southpaw, is pitching for the Arkansas Travelers.

# Brosnan Holds Favor as Red Pinch-Hitter

CINCINNATI (AP)—When Jim Brosnan started the season with Cincinnati's Reds he expected to win maybe a dozen games—on his pitching.

After Monday night, maybe Manager Fred Hutchinson should use the former Cincinnati sandlotter in a few pinch-hitting roles.

Brosnan got his first hit of the season in the second inning — a home run. The Reds lost in 13 innings, 7-6 to Chicago, despite Jim's clout and three more Redleg circuit swats.

And characteristically in snug Crosley Field, the issue was decided on a home run—by George Altman off new Cincinnati reliever Bob Grim.

Brosnan had the Cubs under tight control for nearly seven innings of relief before turning the job over to Joe Nuxhall. The Cubs couldn't score on the bespectacled Cincinnatian and he retired 14 straight at one point.

It took tight pitching by Brosnan and Nuxhall while the Reds made up the four runs yielded to Chicago by Cal McLish in the first inning.

Vada Pinson's homer in the eighth tied it 4-4. Ed Bailey contributed a homer in the seventh, and Brosnan's home run in the second was the No. 2 Redleg marker.

In the first inning, Gus Bell singled, reached third on a wild pitch and scored on another wild fling.

The Cubs had jumped right on McLish. Richie Ashburn walked, singled by Bob Will and Ed Bouchee scored him and after Ernie Banks forced Bouchee, Walt Moryn lifted a home run.

That was the last Cub scoring until the 12th inning when Nuxhall weakened. Singles by Don Zimmer and Jerry Kindall got the rally started and Zimmer scored on Art Schult's forceout. Ashburn followed with a single and Will chipped in a scoring double.

But the Reds matched that—on Bell's fourth homer of the season after Eddie Kasko walked.

The second of the three-game series tonight will find Jim O'toole starting on the mound. Don (no-Hit) Cardwell is the Cub probable.

## Irish Jerry Set For Lebanon Pace

Emmitt Ebenhack's Irish Jerry has been entered in the first race at Lebanon Raceway tomorrow night.

Irish Jerry, with Ebenhack in the sulky, will compete in a 30 Pace for horses whose lifetime earnings are less than $200. There will be a two and three - year - old allowance.

The mile pace will be for a purse of $400. Post time at Lebanon is 8:15 p. m.

# Rick Spires Is Qualified For Golf Classic Sectional

Rick Spires, prominent local golfer, qualified for the National Open sectional at the Scioto course in Columbus yesterday.

Spires rounded the 36 holes with a 75-78—153. He will be one of 10 golfers from Scioto landing berths in the sectional qualifier at Cincinnati's Clovernook June 6.

Spires was one of three golfers who survived a playoff and earned a spot in the Cincinnati sectional.

Bob Bisciotti, Pickaway Country Club pro, participated in the first round, but withdrew in the second.

A New Philadelphia professional, a freshman on the Ohio State golf team and a Cincinnati blanket salesman paced the Ohio qualifiers.

In all, 34 players from three district qualifiers—at Canton, Columbus and Cincinnati—advance to the sectional qualifier at Cincinnati. Sectional qualifiers will earn berths at the national tourney in Denver June 16-18.

Monday's best round was turned in by Charles Wipperman, 43-year-old pro at the Union club in New Philadelphia. He birdied nine holes and had an eagle on another as he toured the Canton Brookside course in a four-under-par 70-70—140 to lead 16 qualifiers.

The Cincinnati blanket salesman, Roger McManus, fired a two-under-par 70-70—140 over Western Hills County Club's 6,415-yard layout to pace eight qualifiers. McManus was a semifinalist in the 1958 National Amateur.

Don Stickney, 19-year-old Ohio State freshman, led the 10 Columbus district qualifiers with a two-under par 72-74—146 over the 6,067 - yard Scioto Country Club course. The 150-pound six-foot Columbus boy beat Jackie Nicklaus in the quarterfinals of the 1958 Ohio Amateur only to lose in the semifinals.

Nicklaus, National Amateur champion and a 20-year-old Columbus junior on the Ohio State golf team, did not participate in the district qualifier. He automatically qualified for the National Open by being among the top 20 open finishers last year.

A total of 179 players participated in the three qualifiers—81 at Canton, 54 at Columbus and 44 at Cincinnati.

Among successful ones were (x-amateur):

**AT CANTON**

x-Don Nist Jr., Canton 71-76—147
Leo Biagetti, Ashland 75-74—149
Ross Carley, Mansfield 75-75—150
x-Jack Whalen, Canton 78-72—150
x-Mike Kosar Jr., Massillon 78-72—150

**AT COLUMBUS**

Don Shock, Lancaster 78-73—151
Richard Spires, Circleville 75-78—153
x—Robert Seyler, Mansfield 77-76—153

Bob Jones would like to see the name "Robert T. Jones" on the big scoreboard at the National Open golf tournament again, and he is halfway there.

But this isn't Robert T. Jones, of grand slam fame. It's his son, Robert T. III, who never took up the game with the same competitive zeal as did the immortal champion from Atlanta.

Robert T. Jones III, 33, a bottling executive from Pittsfield, Mass., was one of the more than 400 who qualified in district trials Monday for the 60th Open championship, to be contested at the Cherry Hills Country Club in Denver June 16-18.

A stocky, blond man with many of his father's characteristics, the younger Jones led at the trials at Albany, N.Y., by shooting rounds of 71-74—145. He looked like the famous Bobby around the greens, using only 56 putts.

"I'm just a weekend golfer," Jones said, "but I'd like to play in at least one Open."

He has qualified for the National Amateur but the younger Jones never has played in the Open championship, which his dad won four times.

Like others who qualified Monday, Jones still must survive the sectional trials June 6-7 when the field will be cut to 150.

Most of the top name golfers were exempt from the district qualifying. The biggest casualty was Jim Ferree of Winston Salem, N.C., one of the regulars on the tour, who collapsed in the 90-degree heat at Little Rock and failed to finish.

The best scores of the day were a trio of 133s at the par 70 La Jolla, Calif., Country Club course, although Jimmy Clark, veteran Saticoy, Calif., pro, actually had a better performance with an 8-under-par 134 with a pair of 67s at Little Rock.

Pro Don Dollett, and amateurs M.O. Johnson and Chuck Courtney had 133s—seven under par at La Jolla.

Eddie Langert, young Minneapolis pro, also was 7 under with 66-69—135 and Joe Taylor, Charleston, W.Va., had 71-65—136—both on par 72 courses.

# Wilmington Has Best Shot At Loop Title

The South Central Ohio baseball league race currently stands a little cloudy as far as a new champion is concerned.

**Howevern the fog may fade today when Wilmington entertains Greenfield McClain. Wilmington currently leads the league following Saturday's doubleheader victory over Franklin Heights.**

The twin win soared Wilmington's title stock to a new high. The Hurricane owns a 9-2 record and first place in the loop. Franklin Heights has suffered three defeats, including an earlier loss to Greenfield.

Other league records at present include Washington C. H., 6-3-1, and Circleville 4-5-1. Circleville is the defending champion.

* * *

IF Wilmington downs Greenfield today, the SCO crown is practically in the hands of the Hurricane. If this happens, other SCO schools probably will cancel their remaining games.

Franklin Heights had a firm hold on first place until Saturday's losses to Wilmington. Both Wilmington defeats were at the hands of Washington C. H.

Circleville still has scheduled games with Franklin Heights and Greenfield, but probably will cancel them if Wilmington grabs a win today.

PICKAWAY COUNTY GENERAL HEALTH DISTRICT
—SANITARY REGULATIONS—

ORDERS AND REGULATIONS GOVERNING THE INSTALLATION AND OPERATION OF WATER SUPPLIES, PRIVIES, PRIVY VAULTS, SEWERAGE AND SEWAGE DISPOSAL EQUIPMENT, MISCELLANEOUS SANITATION REQUIREMENTS NOT OTHERWISE CONTROLLED BY THE LAWS OF OHIO OR THE REGULATIONS OF THE OHIO DEPARTMENT OF HEALTH.

Be it ordered by the board of health of the (County) Health District:

WATER SUPPLIES

**Section 1.** Orders to improve water supplies. A water supply for drinking and general domestic purposes which is found by the health commissioner to be impure or subject to contamination by reason of unsatisfactory location, protection or construction is hereby declared to be a nuisance and the health commissioner shall order the owner of such water supply to abandon it and make it unavailable for use or to make improvements, corrections and changes so as to provide a water supply not subject to contamination; and he shall fix the time for compliance with such order.

SATISFACTORY COMPLIANCE. Location of wells. A well should be located the maximum practical distance from contaminating influences and should in any instance be located not less than thirty (30) feet from a water-tight sewage tank or privy vault and fifty (50) feet from any type of sewage leaching device, leaching vault privy, sewage filter, or other contaminating surroundings.

Development of water supplies. All water supplies should be installed and developed in accordance with or equal to the recommendation of the Ohio Department of Health as set forth in the bulletins "The Well Supplied Home", "Safe Water for the Rural Home", and the recommendations of the Ohio Water Resources Board as set forth in the bulletin "Ohio Water Well Construction Code" published in 1946.

**Section 2.** Abandoned water supplies. When a well, spring or other source of water supply is abandoned on account of its impurity or in accordance with an order of the health commissioner, it shall be sealed in accordance with the requirements of the Ohio Water Resources Board or otherwise made unavailable as a source of water supply in a manner satisfactory to the health commissioner.

PRIVIES, PRIVY VAULTS AND CHEMICAL PRIVY TANKS

**Section 3.** Permits for privies and privy vaults. No person shall install or change a privy or privy vault until the location and construction plans therefore have been approved by the health commissioner and a written permit has been issued by the health commissioner.

SATISFACTORY COMPLIANCE. Specifications for privies and privy vaults. The construction of a privy and privy vault should be as follows: The privy should be provided with a water-tight vault or other water-tight receptacle which should be of not less than five hundred (500) gallons capacity, provided, however, that the vault may be constructed with an open or porous bottom to permit leaching away of the liquid contents, if the vault is located not less than fifty (50) feet from any private or one-hundred (100) feet from any semi-public water supply, not less than three hundred (300) feet from any municipal water supply and at a location such that the liquids leaching from the vault will not discharge at the ground surface or into a sink hole, crevice or other opening extending into limestone, sandstone or other rock or shale formation. No privy or privy vault should be located less than thirty (30) feet from a building of human occupancy or street line or less than two (2) feet from any lot or alley line. The construction of the vault superstructure shall be such as to prevent access to the vault of flies, insects, rats, chickens and other fowls and animals. The design of the privy and privy vault shall be in accordance with or equal to the recommendations of the Ohio Department of Health.

**Section 4.** Privies prohibited; abandoned privies. No privy or privy vault shall be installed on property accessable to a sanitary sewer. Whenever an approved sanitary sewer is made available, any privy or privy vault on such property shall be abandoned and connection made direct from the building to the sewer. An abandoned privy vault shall be thoroughly cleaned and disinfected and filled to the ground surface with earth, ashes or other suitable filling material.

**Section 5.** Cleaning of privy vaults. No tenant, occupant or owner, or agent of such tenant, occupant or owner of any building or premises shall remove or permit or cause to be removed the contents of a privy vault without a written permit from the health commissioner, except that a scavenger having a permit, as provided for in Section 17 may be considered authorized to do such work without an additional permit. Privy vaults should be cleaned thoroughly not less than once each year. The vault shall not be permitted to become filled to the top.

SEWERAGE AND SEWAGE DISPOSAL

**Section 6.** Disposal of house slops. No person shall discharge or permit to be discharged urine, fecal matter, contents of a chemical commode, kitchen wastes, laundry wastes, slop sink drainage, or other household wastes, onto the surface of the ground or into a street, road, alley, open excavation, abandoned well or cistern, storm water sewer, land drain ditch, watercourse, or body of water. Such wastes shall be buried in a suitable place, deposited in a privy vault or discharged into an approved sanitary sewer or an approved sewage disposal system.

**Section 7.** Discharge of sewage prohibited. No person shall discharge, or permit or cause to be discharged, untreated sewage, the overflow, drainage or contents of a sewage tank or other putrescible or offensive wastes onto the surface of the ground or into any street, road, alley, open excavation, storm water sewer, land drain ditch, watercourse or body of water, unless a written permit therefore has been obtained from the health commissioner. No person shall discharge or permit to be discharged sewage, the overflow, drainage, or contents of a sewage tank or other putrescible, impure or offensive wastes into an abandoned water supply well, spring or cistern or into a natural or artificial well, sink hole, crevice or other opening extending into limestone, sandstone, or other rock or shale formation.

**Section 8.** Sewer connections required; abandoned sewage disposal equipment. No sewage disposal device or equipment shall be installed on property accessible to an approved public sanitary sewerage system. Whenever an approved public sanitary sewerage system is made available, any sewage disposal device or equipment on such property shall be abandoned and the sewage discharged directly from the building to the said sewerage system through a properly constructed sewer without passage through the sewage tank or other treatment devices. Roof water, cistern overflow, or surface or sub-soil drainage shall not be discharged to a sanitary sewer or to sewage disposal equipment hereinafter specified. An abandoned sewage tank or other device or equipment for treatment or disposal of sewage shall be thoroughly cleaned and disinfected and filled to the ground surface with earth, ashes or other suitable filling material.

**Section 9.** Written application and permit required for each piece of work. No person, firm or corporation shall connect or cause to be connected any plumbing work with any sewers, sanitary or storm, sewage tanks or sewage disposal system of any kind, or private connections, without having first filed a written application as set forth in these regulations, and having obtained a written permit from the health commissioner of (County) Health District, except where such plumbing is connected to an approved public sanitary sewerage system under the supervision of the Board of Public Affairs or the Department of Public Service. A separate permit shall be obtained from the work on each house, and for each separate piece of work of any description, including alterations, extensions and general repairs, except for minor repairs. The permit shall specify accurately the extent of and manner in which the installation shall be made. The fee for such permit shall be $1.00.

**Section 10.** Expiration of permits. All permits are good for a continuous performance of the work named thereon; permits shall automatically expire when work ceases for a period of ninety (90) days, without good and reasonable cause for same; but shall naturally expire upon completion of work for which it was issued.

**Section 11.** Plot plan. When an application is made for a permit for the installation of sewerage and a sewage disposal system, a plot plan giving all pertinent information shall be submitted.

**Section 12.** Sewage or settling tank. The sewage tank shall be of not less than five hundred (500) gallon capacity and shall be of an approved design.

SATISFACTORY COMPLIANCE. The sewage tank should be located not less than thirty (30) feet and preferably not less than fifty (50) feet from any well, spring, cistern, twenty (20) feet from any dwelling, and two (2) feet from any lot lines. Tanks of larger than 500 gallon capacity may be desired.

**Section 13.** Leaching or filtering device. The leaching or filtering device shall be of an approved design. A leaching device will only be permitted where the subsoil is free from rock or shale formation, and is sufficiently porous to facilitate the absorption of the effluent from the sewage tank.

SATISFACTORY COMPLIANCE. The leaching device if of the cesspool type, should have a capacity of at least twice that of the sewage tank. The leaching device if of tile field type should be not less than 75 feet in length for a clean coarse sand or gravel subsoil and of greater lengths for subsoils of lesser porosities. The leaching or filtering device should be located not less than fifty (50) feet from any well, spring, or cistern, twenty (20) feet from any building of human occupancy, and two (2) feet from any lot line.

REFERENCE — "Plans for Installing Sewage Disposal for the Modern Home" — Ohio Department of Health, 1958.

**Section 14.** Cleaning of sewage tank. A written permit shall be secured from the health commissioner for the cleaning of a sewage tank, which permit shall state the conditions under which the material shall be removed and disposed of; except that the cleaning may be done without an additional permit by a scavenger having a permit as provided in Section 17.

SATISFACTORY COMPLIANCE. A water-tight sewage tank should be cleaned at intervals not greater than three (3) years and more frequently if necessary to prevent discharge of solids through the overflow.

MISCELLANEOUS SANITATION REQUIREMENTS

**Section 15.** Garbage and offal. For the purpose of these regulations, garbage shall include wastes of a putrescible nature produced in household, hotel and restaurant kitchens; also wastes of vegetable, animal, fish or fowl origin from markets, groceries and similar establishments. No person shall place or deposit or permit to be placed or deposited garbage, offal or any other putrescible refuse of vegetable, animal, fish or fowl origin in any street, alley, road open excavation, abandoned well or cistern, ditch, stream or body of water, or on the surface of the ground, or in any other manner deemed improper by the health commissioner, provided, however, that this regulation shall not prohibit the depositing of such wastes for the purpose of feeding animals and fowls as hereinafter provided. Unless disposed of immediately after production, such wastes shall be stored in water-tight metal containers with tight fitting lids and upon removal from such containers shall be properly disposed of in a manner to avoid the creation of nuisance or the pollution of a public or private water supply.

**Section 16.** Collection and disposal. Unless a general system of collection and disposal of garbage, satisfactory to the health commissioner and authorized as provided in Section 17 is maintained, such wastes shall be disposed of by the producer by burial, burning, feeding or reduction. If burial is practiced, the wastes shall be deposited in a manner and at a location satisfactory to the health commissioner. If burning is practiced the wastes shall be destroyed by a hot fire in a furnace or stove. If feeding is practiced the wastes shall be fed in a manner and at a location satisfactory to the health commissioner and the Department of Agriculture. Such feeding place shall at all times be maintained so as not to create a nuisance. If reduction is practiced the wastes shall be cooked in enclosed containers and suitable provision shall be made to avoid escape of offensive odors and waste liquids in cooking and drying.

**Section 17.** Permits for scavengers and garbage collectors. No person, firm or corporation shall engage in the collection and removal of the contents of privy vaults or sewage tanks, swill, garbage or offal in the (County) Health District until a permit therefore is obtained from the health commissioner. The permits shall be issued for such periods and at such times as deemed advisable by the health commissioner. The permit shall state the conditions under which the material shall be removed and disposed of. Any and all permits may be revoked at any time at the discretion of the health commissioner.

**Section 18.** Dead animals. No person shall place or deposit or permit to be placed or deposited the carcass of a dead animal in any street, alley, road, open excavation, abandoned well or cistern, ditch, stream or body of water, or onto the surface of the ground or in any other manner deemed improper by the health commissioner. The owner or occupant of the land on which the carcass of a dead animal is found shall promptly provide for its proper removal and disposal. The carcass shall be disposed of in a manner to avoid the creation of nuisance or the pollution of a public or private water supply, by burning in a crematory suitable for the purpose, by reduction in a plant operating under license of the Ohio Department of Agriculture or by burial at least three (3) feet of earth cover at a point not within a municipal corporation and not less than five hundred (500) feet from any public or private water supply, building of human occupancy, road, stream or body of water.

**Section 19.** Manure. No person shall place or deposit manure, produced by the keeping of an animal or animals of the horse, mule or cattle kind, in any street, alley, road, open excavation, abandoned well or cistern, ditch, stream or body of water, or in any other deemed improper by the health commissioner. Every person owning or keeping in a stable, stall or compartment, any animal of the horse, mule or cattle kind, shall store the manure in a manner satisfactory to the health commissioner.

**Section 20.** Nuisances. Where a nuisance, as defined in Section 3767.13-3767.99 of the Revised Code, is found in any building or upon any ground or premises within the (County) Health District notice in writing shall be given by the health commissioner to the owner and—or occupant of such building or premises to abate such nuisance. The time for complying with the order shall be specified in such notice. In case of neglect of refusal to abate the nuisance in accordance with such notice, the health commissioner shall cause said owner or occupant to be prosecuted as provided by law.

**Section 21.** Penalty. Section 3707.48 of the Revised Code of Ohio provides: "No person shall violate sections 3707.01 to 3707.53, inclusive, of the Revised Code, or any order or regulation of the board of health of a city or general health district made in pursuance thereof, obstruct or interfere with the execution of such order, or willfully or illegally omit to obey such order."

**Section 22.** Unconstitutionality. Should any section, paragraph, sentence, clause or phrase of the foregoing regulations be declared unconstitutional or invalid for any reason, the remainder of said regulations shall not be affected thereby.

**Section 23.** Repeal. Any regulation of the (County) Health District in conflict or inconsistent with the provisions of these regulations is hereby repealed.

PICKAWAY COUNTY GENERAL HEALTH DISTRICT
—SANITARY REGULATIONS—

ORDERS AND REGULATIONS GOVERNING THE INSTALLATION AND OPERATION OF WATER SUPPLIES, PRIVIES, PRIVY VAULTS, SEWERAGE AND SEWAGE DISPOSAL EQUIPMENT, MISCELLANEOUS SANITATION REQUIREMENTS, NOT OTHERWISE CONTROLLED BY THE LAWS OF OHIO OR THE REGULATIONS OF THE OHIO DEPARTMENT OF HEALTH.

Be it ordered by the board of health of the (County) Health District:

WATER SUPPLIES

Section 1. Orders to improve water supplies. A water supply for drinking and general domestic purposes which is found by the health commissioner to be impure or subject to contamination by reason of unsatisfactory location, protection or construction is hereby declared to be a nuisance and the health commissioner shall order the owner of such water supply to abandon it and make it unavailable for use or to make improvements, corrections and changes so as to provide a water supply not subject to contamination; and he shall fix the time for compliance with such order.

SATISFACTORY COMPLIANCE. Location of wells. A well should be located the maximum practical distance from contaminating influences and should in any instance be located not less than 10 (10) feet from a watertight sewage tank or privy vault and fifty (50) feet from any type of sewage leaching device, leaching vault privy, sewage filter, or other contaminating surroundings.

Development of water supplies. All water supplies should be installed and developed in accordance with or equal to the recommendation of the Ohio Department of Health as set forth in the bulletins "The Well Supplied Home", "Safe Water for the Rural Home", and the recommendations of the Ohio Water Resources Board as set forth in the bulletin "Ohio Water Well Construction Code" published in 1946.

Section 2. Abandoned water supplies. When a well, spring or other source of water supply is abandoned on account of its impurity or in accordance with an order of the health commissioner, it shall be sealed in accordance with the requirements of the Ohio Water Resources Board or otherwise made unavailable as a source of water supply in a manner satisfactory to the health commissioner.

PRIVIES, PRIVY VAULTS AND CHEMICAL PRIVY TANKS

Section 3. Permits for privies and privy vaults. No person shall install or change a privy or privy vault until the location and construction plans therefore have been approved by the health commissioner and a written permit has been issued by the health commissioner.

SATISFACTORY COMPLIANCE. Specifications for privies and privy vaults. The construction of a privy and privy vault should be as follows: The privy should be provided with a water-tight vault or other water-tight receptacle which should be of not less than five hundred (500) gallons capacity, provided, however, that the vault may be constructed with an open or porous bottom to permit leaching away of the liquid contents, if the vault is located not less than fifty (50) feet from any private or one-hundred (100) feet from any semi-public water supply, not less than three hundred (300) feet from any municipal water supply and at a location such that the liquids leaching from the vault will not discharge at the ground surface or into a sink hole, crevice or other opening extending into limestone, sandstone or other rock or shale formation. No privy or privy vault should be located less than thirty (30) feet from a building of human occupancy or street line or less than two (2) feet from any lot or alley line. The construction of the vault superstructure shall be such as to prevent access to the vault of flies, insects, rats, chickens and other fowls and animals. The design of the privy and privy vault shall be in accordance with or equal to the recommendations of the Ohio Department of Health.

Section 4. Privies prohibited; abandoned privies. No privy or privy vault shall be installed on property accessable to a sanitary sewer. Whenever an approved sanitary sewer is made available, any privy or privy vault on such property shall be abandoned and connection made direct from the building to the sewer. An abandoned privy vault shall be thoroughly cleaned and disinfected and filled to the ground surface with earth, ashes or other suitable filling material.

Section 5. Cleaning of privy vaults. No tenant, occupant or owner, or agent of such tenant, occupant or owner of any building or premises shall remove or permit or cause to be removed the contents of a privy vault without a written permit from the health commissioner, except that a scavenger having a permit, as provided for in Section 17 may be considered authorized to do such work without an additional permit. Privy vaults should be cleaned thoroughly not less than once each year. The vault shall not be permitted to become filled to the top.

SEWERAGE AND SEWAGE DISPOSAL

Section 6. Disposal of house slops. No person shall discharge or permit to be discharged urine, fecal matter, contents of a chemical commode, kitchen wastes, laundry wastes, slop sink drainage, or other household wastes, onto the surface of the ground or into a street, road, alley, open excavation, abandoned well or cistern, storm water sewer, land drain ditch, watercourse or body of water. Such wastes shall be buried in a suitable place, deposited in a privy vault or discharged into an approved sanitary sewer or an approved sewage disposal system.

Section 7. Discharge of sewage prohibited. No person shall discharge, or permit or cause to be discharged, untreated sewage, the overflow, drainage or contents of a sewage tank or other putrescible or offensive wastes onto the surface of the ground or into any street, road, alley, open excavation, storm water sewer, land drain ditch, watercourse or body of water, unless a written permit therefore has been obtained from the health commissioner. No person shall discharge or permit to be discharged sewage, the overflow, drainage, or contents of a sewage tank or other purtescible, impure or offensive wastes into an abandoned water supply well, spring or cistern or into a natural or artificial well, sink hole, crevice or other opening extending into limestone, sandstone, or other rock or shale formation.

Section 8. Sewer connections required; abandoned sewage disposal equipment. No sewage disposal device or equipment shall be installed on property accessible to an approved public sanitary sewerage system. Whenever an approved public sanitary sewerage system is made available, any sewage disposal device or equipment on such property shall be abandoned and the sewage discharged directly from the building to the said sewerage system through a properly constructed sewer without passage through the sewage tank or other treatment devices. Roof water, cistern overflow, or surface or sub-soil drainage shall not be discharged to a sanitary sewer or to sewage disposal equipment hereinafter specified. An abandoned sewage tank or other device or equipment for treatment or disposal of sewage shall be thoroughly cleaned and disinfected and filled to the ground surface with earth, ashes or other suitable filling material.

Section 9. Written application and permit required for each piece of work. No person, firm or corporation shall connect or cause to be connected any plumbing work with any sewers, sanitary or storm, sewage tanks or sewage disposal system of any kind, or private connections, without having first filed a written application as set forth in these regulations, and having obtained a written permit from the health commissioner of (County) Health District, except where such plumbing is connected to an approved public sanitary sewerage system under the supervision of the Board of Public Affairs or the Department of Public Service. A separate permit shall be obtained from the work on each house, and for each separate piece of work of any description, including alterations, extensions and general repairs, except for minor repairs. The permit shall specify accurately the extent of and manner in which the installation shall be made. The fee for such permit shall be $1.00.

Section 10. Expiration of permits. All permits are good for a continuous performance of the work named thereon; permits shall automatically expire when work ceases for a period of ninety (90) days, without good and reasonable cause for same; but shall naturally expire upon completion of work for which it was issued.

Section 11. Plot plan. When an application is made for a permit for the installation of sewerage and a sewage disposal system, a plot plan giving all pertinent information shall be submitted.

Section 12. Sewage or settling tank. The sewage tank shall be of not less than five hundred (500) gallon capacity and shall be of an approved design.

SATISFACTORY COMPLIANCE. The sewage tank should be located not less than thirty (30) feet and preferably not less than fifty (50) feet from any well, spring, cistern, twenty (20) feet from any dwelling, and two (2) feet from any lot lines. Tanks of larger than 500 gallon capacity may be desired.

Section 13. Leaching or filtering device. The leaching or filtering device shall be of an approved design. A leaching device will only be permitted where the subsoil is free from rock or shale formation, and is sufficiently porous to facilitate the absorption of the effluent from the sewage tank.

SATISFACTORY COMPLIANCE. The leaching device if of the cesspool type, should have a capacity of at least twice that of the sewage tank. The leaching device if of tile field type, should be not less than 75 feet in length for a clean coarse sand or gravel subsoil and of greater lengths for subsoils of lesser porosities. The leaching or filtering device should be located not less than fifty (50) feet from any well, spring, or cistern, twenty (20) feet from any building of human occupancy, and two (2) feet from any lot line.

REFERENCE — "Plans for Installing Sewage Disposal for the Modern Home" — Ohio Department of Health, 1953.

Section 14. Cleaning of sewage tank. A written permit shall be secured from the health commissioner for the cleaning of a sewage tank, which permit shall state the conditions under which the material shall be removed and disposed of; except that the cleaning may be done without an additional permit by a scavenger having a permit as provided in Section 17.

SATISFACTORY COMPLIANCE. A water-tight sewage tank should be cleaned at intervals not greater than three (3) years and more frequently if necessary to prevent discharge of solids through the overflow.

MISCELLANEOUS SANITATION REQUIREMENTS

Section 15. Garbage and offal. For the purpose of these regulations, garbage shall include wastes of a putrescible nature produced in household, hotel and restaurant kitchens; also wastes of vegetable, animal, fish or fowl origin from markets, groceries and similar establishments. No person shall place or deposit or permit to be placed or deposited garbage, offal or any other putrescible refuse of vegetable, animal, fish or fowl origin in any street, alley, road open excavation, abandoned well or cistern, ditch, stream or body of water, or on the surface of the ground, or in any other manner deemed improper by the health commissioner, provided, however, that this regulation shall not prohibit the depositing of such wastes for the purpose of feeding animals and fowls as hereinafter provided. Unless disposed of immediately after production, such wastes shall be stored in water-tight metal containers with tight fitting lids and upon removal from such containers shall be properly disposed of in a manner to avoid the creation of nuisance or the pollution of a public or private water supply.

Section 16. Collection and disposal. Unless a general system of collection and disposal of garbage satisfactory to the health commissioner and authorized as provided in Section 17 is maintained, such wastes shall be disposed of by the producer by burial, burning, feeding or reduction. If burial is practiced, the wastes shall be deposited in a manner and at a location satisfactory to the health commissioner. If burning is practiced the wastes shall be destroyed by a hot fire in a furnace or stove. If feeding is practiced the wastes shall be fed in a manner and at a location satisfactory to the health commissioner and the Department of Agriculture. Such feeding place shall at all times be maintained so as not to create a nuisance. If reduction is practiced the wastes shall be cooked in enclosed containers and suitable provision shall be made to avoid escape of offensive odors and waste liquids in cooking and drying.

Section 17. Permits for scavengers and garbage collectors. No person, firm or corporation shall engage in the collection and removal of the contents of privy vaults or sewage tanks, swill, garbage or offal in the (County) Health District until a permit therefore is obtained from the health commissioner. The permits shall be issued for such periods and at such times as deemed advisable by the health commissioner. The permit shall state the conditions under which the material shall be removed and disposed of. Any and all permits may be revoked at any time at the discretion of the health commissioner.

Section 18. Dead animals. No person shall place or deposit or permit to be placed or deposited the carcass of a dead animal in any street, alley, road, open excavation, abandoned well or cistern, ditch, stream or body of water, or onto the surface of the ground or in any other manner deemed improper by the health commissioner. The owner or occupant of the land on which the carcass of a dead animal is found shall promptly provide its proper removal and disposal. The carcass shall be disposed of in a manner to avoid the creation of nuisance or the pollution of a public or private water supply, by burning in a crematory suitable for the purpose, by reduction in a plant operating under license of the Ohio Department of Agriculture or by burial at least three (3) feet of earth cover at a point not within a municipal corporation and not less than five hundred (500) feet from any public or private water supply, building of human occupancy, road, stream or body of water.

Section 19. Manure. No person shall place or deposit manure, produced by the keeping of an animal or animals of the horse, mule or cattle kind, in any street, alley, road, open excavation, abandoned well or cistern, ditch, stream or body of water, or in any other deemed improper by the health commissioner. Every person owning or keeping in a stable, stall or compartment, any animal of the horse, mule or cattle kind, shall store the manure in a manner satisfactory to the health commissioner.

Section 20. Nuisances. Where a nuisance, as defined in Section 3767.13-3767.56 of the Revised Code, is found in any building or upon any ground or premises within the (County) Health District, notice in writing shall be given by the health commissioner to the owner and—or occupant of such building or premises to abate such nuisance. The time for complying with the order shall be specified in such notice. In case of neglect of refusal to abate the nuisance in accordance with such notice the health commissioner shall cause said owner or occupant to be prosecuted as provided by law.

Section 21. Penalty. Section 3707.48 of the Revised Code of Ohio provides: "No person shall violate sections 3707.01 to 3707.53, inclusive, of the Revised Code, or any order or regulation of the board of health of a city or general health district made in pursuance thereof, obstruct or interfere with the execution of such order, or willfully or illegally omit to obey such order."

Section 22. Unconstitutionality. Should any section, paragraph, sentence, clause or phrase of the foregoing regulations be declared unconstitutional or invalid for any reason, the remainder of said regulations shall not be affected thereby.

Section 23. Repeal. Any regulation of the (County) Health District in conflict or inconsistent with the provisions of these regulations is hereby repealed.

Date Passed 4-29-60

# Wednesday Is Anniversary Of Jesse Owens' Triumphs

CLEVELAND (AP) — Wednesday marks the 25th anniversary of the greatest individual performance in the history of track and field—if not all sports.

A slim, lithe athlete took off his scarlet sweatshirt at approximately 3:15 p.m., May 25, 1935, at the University of Michigan's Ferry Field and within two hours the record books had to be rewritten.

Ohio State's Jesse Owens had broken three world marks and tied a fourth.

The former Clevelander—now a disc jockey in Chicago and member of the Illinois Youth Commission, age 46 and weight 199, 30 pounds heavier than he was that memorable day; father of three daughters—sat back in his office at station WAAF, where he puts out "Swing Jazz" records five days a week, and began to reminisce.

"I remember the day was nice and warm. I also remember I had a sore back. That, I'll never forget. You know there's a story behind that sore back that's never been printed."

He disclosed how, after leaving his night job in the State Office Building in Columbus, he returned to his fraternity house to get some much needed sleep, only to find his bed was in no condition.

"The sheets had been shortened and the bed soaked with water, an old fraternity prank," he related.

He continued: "I was certain I knew the guy doing it. He slept on the third floor. I got a bag and filled it with water. I crept up to his bed and hit him on the head with the bag of water. He yelled.

"That woke up the whole frat house, all 18 guys, and they started chasing me."

Owens' speed might have saved him, but he missed the first step. "I slid all the way down to the second floor on my rear end. Boy, did it hurt."

"The next day," he recalled, "I felt a slight pain in my back. The following days it was worse."

At the Northwestern meet, he hit the last hurdle with the instep of his right foot, and immediately felt a shooting pain in his spine.

That night, at the YMCA where the team was staying, the pain became so bad he finally reported it to Larry Snyder, Ohio State's track coach.

Immediately after the class the following Monday Jesse reported to the trainer's room.

"Larry refused to let me attempt to work out," Jesse recalled.

On Friday the Buckeyes went to Ann Arbor for the qualifiers. Owens qualified in all four of his events—the 100-yard dash, 220, the broad jump and the low hurdles.

The next morning he had breakfast and sat down on the daveport in the Huron Hotel at Ypsilanti, where the team was staying.

"At 11 it was time to take off for Ann Arbor, I couldn't get up. They got me into Larry Snyder's car. He made me stretch out on the rear seat. It was an ol' Hupmobile, I remember, and there was room."

When the car finished the 10-mile trip to Ferry Field, Owens had to be helped up the stairs to the dressing room.

"Then Coach Snyder came over and said he was going to scratch me.

"'Let me try the 100, coach,' I asked him. Really, I sort of pleaded. He finally agreed.

"When the starter said, 'On your mark,'" Owens continued, "it was painful for me to get down. When he said, 'Get set,' the pain suddenly began to evaporate. When the gun went of I didn't feel a thing."

The rest is history. At 3:15 he streaked to victory. His time was 9.4 seconds, tying the record held by Frank Wykoff.

Meanwhile, the broad jump was in progress.

"We had decided I would take only one jump," he related, "in order to save me for the other events. I put a handkerchief at the world record mark of 26 feet, 2½ inches held by that Japanese, Chuhei Nambu."

It was 3:25. Owens had rested for 10 minutes. He ran down the runway a couple of times for stride.

"Then I barreled down for keeps. I hit the takeoff board and went up in the air. It seemed was there a long time. Not until after I landed and got out of the pit did I look back. When I saw my marks were beyond the handkerchief I knew I had the record."

Announcer Ted Canty told the crowd Jesse's new mark was a remarkable 26 feet 8 inches.

At 3:34 the crowd grew tense as Jesse flashed down the stretch in the 20. Another new world record: 20.3 seconds, cutting the previous mark by a full three-tenths.

And now, at 4 p.m., it was time for the low hurdles.

The crowd was silent. Could this boy make it a grand-slam? He scissored over the barriers in 2.6, bettering the world mark by two-fifths of a second.

A year later Jesse won four gold medals at the Olympics in Berlin.

"But those thrills were spaced over five days," he reflected. "That day at Michigan had to be my greatest."

# Columbus Jets In 5th Straight

By THE ASSOCIATED PRESS

Montreal does things in a big way—from one extreme to another.

The Royals snapped a 14-game losing streak Monday—longest in their International League history—with a 19-8 thumping of Buffalo in the first game of a doubleheader. Then they took a 12-5 lacing in the nightcap.

Havana scored a 3-2, 10-inning victory over Miami when pitcher John Anderson wild - pitched the winning run across. Columbus won its fifth straight—for the second time this season—2-1 over Richmond. A doubleheader at Toronto between the Maple Leafs and Rochester was postponed after three innings because of fog.

Even with Montreal's heroics, Buffalo first baseman Fred Hopke stole the show with two home runs in each game and five-for-five in the nightcap. Joe Altobelli hit two homers for the Royals in the opener to raise his league-leading total to 10.

Tom Cheney's three-hitter and club record-setting 15 strikeouts paced Columbus. Leo Rodriguez homered for Columbus while Deron Johnson got one for Richmond. Loser Jim Bronstad (1-5) wild pitched the decisive run home in the fifth.

# Views on Television - Radio

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — Wilkie Collins, the father of the modern suspense story, wrote "The Woman in White" 100 years ago. NBC's Hour of Great Mysteries adapted it to television Monday night. Wisely it allowed it to show its age.

It proved to be a gloriously ornate old chestnut, chock full of once spine - tingling situations which have since become dramatic cliches.

The play opened in a misty cemetery inhabited by a mad wraith. It closed with the evil forces dead—one accidentally by his own hand, the other shot by his wife—and virtue rewarded. In between we had the helpless heiress wed to the brutal schemer, the revealing diary, the convenient eavesdropping, the drugged, kidnaped heroine—oh, we had everything, including 1860 costumes and candlelight.

However, Siobhan McKenna, Walter Slezak and company somehow worked their way brightly and entertainingly through the Victorian clutter to provide a delightful and amusing hour.

The three networks covered both the Andrei Gromyko and Henry United Nations. NBC's Pauline Frederick provided the most intelligent and helpful commentary on the situation.

Recommended tonight: "Sing Along with Mitch," NBC 8:30-9:30 — home-audience participation show, featuring old, familiar songs; Arthur Murray Party, NBC, 9:30-10—with three comedy guest stars, Rione Gingold, Ann B. Davis and Alan King.

# Wednesday Is Anniversary Of Jesse Owens' Triumphs

CLEVELAND (AP) — Wednesday marks the 25th anniversary of the greatest individual performance in the history of track and field—if not all sports.

A slim, lithe athlete took off his scarlet sweatshirt at approximately 3:15 p.m., May 25, 1935, at the University of Michigan's Ferry Field and within two hours the record books had to be rewritten.

Ohio State's Jesse Owens had broken three world marks and tied a fourth.

The former Clevelander—now a disc jockey in Chicago and member of the Illinois Youth Commission, age 46 and weight 199, 30 pounds heavier than he was that memorable day; father of three daughters—sat back in his office at station WAAF, where he puts out "Swing Jazz" records five days a week, and began to reminisce.

"I remember the day was nice and warm. I also remember I had a sore back. That, I'll never forget. You know there's a story behind that sore back that's never been printed."

He disclosed how, after leaving his night job in the State Office Building in Columbus, he returned to his fraternity house to get some much needed sleep, only to find his bed was in no condition.

"The sheets had been shortened and the bed soaked with water, an old fraternity prank," he related.

He continued: "I was certain I knew the guy doing it. He slept on the third floor. I got a bag and filled it with water. I crept up to his bed and hit him on the head with the bag of water. He yelled.

"That woke up the whole frat house, all 18 guys, and they started chasing me."

Owens' speed might have saved him, but he missed the first step. "I slid all the way down to the second floor on my rear end. Boy, did it hurt."

"The next day," he recalled, "I felt a slight pain in my back. The following days it was worse."

At the Northwestern meet, he hit the last hurdle with the instep of his right foot, and immediately felt a shooting pain in his spine.

That night, at the YMCA where the team was staying, the pain became so bad he finally reported it to Larry Snyder, Ohio State's track coach.

Immediately after the class the following Monday Jesse reported to the trainer's room.

"Larry refused to let me attempt to work out," Jesse recalled.

On Friday the Buckeyes went to Ann Arbor for the qualifiers. Owens qualified in all four of his events—the 100-yard dash, 220, the broad jump and the low hurdles.

The next morning he had breakfast and sat down on the davenport in the Huron Hotel at Ypsilanti, where the team was staying.

"At 11 it was time to take off for Ann Arbor, I couldn't get up. They got me into Larry Snyder's car. He made me stretch out on the rear seat. It was an ol.' Hupmobile, I remember, and there was room."

When the car finished the 10-mile trip to Ferry Field, Owens had to be helped up the stairs to the dressing room.

"Then Coach Snyder came over and said he was going to scratch me.

" 'Let me try the 100, coach,' I asked him. Really, I sort of pleaded. He finally agreed.

"When the starter said, 'On your mark,' " Owens continued, "it was painful for me to get down. When he said, 'Get set,' the pain suddenly began to evaporate. When the gun went of I didn't feel a thing."

The rest is history. At 3:15 he streaked to victory. His time was 9.4 seconds, tying the record held by Frank Wykoff.

Meanwhile, the broad jump was in progress.

"We had decided I would take only one jump," he related, "in order to save me for the other events. I put a handkerchief at the world record mark of 26 feet, 2½ inches held by that Japanese, Chuhei Nambu."

It was 3:25. Owens had rested for 10 minutes. He ran down the runway a couple of times for stride.

"Then I barreled down for keeps. I hit the takeoff board and went up in the air. It seemed was there a long time. Not until after I landed and got out of the pit did I look back. When I saw my marks were beyond the handkerchief I knew I had the record."

Announcer Ted Canty told the crowd Jesse's new mark was a remarkable 26 feet 8 inches.

At 3:34 the crowd grew tense as Jesse flashed down the stretch in the 20. Another new world record: 20.3 seconds, cutting the previous mark by a full three-tenths.

And now, at 4 p.m., it was time for the low hurdles.

The crowd was silent. Could this boy make it a grand-slam? He scissored over the barriers in 2.6, bettering the world mark by two-fifths of a second.

A year later Jesse won four gold medals at the Olympics in Berlin.

"But those thrills were spaced over five days," he reflected. "That day at Michigan had to be my greatest."

# Columbus Jets In 5th Straight

By THE ASSOCIATED PRESS

Montreal does things in a big way—from one extreme to another.

The Royals snapped a 14-game losing streak Monday—longest in their International League history—with a 19-8 thumping of Buffalo in the first game of a doubleheader. Then they took a 12-5 lacing in the nightcap.

Havana scored a 3-2, 10-inning victory over Miami when pitcher John Anderson wild - pitched the winning run across. Columbus won its fifth straight—for the second time this season—2-1 over Richmond. A doubleheader at Toronto between the Maple Leafs and Rochester was postponed after three innings because of fog.

Even with Montreal's heroics, Buffalo first baseman Fred Hopke stole the show with two home runs in each game and five-for-five in the nightcap. Joe Altobelli hit two homers for the Royals in the opener to raise his league-leading total to 10.

Tom Cheney's three-hitter and club record-setting 15 strikeouts paced Columbus. Leo Rodriguez homered for Columbus while Deron Johnson got one for Richmond. Loser Jim Bronstad (1-5) wild pitched the decisive run home in the fifth.

# Faith Healing Is Chided by Presbyterians

CLEVELAND (AP)—Faith healing and healing evangelists have been scored openly by a special committee of the United Presbyterian Church in the U.S.A.

The committee's 74-page report on the relation of Christianity to health was released Monday at the church's 172nd General Assembly.

The report's summary is that religion is an aid to health but not a substitute for medical, psychological or other assistance.

The study was made by 15 persons during a four-year period. Dr. Harry B. Taylor of Cleveland's Church of the Covenant was committee secretary.

The document charges that, on the whole, pastors respect doctors, but the reverse is not so generally true.

While physicians sometimes treat pastors as intruders, and sometimes a pastor's ministrations may do more harm than good, similar charges can be made on occasion about the work of physicians, it continues.

While commending the positive element of "faith healing," the report condemns this practice's distortion of the Christian ministry to the sick and warns against religion's "degeneration into magic."

God is to be worshipped, not used, the report states. The idea that a person who has "true faith" will be given good health is contrary to the Bible and ignores the reality of the aging process, the report adds.

The church's official "Message to the Nation," also presented to the assembly Monday night, endorses birth control and racial equality. The message was accepted without debate by the 992 delegates.

# Here Is How Ohio's Solons Cast Votes

WASHINGTON (AP)—How Ohio members of Congress are recorded voting on recent roll calls:

**SENATE**

On Monroney (D-Okla) motion, adopted 39-38, sending back to committee and thus killing bill to place community antenna systems under FCC regulations:

Against—Lausche (D) and Young (D).

**HOUSE**

On passage, 195-192, of bill designed to stimulate investment of private U.S. capital in underdeveloped countries:

For—Ashley (D), Ayres (R), Betts (R), Bolton (R), Minshall (R).

Against—Bow (R), Brown (R), Cook (D), Devine (R), Feighan (D), Hays (D), Hess (R), Henderson (R), Kirwan (D), Latta (R), Levering (D), McCulloch (R), Moeller (D), Schenck (R), Scherer (R), Vanik (D).

Listed as not voting—Baumhart (R).

## Bennett Is Selected As Goodyear Treasurer

AKRON, Ohio (AP)—The new treasurer of the Goodyear Tire & Rubber Co. is John F. Bennett, a veteran of 30 years with the company. He succeeds Donald H. Walker, who died May 14, only 11 days after he had been named treasurer.

E. J. Thomas, board chairman, also announced Monday that Willard R. Booth and John Davies were appointed assistant treasurers.

# Kingston News Report

**By Miss Margaret Thomas**
**Phone NI 2-3495**

Miss Kay Williams, daughter of Mr. and Mrs. Dwight Williams, and a friend Miss Betty Woods of Circleville, left Friday afternoon for a motor trip to Miami, Fla., where they will spend their vacation.

**Mrs. Mary Dunkle of Circleville spent the weekend in Kingston with Mrs. Lovetta Reynolds and Mrs. Aseaneath Nogle, David and Mary.**

Additional guests of Mrs. Nogle on Sunday afternoon and evening, were her brothers, Herbert and Robert, and their families of Chillicothe. They all attended commencement exercises. David Nogle was among the graduates.

Seaman Fred Jones and Mrs. Jones arrived Friday eve from Norfolk, Va., on a five-day leave, to be present at the graduation of Mr. Jones' brother, George Targee.

Mr. and Mrs. Charles Clay and Mrs. Alice Hummell of Columbus were calling on Mrs. Oda Anderson Sunday afternoon. They, together with Mrs. Anderson, visited Mr. and Mrs. Frank Haynes at the Chillicothe Hospital.

**AS SOON** as weather conditions are favorable in the East, the Haynes are to be flown to the home of their son - in - law and daughter, Dr. and Mrs. Daniel Postance, Wolfboro, N. H.

Mr. and Mrs. Fred Hatcher and Mr. Bert Hatcher of Columbus, were Sunday afternoon visitors of Mr. and Mrs. Ed. Hatcher.

Miss Sue Hill and Miss Alice Lou Hill, who are attending Ohio State University, spent the weekend here with their family and attended the Commencement exercises. Their sister Miss Judy Hill was among the graduates.

On Wednesday evening, the 6th grade pupils with their teacher, Mrs. Freda Corcoran, enjoyed a hay ride and picnic supper at the country home of Mr. and Mrs. Willis Corcoran. Their daughter, Martha, is a member of the 6th grade.

**Mr. Corcoran brought his hay wagon to town and picked up the group and returned them at the close of the outing.**

Superintendent Ralph McCormick, arrived in time to enjoy the ball games and other outdoor sports with the young people, as well as the bountiful meal prepared by Mrs. Corcoran. Assisting Mrs. Corcoran were Mary Corcoran and Nancy Immell.

Members of the class include: Rodney Davis, Vicki Likens, Danny Davis, Sherry Knisley, Lynn Metzger, Donna Jenkins, Johnny Immell,

David Large, Becky Davis, Billy Chaffin, Becky Betz, Chuck Romans, Diana Routt, Jeannie White,

David Buchwalter, Ronnie Edwards, John Derexson, Vickie Kerns, Shirley Williams, David Sams, Charlotte Hartsock,

* * *

**CONNIE** Ours, Marcia Lovely, Charles Barker, Lois Beavers, Dick Crawford, Judy Sherwood, Jimmie McVey,

Cindy Donahue, James Brumfield, Danny Jordan, Roger Fause, Kenneth Haddox and Martha Corcoran.

The New Logan Elm Child Conservation League held its third meeting Wednesday at the home of Mrs. George Mitchell with Mrs. Donald Delong as co-hostess.

The president, Mrs. Mitchell, presided and gave a report of the District meeting held in Columbus. Mrs. Ned Boldoser and Mrs. Don Carroll also reported on this meeting.

**Mrs. Edgar Stoneburner gave a review of an article in "Parent's Magazine" on child toilet training, which was followed by discussion.**

Mrs. Tom Congrove received the mystery gift.

A family picnic is being planned for August. The next meeting, on June 15, will be held at the home of Mrs. Ronald Driesbach with Mrs. Carroll assisting.

Refreshments were served to the following members: Mrs. Donald Delong, Mrs. Orville Gifford, Mrs. Ronald Driesbach, Mrs. Neil Davis, Mrs. Ned Boldoser, Mrs. Don Carroll,

Mrs. Edgar Stoneburner, Mrs. Charles Boldoser Jr., Mrs. Victor Pontious, Mrs. Tom Congrove and Mrs. George Minshall.

**AT THE CLOSE** of commencement exercises Sunday evening, awards were presented to the graduates by Superintendent, Ralph D. McCormick.

To David Nogle went the Community Scholarship Award of $200. Judy Hill was given the salutatorian's award, and George Targee the valedictorian's award.

George also received a scholarship to Ohio State University, and a Community Scholarship award of $200.

The Scholarship Committee had decided some time ago to divide the award money.

The Seniors, with their chaperons, Mr. and Mrs. McCormick, are leaving Chillicothe Tuesday by train for their annual trip to the East. They will visit Washington, D. C. and New York and other points of interest, including a boat cruise on the Potomac.

Andrew Corcoran was host to his classmates Sunday evening after commencement services. The young people, together with their dates, enjoyed a wiener and marshmellow roast at the river near the Corcoran home.

**CHAIRMAN** of the House subcommittee conducting hearings on no-down-payment housing legislation is Rep. Albert Rains (above), Alabama Democrat, who introduced the bill. The no-down-payment would extend to homes costing no more than $13,500 which are purchased with FHA-insured mortgages.

**BUCKINGHAM SAYS 'NO!'**—A report appearing in a New York City newspaper that Queen Mother Elizabeth, 59, wants to marry Sir Arthur Penn (above), the treasurer of her London household, was denied emphatically by Buckingham palace. Lawyers for Sir Arthur, 74, also declared the report was "wholly without foundation."

## Commissioners Set Spraying Bid Deadline

The Pickaway County Commissioners set June 9 as the deadline for receiving bids for spraying county roads with weed killing chemicals.

The bid covers the material, labor and equipment for spraying both sides of 150 miles of county road twice with 2, 4-D weed control chemical.

**County Engineer Henry T. McCrady estimated the cost as $21 per mile for a total price of $3,150. Spraying will be done under direction of the County Engineer.**

The Commissioners directed the County Engineering Department to provide construction engineering and supervision of the Knollwood Village sewer district at a price not to exceed $1,500.

Bills and claims against the county for the week ending May 14 totaled $7,134.77. They were approved by the Commissioners.

## Car Plate Is Lost

## Pennsy Motorist Fined $40, Costs

Disposition was made today on four traffic cases in Circleville Municipal Court.

**The largest fine was imposed on Edward Kampen, 29, Monroeville, Pa., arrested by the State Highway Patrol for speeding at 90 miles per hour in a 50 mile zone. He paid $40 and costs.**

Two other drivers cited by the State Highway Patrol were:

Harry G. Brown, 66, Ashville; $20 and costs for speeding at 70 miles per hour in a 50 mile zone.

Emmett C. Jarvis, 24, Columbus; $29 bond forfeiture for speeding at 70 miles per hour in a 50 mile zone.

Wendell Frazier, 20, Adelphi, was cited by the sheriff's department on two charges. He was fined $15 and costs for driving left of center and $30 and costs for no valid operator's license. The fine and costs of the latter accusation were suspended.

## Court Approves O-ville Transfer

The Pickaway County Common Pleas court recently approved a transfer of $5,000 from the general fund of the Circleville Twp. trustees to their road and bridge fund.

The trustees asked for the transfer in order to meet current bulls and obligations. As of March 31, the trustees reported there was $2,548.34 in the road and bridge fund and $9,363.13 in their general fund.

The request was approved by the Ohio Board of Tax Appeals on May 3.

# Wantz Takes Post in Italy

Frank Wantz, former Circleville resident, recently arrived in Italy for an 18-month stay in an advisory capacity to Container Corporation of America plants there.

Wantz plans to make his home in Rome, which he will use as a base for assisting CCA paper making plants in Isoletta and Milan, Italy.

**His wife, Margaret, son Johnny, and daughter, Sara, plan to join him June 10, leaving New York City, N. Y., on June 9 by jet transport.**

His daughter, Sara, will be graduated by Circleville High School on Friday. His wife is the former Margaret Boggs. Sara will return here August 2, via Pars, France.

Previous to his new assignment, Wantz was general manager of CCA's Wilmington, Del., plant. His main objective in Europe is to aid the Italians in learning to operate the paper plants.

## Man Placed On Probation

The Pickaway County Common Pleas Court Friday placed Roy Earl Ross on one year probation for possession of burglary tools.

Ross, recently released from the Ohio State Penitentiary, Columbus, plead guilty to having in his possession nitroglycerin, dynamite caps and drift punches, commonly used by burglars for breaking and entering.

He was indicted by the January, 1956 County Grand Jury, but prosecution was impossible since Ross was confined in the OSP.

Ross requested the court to dismiss the charges for want of prosecution, but was refused.

# New Citizens

**MISS McQUINLEY**

Mr. and Mrs. Mack McQuinley, 324 E. Franklin St. are the parents of a daughter born at 7:17 a. m., today in Berger Hospital.

A family picnic is being planned for August. The next meeting, on June 15, will be held at the home of Mrs. Ronald Driesbach with Mrs. Carroll assisting.

Refreshments were served to the following members: Mrs. Donald Delong, Mrs. Orville Gifford, Mrs. Ronald Driesbach, Mrs. Neil Davis, Mrs. Ned Boldoser, Mrs. Don Carroll,

Mrs. Edgar Stoneburner, Mrs. Charles Boldoser Jr., Mrs. Victor Pontious, Mrs. Tom Congrove and Mrs. George Minshall.

**AT THE CLOSE** of commencement exercises Sunday evening, awards were presented to the graduates by Superintendent, Ralph D. McCormick.

To David Nogle went the Community Scholarship Award of $200. Judy Hill was given the salutatorian's award, and George Targee the valedictorian's award.

George also received a scholarship to Ohio State University, and a Community Scholarship award of $200.

The Scholarship Committee had decided some time ago to divide the award money.

The Seniors, with their chaperons, Mr. and Mrs. McCormick, are leaving Chillicothe Tuesday by train for their annual trip to the East. They will visit Washington, D. C. and New York and other points of interest, including a boat cruise on the Potomac.

Andrew Corcoran was host to his classmates Sunday evening after commencement services. The young people, together with their dates, enjoyed a wiener and marshmellow roast at the river near the Corcoran home.

**CHAIRMAN** of the House subcommittee conducting hearings on no-down-payment housing legislation is Rep. Albert Rains (above), Alabama Democrat, who introduced the bill. The no-down-payment would extend to homes costing no more than $13,500 which are purchased with FHA-insured mortgages.

**BUCKINGHAM SAYS 'NO!'**—A report appearing in a New York City newspaper that Queen Mother Elizabeth, 59, wants to marry Sir Arthur Penn (above), the treasurer of her London household, was denied emphatically by Buckingham palace. Lawyers for Sir Arthur, 74, also declared the report was "wholly without foundation."

# Court News

**MARRIAGE LICENSE**

Jess Arthur Stewart, 23, Bedford, Lieutenant in the U. S. Army, and Catherine Rebecca Dountz, 22, Route 2, Ashville, teacher.

George William and Cecilia M. Groom and Diane Patricia Groom, by guardian, to Wardens and Vestry of St. Philip's Episcopal Church, part lot 543, Circleville, $17.60.

# Commissioners Set Spraying Bid Deadline

The Pickaway County Commissioners set June 9 as the deadline for receiving bids for spraying county roads with weed killing chemicals.

The bid covers the material, labor and equipment for spraying both sides of 150 miles of county road twice with 2, 4-D weed control chemical.

**County Engineer Henry T. McCrady estimated the cost as $21 per mile for a totaf price of $3,150. Spraying will be done under direction of the County Engineer.**

The Commissioners directed the County Engineering Department to provide construction engineering and supervision of the Knollwood Village sewer district at a price not to exceed $1,500.

Bills and claims against the county for the week ending May 14 totaled $7,134.77. They were approved by the Commissioners.

## Car Plate Is Lost

Curtis Scott Jr., 315 Mingo St., told city police a license plate was lost from his car. He listed the number as X-5031.

# Pennsy Motorist Fined $40, Costs

Disposition was made today on four traffic cases in Circleville Municipal Court.

**The largest fine was imposed on Edward Kampen, 29, Monroeville, Pa., arrested by the State Highway Patrol for speeding at 90 miles per hour in a 50 mile zone. He paid $40 and costs.**

Two other drivers cited by the State Highway Patrol were:

Harry G. Brown, 66, Ashville; $20 and costs for speeding at 70 miles per hour in a 50 mile zone.

Emmett C. Jarvis, 24, Columbus; $29 bond forfeiture for speeding at 70 miles per hour in a 50 mile zone.

Wendell Frazier, 20, Adelphi, was cited by the sheriff's department on two charges. He was fined $15 and costs for driving left of center and $30 and costs for no valid operator's license. The fine and costs of the latter accusation were suspended.

# Court Approves O-ville Transfer

The Pickaway County Common Pleas court recently approved a transfer of $5,000 from the general fund of the Circleville Twp. trustees to their road and bridge fund.

The trustees asked for the transfer in order to meet current bulls and obligations. As of March 31, the trustees reported there was $2,548.34 in the road and bridge fund and $9,363.13 in their general fund.

The request was approved by the Ohio Board of Tax Appeals on May 3.

# Wantz Takes Post in Italy

Frank Wantz, former Circleville resident, recently arrived in Italy for an 18-month stay in an advisory capacity to Container Corporation of America plants there.

Wantz plans to make his home in Rome, which he will use as a base for assisting CCA paper making plants in Isoletta and Milan, Italy.

**His wife, Margaret, son Johnny, and daughter, Sara, plan to join him June 10, leaving New York City, N. Y., on June 9 by jet transport.**

His daughter, Sara, will be graduated by Circleville High School on Friday. His wife is the former Margaret Boggs. Sara will return here August 2, via Pars, France.

Previous to his new assignment, Wantz was general manager of CCA's Wilmington, Del., plant. His main objective in Europe is to aid the Italians in learning to operate the paper plants.

# Man Placed On Probation

The Pickaway County Common Pleas Court Friday placed Roy Earl Ross on one year probation for possession of burglary tools.

Ross, recently released from the Ohio State Penitentiary, Columbus, plead guilty to having in his possession nitroglycerin, dynamite caps and drift punches, commonly used by burglars for breaking and entering.

He was indicted by the January, 1956 County Grand Jury, but prosecution was impossible since Ross was confined in the OSP.

Ross requested the court to dismiss the charges for want of prosecution, but was refused.

# New Citizens

**MISS McQUINLEY**

Mr. and Mrs. Mack McQuinley, 324 E. Franklin St. are the parents of a daughter born at 7:17 a. m., today in Berger Hospital.

**Do FALSE TEETH Rock, Slide or Slip?**

FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, pasty taste or feeling. FASTEETH is alkaline (non-acid) Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

**ALAN MOWBRAY'S DAUGHTER WEDS**—Veteran film and TV actor Douglass Dumbrille, 70, and the former Patricia Mowbray, 28, daughter of actor Alan Mowbray, are shown after their marriage in Las Vegas, Nev.

# 114 CHS Seniors End High School Careers

Circleville High School will graduate 114 seniors during its 102nd commencement exercises at 8 p. m. Friday in the school gymnasium.

**The program will open with the Processional "Pomp and Circumstance" by Elgar - Akers. The high school band and audience then will sing "The Star Spangled Banner".**

Invocation and Benediction will be delivered by The Rev. William G. Huber, minister of St. Philip's Episcopal Church. The band will follow with "Payene" by Ravel-Beeler.

Salutatorian John Davis will make his address entitled "Excelsior, Ect." Valedictorian Sue Hammel will follow with her address "The Lighted Candle."

• • •

**THE HIGH** school choir will sing two numbers. They are "Our World" by O'Hara - Wilson and "The Red and Black" by Shockelton - Bartholomew.

George A. Hartman, superintendent of the city schools, will introduce the evening's guest speaker, Dr. Harold J. Bowers, assistant superintendent of Public Instruction, State Department of Education.

Gary Dean will play a saxophone solo entitled "Beautiful Colorado" by DeLuca - Roberts. J. Wray Henry, high school principal, will make the presentation of awards and class.

**Carl C. Leist, President of the Circleville Board of Education, will present diplomas. The band and audience will conclude exercises by singing "Battle Hymn of the Republic" by Steffe.**

The class colors are blue and silver and the flower is Canterbury Bell. The motto is "No bird soars too high if he soars with his own wings."

Members of the senior class, ages, high school course of study, parents, addresses and plans for the future are:

Phillip Nelison Adkins, 17, industrial arts, Mrs. Dorothy Adkins, 204 Logan St., retail merchant; Gary Lee Agin, 17, classical, Mr. and Mrs. Calvin Agin, Circleville Trailer Court; Betty Lou Arledge, 18, commercial, Mr. and Mrs. Charles E. Arledge, 318 Abernathy Ave., secretary;

SAVED FROM MT. McKINLEY—Mountain climbers Pete Schoening (left) and John Day rest in Elmendorf Air Base hospital, Anchorage, Alaska, after their rescue by helicopter from the slopes of Mt. McKinley. Schoening, 31, is from Seattle, Wash., and Day, 51, is from Central Point, Ore. Five stranded climbers were taken from the slopes of North America's highest peak in a series of rescues which cost two lives.

## Top Scorers In Scholarship Tests Listed

COLUMBUS, Ohio (AP) — Top scorers in the recent state scholarship test in 21 subjects were announced by Dr. E. E. Holt, superintendent of public instruction.

He reported 831 high schools were represented in the tests given for students in grades 9 through 12 and 22,190 students participated in the finals conducted on 25 college campuses.

The high scorers, by subjects, included:

Biology—Carol Ann Haller, Hamilton Taft, 138 of a possible 150.

Algebra I—Ronald A. Brown, Caldwell, 78 of 83.

Algerba II—(Tie) Paul Hasse, Madison, Lake County; Robert D. McDowell, Portsmouth, and Charles D. Schweickart, Columbus Bishoo Watterson, all 65 of 65.

Plane geometry — Wayne H. Pitcher, Portsmouth, 58 of 60.

World history—Frank M. Turner, Wilmington, 139 of 150.

English X—Gilbert E. Gildea, Ironton, 142 of 150.

Latin I—Leila C. Kersey, Howland, Trumbull County, 87 of 100.

French I—(Tie) James F. Cool, Waverly, and Evan Rice, Mount Vernon, 111 of 150.

Spanish I—(Tie) William Miller, Mederia, and Cheryl L. Towne, Riverside, Lake County, 141 of 150.

Bookkeeping—Clara S. Stuber, Mingo Junction, 141 of 150.

### In Memory of Annie

DES MOINES (AP) — On the mantle of a living room in a farm home near Des Moines is a cowbell. It was worn by a cow named Annie, which died several years ago.

The farmer and his wife were so fond of the cow that the bell has a permanent spot in the home, in memory of Annie.

On the Seychelles Islands in the Indian Ocean, clock chimes are sounded twice on the hour. The second time is for people who weren't quite awake for the first sounding.

### Costly Rumor

ST. LOUIS (A) — Frank Frisella was dismayed when he heard a rumor that a nursery planting area was to be developed into a subdivision and that plants there could be had for the taking.

Frisella owns the area, which he uses in his nursery business, and he knew the rumor to be false. He rushed right out, but was too late.

Missing were some 300 trees, shrubs and other plants valued at $1,600.

### Amvets To Hear McElroy

COLUMBUS, Ohio (AP)—Attv. Gen. Mark McElroy is scheduled to address the 15th annual state convention of AMVETS and auxiliary here Sunday, June 5.

'URGE TO KILL' — Howard Criswell, 18, is shown in custody in Nashville, Tenn., as the "midnight sniper" who has been terrorizing the Nashville area for weeks, shooting at people from dark corners with a .22 rifle. It's an "urge to kill," he said.

## U.S. Photographs All of Russia

HAMBURG, Germany (AP) — U.S. reconnaissance planes have photographed "every square centimeter" of the Soviet Union except some steppes and inaccessible mountains areas, the West German news magazine Der Spiegel reported.

The magazine said the work was done by 12 U2 jets in about 150 flights over a four-year period.

The article did not give any source of information but began with a profile of Allen W. Dulles, Central Intelligence Agency director. The information on the U2 flights was not directly attributed to Dulles and the writer, Claus Jacobi, refused to say whether he had interviewed the intelligence chief.

Congratulations!

Done It

And it was a job in which you can take great pride.

Our Very Best Wishes To You

# Ashville-Harrison Sends 48 Seniors in Busy World

Ashville High School will graduate 48 seniors during its 65th commencement exercises at 8 p. m. tomorrow in the school auditorium.

**Highlight of the ceremonies will be the annual pageant program, staged by the high school. This year it is entitled "Heritage of Pickaway County" in honor of the county's 150th sesquicentennial anniversary.**

The entire pageant was written and directed by Miss Nelle Oesterle. The dances were supervised by Mrs. Anne Collins and Everett Mehrley directed the music.

It will be opened by a trumpet fanfare "God of Our Fathers" by George W. Warren. Fanfare players will be David Cooper, Marty Young and Susan George.

* * *

**SCENE I** is called "The Mysterious Race". It features the song "Circleville, our Home" by Jennette Greve, first prize winner in the county's Centennial Song Contest.

The following 10 episodes will be presented: Episode II — "Peace or War" skit. Actors are Ralph Mets as Lord Dunmore; Ronald Alley as Colonel Gibson; Marion Leatherwood, Colonel Lewis; Scouts, David Smith, Richard Wilcox and Charles McNeal, and Indians Larry Hicks, Charles Henson, James McNeal, John Hixon, Eugene Founds and Clarence Bandy.

**Episode III — "Ohio's First Great Citizen". It will feature Robert R. Hoover as Chief Logan and Alley as Colonel Gibson, plus a soprano solo, "Trees" by Joyce Kilmer and Oscar Rasbach, sung by Mary Lockwood.**

Episode IV — "Homespun and Calico" featuring a waltz quadrille "Aunt Dinah's Quilting Party". Dancers are Patricia Aldenderfer, Dale Fout, Bonnie Bainter, Phillip Roese, Jean Conrad, Michael Roese, Joyce Speakman and Gary Gaines.

Episode V — "Readin', Ritin', Rithmetic". Mike Cummins, William Reed and Kay Murray will sing "Once to Every man and Nation Comes the Moment to Decide", a Welsh tune, and "School Days" Teacher by George Stacy.

* * *

**EPISODE VI** — "Squaring the Circle". Miss Lockwood, Nancy Featheringham and Marty Dore' will sing "Beautiful Ohio".

Episode VII — "From Trails to Rails" will feature a song entitled "The Erie Canal", an American Folk Song.

Episode VIII — "From Corn to Mylar". It will be a square dance highlighting Pickaway County agriculture, industry and the Pumpkin Show.

**Episode IX — "These are my Jewels" with Thomas Bausum initiating Ted Lewis.**

Episode X — "The Orange and Black", Ashville's alma mater will be sung by Misses Dore' and Featheringham.

Episode XI — "Strength Through Faith" will conclude the program with the singing of "God Bless America" by Irving Berlin. Narrator for the pageant will be Joy Trone.

* * *

**BETWEEN** the pageant and the class procession, there will be an interlude of musical selections by the high school chorus and by pianist and organist, Miss Dore' and Mehrley.

The Processional will be marched to theme music from "Pomp and Circumstance". The Rev. H. A. Lockwood will deliver the Invoeation and Benediction.

The salutatory oration will be given by Carol Pritchard. Benis Lutz, assistant principal, will present awards. Patricia Frazier will deliver the valedictory address.

**John Moss, member of the Teays Valley Board of Education, will present diplomas. Closing ceremonies will be held amid music from "War March of the Priests" from Athalie by Felix Mendelssohn.**

The class colors are lavender and white. The flower is white rose and the class motto is "What we are is God's gift to us; what we become is our gift to God".

Class officers are; Jack Lemon, president; Miss Frazier, vice president; Miss Trone, secretary, and Miss Bainter, treasurer. The class sponsor is Miss Oeterle.

* * *

**HERE ARE THE** seniors, their addresses, parents, ages, high school course of study and plans for the future:

Patricia Aldenderfer, Mr. and Mrs. Walter Malone, Ashville, 18 commercial, office work; Ronald Lee Alley, Mr. and Mrs. Banner John Alley, Ashville, 19 vocational, work full time.

THE SECRET IS OUT—The secret behind America's record 9,000-mile missile shoot from Cape Canaveral, Fla., to a point beyond the southern tip of Africa was a light-weight nose cone, shown being hoisted for its flight, it was revealed in Washington. A standard Atlas missile launched the new-type cone, capable of carrying as devastating a nuclear warhead as older, heavier models. More super-distance launches are planned from both the east and west coasts of the United States.

## Baseball Team Really Robbed

LAGRANGE, Ky. (AP) — "We was robbed," hollered the Ft. Knox baseball team today even though they whipped a team of Kentucky State Reformatory inmates, 11-10.

When the soldiers returned to the locker room they found missing from their belongings about $200 in cash, seven wrist watches and four or five pair of GI shoes.

The locker room had been padlocked, but Deputy Warden Porter Lady said "A lock doesn't mean much to some of our boys."

## Bell Phone Union Parley Resumes

CLEVELAND (AP)—Ohio Bell Telephone Co. and the Communications Workers of America resumed negotiations Tuesday on a contract covering 18,000 Ohio Bell employes throughout the state. The current agreement expires Saturday midnight.

In three weeks of bargaining up to Monday morning's session, the union presented some 31 demands and the company had made no offer, an Ohio Bell spokesman said.

Operators, linemen and installers are the larger employe classifications represented by the CWA.

## Doomed Man May Never End Chess Tilt

HOUSTON, Tex. (AP)—A man sentenced to die in the Alabama electric chair is playing a game of chess he may never finish with a Houston geologist.

Cecil Lewis Tiner, 28, received his death sentence for the Aug 5, 1957 shooting death of J. Cuthbert Woodham, an Alabama sheriff.

His opponent, who opened the game of postal chess in April by moving his white king's pawn, is Milton Blumenthal, 38, president of the Houston Chess Club.

Tiner, a native of Dallas, Tex., was convicted Nov. 7, 1957 and sentenced the next day. He appealed for a new trial more than a year ago but no ruling has been made. No date is set for his execution.

Tiner wrote Rhodes Cook, Houston Club secretary, from his cell at Kilby Prison Farm in Montgomery, Ala. He said he could play chess but was just a beginner. He asked for an opponent and some magazines on chess.

Cook turned the letter over to Blumenthal, who sent the magazines and started the game. The men have completed six moves each.

Blumenthal mailed a card stating his seventh move about a week ago. He expects an answer this week before he flies to Canada on a business trip.

He said the average postal game takes about 30 moves and each move takes about one week.

---

The wild buffalo on African plains are more ferocious in attack than are lions.

## Ducky Dog Needed

MIAMI, Fla. (AP)—A little girl was seen trying to coax her small puppy to cross a puddle which resulted from heavy rains.

The puppy waded in to shoulder depth and balked. In disgust the girl waded back across, picked up the pup and muttered, "I wish you were a duck."

## Doomed Man May Never End Chess Tilt

HOUSTON, Tex. (AP)—A man sentenced to die in the Alabama electric chair is playing a game of chess he may never finish with a Houston geologist.

Cecil Lewis Tiner, 28, received his death sentence for the Aug 5, 1957 shooting death of J. Cuthbert Woodham, an Alabama sheriff.

His opponent, who opened the game of postal chess in April by moving his white king's pawn, is Milton Blumenthal, 38, president of the Houston Chess Club.

Tiner, a native of Dallas, Tex., was convicted Nov. 7, 1957 and sentenced the next day. He appealed for a new trial more than a year ago but no ruling has been made. No date is set for his execution.

Tiner wrote Rhodes Cook, Houston Club secretary, from his cell at Kilby Prison Farm in Montgomery, Ala. He said he could play chess but was just a beginner. He asked for an opponent and some magazines on chess.

Cook turned the letter over to Blumenthal, who sent the magazines and started the game. The men have completed six moves each.

Blumenthal mailed a card stating his seventh move about a week ago. He expects an answer this week before he flies to Canada on a business trip.

He said the average postal game takes about 30 moves and each move takes about one week.

---

The wild buffalo on African plains are more ferocious in attack than are lions.

## Ducky Dog Needed

MIAMI, Fla. (AP)—A little girl was seen trying to coax her small puppy to cross a puddle which resulted from heavy rains.

The puppy waded in to shoulder depth and balked. In disgust the girl waded back across, picked up the pup and muttered, "I wish you were a duck."

# 150 Circleville Students Get Recognition at Program

Thursday was Awards Day at Circleville High School when more than 150 pupils received recognition for their work in various fields — music, scholarship and girls' bowling.

**Principal J. Wray Henry opened the assembly in the aduitorium by reminding the pupils of the importance of doing their best in every endeavor.**

He commented that in this day and in these troubled times, competition in all fields is keen. Without an education, he observed, a boy or girl will find that there are but few opportunities for advancement.

Following are the lists of awards and the fields in which they were earned:

• • •

**GENERAL** Scholarship Test for high school seniors: John T. Davis, first; Sue Ann Hammel, fourth; James R. Franklin, seventh; Larry Dale Hannahs, seventh and H. Gary Vandemark, tenth;

Richard Daniel Robinson, Jonas William Hoover, Mary Evelyn Pennington, Sara Jane Wantz, Robert David Shadley, Richard Lee Warner, Mary Diane Johnson, Marguerite M. Sims, Carolyn May Clifton and Rita Marlene Dietrich, all honorable mention.

John T. Davis and Miss Sue Ann Hammel received honorable mention in the Ohio State University district in the General Scholarship Test for high school seniors.

**Certificate winners in the preliminary District - State Scholarship Test — Biology — Stephanie Hedges, 1; Sherry Fisher, 2; John Adkins and Irving Ellis, 3;**

General Science — Peter DeNeef, 1; Robert Fuhrman, 2; Physics — Dave Pritchard, 1; Richard Warner, 2; Roger Lambert, 3; Chemistry — Sue Hammel, 1;

Algebra I — Diana Ankrom, 1; Shirley Cantrell and Peter DeNeef, 2; Karen O'Donnell, 4; Cheryl Mumaw, Fred Hoover and Roberta Good, 5; Algebra II — Charles Sisco, 1;

• • •

**PLANE** Geometry — Judi Eddy, 1; James Spalding, 2; American History — Sue Grubb, 1; Patricia Schroeder, 2; Phil Wing, 3; Stephen Yost, 4; Anita Dean, 5; Michael Andrews, 6;

World History — Stephen Ater, 1; Valerie Hamilton, 2; Robert Anderson, 3; Ted Gulick, 4; Susan Cherrington, 5; Senior Social Studies — Diane Johnson, 1; Mary Pennington and Daniel Robinson, 2;

Spanish I — Katnerine Measamer and Sandra Smith, 1; Spanish II — Marguerite Sims, 1; Latin I — Beth Rickey and Patti Hines, 1; David Hannahs, 3; Patty Speakman, 4;

Latin II — Valerie Hamilton, 1; English I — Lynn Reichelderfer, 1; Barbara Vandemark, 2; Beth Rickey, 3; David Hannahs, 4; Patty Speakman, and Karen Greenlee, 5; Cheryl Mumaw, 7; Patti Hines and William Clifton, 8; Emily Weldon, 10

English II — Martha Samuel, 1; Valerie Hamilton and Sandra McCain, 2; Dora Greene, 4; Ethel Fullen, 5; Stephanie Hedges, 6; Darlene Hopkins, 7; Robert Bowman, 8; Jack Mader, 9; English III — Katherine Meassmer, 1; Sandy Smith, 2; Sue Grubb, 3;

English IV — John Davis, 1; Randall Franklin, 2; Marguerite Sims, 3; Sara Wantz, 4; Sue Hammel and Gary Vandemark, 5; Bookkeeping 1 — Marlene Dietrich and Diane Johnson, 1; Sally Pettit, 3.

• • •

**D. A. R.** Good Citizenship Award — Marguerite Sims; Mathematical Assn. of America — James Randall Franklin; National Merit Scholarship Letter of Recommendation — John Davis; Betty Crocker Homemaker of Tomorrow — Sarah Ann Pettit.

District Science Day — Superior — Brian Bell, Mona Davis, Peter DeNeef and Sandy Smith; Excellent — Carolyn Clifton, John Davis, Ethel Fullen, Beth Rickey, Richard Warner and Eddie Wright;

**Good — Ray Boyer, Mary Galion, Elaine Goldschmidt, John Grigg, Linda Leist and Steve Yost; Satisfactory — John Anderson, Roger Kline, Carole Guseman, Kathy Schmidt and Mike Wilson.**

State Science Day at Antioch — Excellent — Brian Bell, Mona Davis and Peter DeNeef.

Music Adjudications — High School Girls' Sextet — Martha Samuel, Marilyn Hartman, Diane Johnson, Cherly Mumaw, Karen Dennis and Karen O'Donell, accompanied by Judy Barnhill. Superior rating in district at Capital University and superior rating in regional state finals at Lancaster.

• • •

**DRUM** Ensemble — Dick Walker, John Adkins, Fred Rickey and Granville Jones. Superior rating in district at Capital University and superior rating in regional state finals at Lancaster.

• • •

**SOPRANO** solo by Martha Samuel accompanied by Judy Barnhill. Very good rating in district at Capital University.

Piano solo by Judy Barnhill. Very good rating in district at Capital University.

Circleville Junior Chamber of Commerce Teen - age safe Driving Road-e-o.

**Karen Rase, second Place in Girls' Division; Sara Wantz, third place in Girls' Division; Steve Smith, Carolyn Clifton, Richard Fyffe, David Huffer, David McDonald, Diane Johnson, Mary Pennington, Phyllis Ullman, Brian Burley and Leo Moats, certificates.**

Girls' physical education bowling league champs — Linda Gibbs, Joyce Thompson, Marlene Dietrich and Sandy Callihan. Most improved bowling girl — Ethel Fullen.

Alto saxophone solo by Gary Dean, accompanied by Judy Barnhill. Superior rating in district at Capital University and excellent rating in regional state finals at Lancaster.

Flute solo by Barbara Vandemark accompanied by Lynn Reichelderfer. **Superior rating in district at Capital University and excellent rating in regional state finals at Lancaster.**

**Piano solo by Katherine Measamer. Excellent rating in district at Capital University.**

Tenor saxophone solo by Paul Barnes accompanied by Cheryl Mumaw. Excellent rating in district at Capital University.

Snare drum solo by John Adkins. Excellent rating in district at Capital University.

Oklahoma became a state in 1907.

### Nature Takes a Hand

MORRIS, Conn. (AP)—Gov. Abraham Ribicoff was about to address a political meeting here one night.

"The governor will enlighten us . . .", said the toastmaster — and then a flash of lightning and the lights went out.

When the meeting resumed, Ribicoff quipped: "Once in a while, nature takes a hand in politics."

---

In the presidential election of 1956 the Prohibition Party polled 41,937 votes.

LOST 4 DAYS—Jean Beauchamp, 3, rests comfortably in a Montreal, Que., hospital after being lost four days in a woods near his L'Assumption, Que., home. He was found with only swollen feet and a bit of fever.

## 'Realistic' Education View Urged

PHILADELPHIA (AP) — It is high time we stopped talking about the good old days that never were and take a realistic view of education in this rapidly changing world, a college president said today.

Dr. Harry D. Gideonse of Brooklyn College told the National Congress of Parents and Teachers "our national weaknesses today are real and terrifying but they can be remedied in short order by crash programs if the will and the purpose can be found."

But, he said in a prepared address, "we are not dealing with the past that never was. We are dealing with a present that is even if some people are trying very hard not to see it."

For instance, he said, it is naive indeed to assume that education is only that which goes on in the school.

"Much more than in the past," he added, "Education is what goes on in the American culture as a whole." He cited "Competitive advertising in the press and magazine and radio and television. Sadistic and violent dramatic sketches for six and eight year old children. Advertising designed to create a discontent with what you have, to make you reach out for more than you can immediately hope to attain."

the best of luck to you

### No Visitors Allowed

CHICAGO (AP) — A visitor to the Chicago Museum of Natural History could be asphyxiated if he were permitted to enter certain rooms without a gas mask.

The lethal rooms are filled with carbon tetrachloride and ethlyene dichloride gases stored within are mummies, ancient textiles and animl hides that might be ruined by mold or insects in normal air.

### Brags about Size

GUNNISON, Colo. (AP) — Hinsdale County thinks it may be the most thinly populated county in the United States. Hinsdale County's census count recently was an official 216.

Earliest printing extant dates from 770 A. D. It was done by order of Empress Shiyau-toku of Japan.

LOST 4 DAYS—Jean Beauchamp, 3, rests comfortably in a Montreal, Que., hospital after being lost four days in a woods near his L'Assumption, Que., home. He was found with only swollen feet and a bit of fever.

## 'Realistic' Education View Urged

PHILADELPHIA (AP) — It is high time we stopped talking about the good old days that never were and take a realistic view of education in this rapidly changing world, a college president said today.

Dr. Harry D. Gideonse of Brooklyn College told the National Congress of Parents and Teachers "our national weaknesses today are real and terrifying but they can be remedied in short order by crash programs if the will and the purpose can be found."

But, he said in a prepared address, "we are not dealing with the past that never was. We are dealing with a present that is even if some people are trying very hard not to see it."

For instance, he said, it is naive indeed to assume that education is only that which goes on in the school.

"Much more than in the past," he added, "Education is what goes on in the American culture as a whole." He cited "Competitive advertising in the press and magazine and radio and television. Sadistic and violent dramatic sketches for six and eight year old children. Advertising designed to create a discontent with what you have, to make you reach out for more than you can immediately hope to attain."

### No Visitors Allowed

CHICAGO (AP) — A visitor to the Chicago Museum of Natural History could be asphyxiated if he were permitted to enter certain rooms without a gas mask.

The lethal rooms are filled with carbon tetrachloride and ethlyene dichloride gases stored within are mummies, ancient textiles and animl hides that might be ruined by mold or insects in normal air.

### Brags about Size

GUNNISON, Colo. (AP) — Hinsdale County thinks it may be the most thinly populated county in the United States. Hinsdale County's census count recently was an official 216.

# 20 Seniors in 45th, Final Pickaway Twp. Graduation

Pickaway Twp. High School will graduate 20 seniors during its 45th and final commencement exercises at 8 p. m. today in the school auditorium.

**The high school band will open the ceremonies with the Processional, "Pomp and Circumstance" by Elgar. The Rev. Paul I. Wachs, minister of the Methodist Church, will deliver the Invocation.**

Janice Umsted will make the salutatory address. The senior ensemble will play "How Lovely are the Messengers" by Mendelssohn. William Harral will deliver the valedictory address.

The senior class will sing "Recessional" by Reginald de Koven. Fourth District Court of Appeals Judge William D. Radcliff, Williamsport, will make the class address.

* * *

**ALFRED GABRIEL**, school principal, will make the presentation of awards. Carl S. Burger, Logan Elm School District executive head, will introduce Dr. Wells Wilson, President of the LE Board of Education.

Dr. Wilson will present diplomas. The senior class will conclude the exercises with its Alma Mater and Benediction.

Class President is Harral; vice president, Bruce Wilson; secretary, Patricia Watson, and treasurer, Miss Umsted.

**The class motto is "Last, But Not Least". The colors are blue and white and the class flowers are red and white roses.**

This will be the last commencement and graduating class at Pickaway. This fall the high school will consolidate with Washington and Saltcreek Twps. to form the Logan Elm High School, the first such institution in the county.

Members of the senior class, their ages, addresses, parents, high school course of study and future vocations are:

* * *

RONALD F. ARLEDGE, 17, Route 4, Mr. and Mrs. Floyd Arledge, commercial, business administration; William L. Arnold, 18, Route 1, Mr. and Mrs. Paul Arnold, general, factory work;

Jane Bayes, 18, Route 4, Mrs. Emma Bayes, commercial, bookkeeper; Donna Frazier, 17, Route 1, Stoutsville, Rev. and Mrs. Emmett Frazier, commercial, typist;

Joan Ginther, 17, Route 1, Kingston, Mr. and Mrs. Floyd Ginther, commercial, secretary; Russell Glenn, 17, Route 1, Mr. and Mrs. Alvie D. Glenn, college prep, undecided;

**William Harral, 17, Route 1, Mr. and Mrs. Edgar Harral, college prep, engineering; Nancy J. Huffer, 18, Route 1, Mr. and Mrs. Theodore Huffer, commercial, secretary;**

Linda L. Hunt, 17, Route 1, Mr. and Mrs. Ralph Hunt, general, military service, WACS; Geneva L. Lauerman, 17, Route 1, Mr. and Mrs. David Lauerman, general, receptionist;

Barbara A. McFarland, 17, Route 1, Mr. and Mrs. Marshall McFarland, commercial, secretary; Joyce Miller, 17, Route 1, Mr. and Mrs. George Miller, college prep, teacher;

* * *

**GAIL NOE**, 18, Kingston, Mr. and Mrs. Joe Brooks, commercial, secretary; Jerry Patrick, 17, Route 1, Mr. and Mrs. Dane Patrick, college prep, medicine;

## Collins, Church Get Dem Positions

NEW YORK (AP)—Gov. Leroy Collins of Florida was selected permanent chairman of the forthcoming Democratic National Convention and Sen. Frank Church, of Idaho, was chosen keynoter at a meeting of the convention arrangements committee yesterday.

The selections were made within 1½ hours after the 14-member committee opened its meeting.

Committee members disclosed the selections.

Formal announcement was expected later today by national party Chairman Paul Butler at a press conference.

From the start, Collins had been regarded as having the edge.

### No Help Needed

EAST ORANGE N. J. (AP) — When this commercial window washer sets a squeegee to a pane of glass, all male heads start turning.

The window washer, Mrs. Grace Lake, an attractive blonde and mother of three children, got started in the trade when her husband was injured in a tumble and had to put his sponge and pail aside.

Mrs. Lake ignores the stares and the masculine offers of: "Hey Blondie, need any help there?"

# Stoutsville School Seniors Graduated

Stoutsville High School will graduate 16 seniors during commencement exercises scheduled for 8 p. m. Friday in the school auditorium.

**Ceremonies will start with the playing of the Processional by Phyllis Butterbaugh. The Rev. H. Burr Drum will deliver the Invocation.**

Angelene Strehle will deliver the co - valedictory speech. The chorus will follow with a song, "He". Brenda Reed will present the second half of the co - valedictory speech.

The chorus will sing "I Believe". Hubert Cole, school principal, will introduce the guest speaker, Congressman Walter H. Moeller.

* * *

JOHN F. Gray will make the presentation of diplomas. Rev. Earl Bowser will conclude exercises with Benediction.

Congressman Moeller represents the 10th Ohio District. He is a 1935 graduate of Condordia College and Seminary, Springfield, Ill. He earned his AB degree from Defiance College and a masters degree in education from Indiana University.

He was ordained to the ministry of the Lutheran Church, Missouri Synod, in 1936. Moeller is a resident of Lancaster where he resides with his wife and daughter, Janeen, a student at Washington University. She was chosen Ohio State Princess for the 1960 Cherry Blossom Festival, Washington D.C.

WALTER H. MOELLER

**Members of the senior class, their ages, parents, addresses, course of study and plans for** the future are: Nancy Sue Zeimer, 19, O. H. Zeimer, Stoutsville, business, business school;

Kelley Lee Crites, 17, Mr. and Mrs. Vance Crites, Stoutsville, academic, college.

## Tried Walking?

TUCSON, Ariz. (AP) — One month and $1,000 later Mrs. Kate Boyle made it from Boston to Tucson in her 1956 model car.

Mrs. Boyle says she was delayed in Maryland two days by a snowstorm. Her brakes failed near Columbus, Ga., and she roared into a field and struck a cow. Two days were needed for repairs.

Influenza laid her up for six days in Macon, Ga. Her car stopped in Uniontown, Ala., and she spent $585 for a new motor. In Jackson, Miss., the auto went dead again. The Uniontown dealer towed it 250 miles back to his shop and worked on it for four days.

The car then broke down in Texas and again in New Mexico.

"Who said traveling was fun?", Mrs. Boyle asked.

## Going into Business

MIAMI, Fla. (AP) — A midnight safari into the display window of a Miami pet shop may have put a would - be zoo operator in business.

Thieves took a rare Australian white cockatoo, a deodorized skunk and a monkey.

Parrots were flying loose in the store next morning and the owner theorized the birds bit the burglars as their cages were opened.

In 1800 there were only a few theaters in the United States and about 150 actors. By 1885 the country had 5,000 playhouses and more than 50,000 players.

# Stoutsville School Seniors Graduated

Stoutsville High School will graduate 16 seniors during commencement exercises scheduled for 8 p. m. Friday in the school auditorium.

**Ceremonies will start with the playing of the Processional by Phyllis Butterbaugh. The Rev. H. Burr Drum will deliver the Invocation.**

Angelene Strehle will deliver the co - valedictory speech. The chorus will follow with a song, "He". Brenda Reed will present the second half of the co - valedictory speech.

The chorus will sing "I Believe". Hubert Cole, school principal, will introduce the guest speaker, Congressman Walter H. Moeller.

* * *

JOHN F. Gray will make the presentation of diplomas. Rev. Earl Bowser will conclude exercises with Benediction.

Congressman Moeller represents the 10th Ohio District. He is a 1935 graduate of Condordia College and Seminary, Springfield, Ill. He earned his AB degree from Defiance College and a masters degree in education from Indiana University.

He was ordained to the ministry of the Lutheran Church, Missouri Synod, in 1936. Moeller is a resident of Lancaster where he resides with his wife and daughter, Janeen, a student at Washington University. She was chosen Ohio State Princess for the 1960 Cherry Blossom Festival, Washington D.C.

WALTER H. MOELLER

**Members of the senior class, their ages, parents, addresses, course of study and plans for** the future are: Nancy Sue Zeimer, 19, O. H. Zeimer, Stoutsville, business, business school;

Robert Lewis Sells, 17, Mr. and Mrs. Isaac Sells, Route 4, general, get a job; Angelene Mae Strehle, 17, Mr. and Mrs. William E. Strehle, Stoutsville, academic and business, secretarial work;

Richard Allen Bussert, 17, Mr. and Mrs. Paul Bussert, Route 2, Amanda, general, contractor; Gary Dean Warner, 17, Mr. and Mrs. Cecil Warner, Stoutsville, academic, college;

### Tried Walking?

TUCSON, Ariz. (AP) — One month and $1,000 later Mrs. Kate Boyle made it from Boston to Tucson in her 1956 model car.

Mrs. Boyle says she was delayed in Maryland two days by a snowstorm. Her brakes failed near Columbus, Ga., and she roared into a field and struck a cow. Two days were needed for repairs.

Influenza laid her up for six days in Macon, Ga. Her car stopped in Uniontown, Ala., and she spent $585 for a new motor. In Jackson, Miss., the auto went dead again. The Uniontown dealer towed it 250 miles back to his shop and worked on it for four days.

The car then broke down in Texas and again in New Mexico.

"Who said traveling was fun?", Mrs. Boyle asked.

# Dozen Jackson Twp. Seniors in Ceremony

Twelve seniors were graduated by Jackson Twp. High School last night during its 47th annual commencement exercises held in the school auditorium.

**Dr. E. P. Lynn, associate Professor of Education at Ohio University, Athens, was guest speaker. His topic was "Three R's".**

Miss Kathleen McCloud gave the salutatory address. Miss Joy Ann Maughmer delivered the valedictory address.

Senior class officers were Miss Maughmer, president; James List, vice president; Sue Ann Radcliff, secretary; Miss McCloud, treasurer, and Judy Valette, news reporter.

* * *

THE CLASS MOTTO was "Forever Climbing". The class colors were blue and white. Red Rose was the class flower.

Members of the senior class their ages, parents, addresses, high school course of study and future plans are: Medrith Anne Hix, 17, Mr. and Mrs. Virgil Hix, Route 1, Williamsport, business, housewife;

Barbara Jean Diffendal, 17, Mr. and Mrs. John Diffendal, Route 2, business, artist, James Charles List, 18, Mr. and Mrs. Oscar List, Route 2, general, drafting;

**Philip Lee Beard, 20, Mr. and Mrs. Charles Beard, Route 3, general factory worker; Joy Ann Maughmer, 17, Mr. and Mrs. Clark Maughmer, Route 3, college prep and business, secretarial position;**

Judy Ann Vallette, 17, Mr. and Mrs. John Walker, Route 1, Orient, commercial, medical technologist; Theodore Russell Pontious, 18, Mr. and Mrs. William Pontious, Route 3, general, factory worker;

Kathleen McCloud, 18, Mr. and Mrs. Chester McCloud, Route 2, college prep and business, secretary; Sue Ann Radcliff, 17, Mr. and Mrs. Scott Radcliff, Route 3, college prep and business, secretary;

* * *

MILTON LOWELL Martindale, 18, Mr. and Mrs. Lawrence Martindale, Route 1, Williamsport, vocational, farmer or office worker; Roy Allen Whaley, 17, Mrs. Willard Whaley, Route 3, college prep, television work;

Wayne Allen Timmons, 18, Mr. and Mrs. Glen Timmons, Route 3, vocational, mechanic job.

# Business Plane Growing To Be Very Popular

### Commercial Airlines View Private Fleets As Chief Competitor

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Among the many other problems besetting the commercial airlines today you can now add the company plane as an up-and-coming competitor.

The Federal Aviation Agency calls business aircraft the "fastest growing fleet in the aviation industry."

This year is expected to be the first in which businessmen and financial and industrial executives spend as many hours in the air in company-owned planes as they do in commercial airlines.

In 1950, company fleets logged 2¾ million hours aloft. By last year this had increased to six million hours.

The commercial airlines are still far ahead in total hours and passengers carried. They cater to many others beside businessmen and they have larger, faster planes and more frequent flights.

But a definite trend toward turboprop and jet planes is expected soon in corporate fleets.

The FAA estimates there are 24,000 business aircraft of U.S. registry now and predicts there will be 40,000 or more by the end of this decade.

The Utility Airplane Council of the Aerospace Industries Assn. of America believes that the steady gains made in the last 12 years by business aircraft will be accelerated this year.

A favorable factor in the growth has been the safety record. The Flight Safety Foundation reports that the latest fatality figures of business planes show a rate of 0.7 per 100 million passenger miles, compared with 2.7 for passenger autos.

One problem looming is the training of new pilots for business craft. At first there was a large pool of military-trained pilots, but this is now diminishing. An executive of the National Business Aircraft Assn. suggests that one solution may be found in on-the-job training programs.

Companies buy planes for many reasons. One is to get men and equipment to desired spots quickly and independently of commercial flight schedules and routes. Another is to keep executives working while moving about. And many who do much traveling say there is a decided money saving.

# Air Pollution Control Said Job of City

CINCINNATI (AP)—The president of the Air Pollution Control Association said today he thinks keeping air clean is a job for municipal government.

Dr. Leonard Greenburg of New York, in an address prepared for the group's 53rd annual conference, said:

"I take the position that our governmental leaders should understand the significance of the air pollution problem and then provide the real leadership and the funds required to bring these problems well under control."

William Megonnell, U.S. Public Health Service consultant, said surveys in upstate New York show industry is not wholly to blame for air pollution.

Megonnell, in analysis with Charles Maneri, New York's state air pollution control chief, noted that the fumes from home heating units can add a broad, dirty trail of air contamination.

They said studies around Elmira, N. Y., showed private sources may be responsible for up to two-fifths of pollutants during cold weather.

Canadian researchers indicated rural areas far removed from industrial sites won't escape contamination.

H. B. Marshall, B. C. Newbury and W. A. Petrie of the Ontario Research Foundation noted the first case of "oxidant pollution of economic importance (is) a rural area along the north shore of Lake Erie."

Loss to tobacco farmers in the area through so-called weather fleck is over one million dollars yearly.

Major nearby cities are Hamilton, Windsor, Detroit and Cleveland, each about 60 miles from the rural section.

The Canadian researchers suggested that on hot days, Lake Erie creates a pocket that traps pollutants over the lake for 24 hours or more.

### Benny and 39 Years

KNOXVILLE, Tenn. (AP) — Cofedian Jack Benny, 39, got some kind words from television's Polly Bergen on a recent visit to her hometown.

She called Benny "a man I've admired since I was a child, that my parents have admired since the were children and that their parents have admired since they were children."

# Stoutsville News

By Mrs. A. B. Wynkoop

Mr. and Mrs. Otis Calton of Mansfield called on Mrs. Nellie Calton Sunday afternoon.

Sunday afternoon visitors of Mr. and Mrs. Cliff Hanley were Mr. and Mrs. Robert Nelson and family of Pleasentville, and Mr. and Mrs. Leonard Mohler and family of Lancaster.

Mrs. Gertrude Grant and Mrs. Margie Meyers of Circleville and Mr. and Mrs. Clark Aldenderfer took a trip Sunday through the Southern part of Ohio crossed the Ohio river into West Virginia and Kentuckey and home by Ironton and Jackson.

Mr. and Mrs. Clarl Valentine and Mrs. Dianna Valentine were Sunday dinner guests of Mr. and Mrs. Dick Valentine and family of Circleville.

Mr. and Mrs. Harold Conrad of Circleville were Sunday supper guests of Mr. and Mrs. Frank Drake.

Mr. Glen Compton of Great Notch N. J. and Mrs. Ida Warner and Melvin Warner of Circleville called on Mr. and Mrs. C. W. Fetherof and Miss Rose Leist Sunday evening.

Mrs. Orwin W. Dresbach of Circleville and Mrs. Roy Harden were Tuesday dinner guests of Miss Blanche Meyers.

Clarence Valentine of Amanda visited Thursday evening with Mr. and Mrs. James Lovett and family.

Mr. and Mrs. Ted Fausnaugh and family of Columbus were the Saturday overnight guests of the Clay Fausnaugh home.

Mr. and Mrs. Charles Ray Rhymer and daughters of Circleville and Mr. and Mrs. Richard Rhymer and family and Mrs. Lillie Morrison were Sunday dinner guests of Mrs. May Rhymer.

Mrs. Minnie Fausnaugh was pleasently suprised when over 50 of her relatives and friends gathered at the K of P hall Sunday with a bontiful basket dinner in honor of her Birthday Anaiversary.

Mr. and Mrs. Newton Thatcher of Columbus and Mr. and Mrs. H. S. Schumann were Sunday dinner guests of Miss Blanche Meyers.

Mr. and Mrs. Dan Hinton of Williamsport visited Mrs. Dianna Valentine Saturday.

Mr. Ralph Baird and Mr. Don Keifer of Galion were Saturday dinner guests of Mr. and Mrs. Frank Drake.

Mr. and Mrs. Clarence Thorne and Bobby and Nancy of Gahanna were dinner guests Sunday of Mrs. Ray Harden.

Mr. and Mrs. Edward Slater of Albion Mich. announce the birth of a 6½ lb. son on May 20. Mrs. Slater is the daughter of Mr. and Mrs. Clarence Radcliff who are both school teachers.

Mr. Elmer Hampp and Mrs. A. B. Wynkoop and son Gene attended the westling matches at the fairground collisuim in Columbus Thursday evening.

Mr. and Mrs. Virgil Cruit of Columbus was the Sunday dinner guests at the Alva Courtright home.

Sunday afternoon visitors of Mr. and Mrs. Clarence Greeno were, Mr. and Mrs. John Conrad and Clyde of Columbus, Mr. and Mrs. Ray Kneece, Dianna, Joy and Billy and Mr. and Mrs. Chloe Wiggins, and family of Laurelville Mr. and Mrs. Carl Chamberlon of Columbus and a group of the prayer band of the church of Christian Union Circleville, Rev. Richard Hummell, Harold Harron, Dave Ramey Murley Thompson and Mary England and Roy Arledge. Mrs. Greeno has just returned from Berger Hospital.

### Irish Industry Plug

NEW YORK (AP) — Northern Ireland will bring its campaign for new industries to New York during the British Exhibition June 10-26.

The country, which has attracted 141 new industries since World War II including nine from the United States, will show models of 14 plants being constructed to American industrial representatives.

Although 25 per cent more people of Northern Ireland are employed today than 20 years ago, the country still has a large surplus labor problem, says the Northern Ireland Development Council, whicr is conducting the search for new industry.

# Boss of Legion Shuns Soviet Visit

LOS ANGELES (AP)—The national commander of the American Legion has canceled a scheduled trip to the Soviet Union.

"Where the President of the United Sttaes is not welcome, no American citizen should go," Martin B. McKneally of Newburgh, N.Y., said Monday.

He told interviewers the American Legion is concerned about what appears to be increasing reliance of independent movie producers on the talents of Communists and their sympathizers.

The film community is made up mostly of "good law-abiding people," he said, but the industry is in need of self-regulation.

### They Have High Hopes

CHICAGO (AP) — Prisoners in the Cook County Jail answered a quiz by the jail's newspaper on what three things they hoped for most out of life.

Some answers:

"A wife, a home and happiness—because those are the three essentials of life."

"Money, a good foundation under me, and a good girl—because that is what it will take for me to survive through my life."

"Freedom, forgiveness from al my oved ones and a those I have hurt in the past, and the strlength to ive a Christian life after I am free, as I have learned here through the help of Christ."

"Get out of jail, get back to my kids and be a great Casanova."

Mae West began her stage career by playing the role of Angel Child in "Ten Nights in a Bar Room."

Marc Antony married Octavia, sister of Caesar.

SHE'LL DO 500, DONALD CAMPBELL HOPES—This is a model of the $3,000,000 gas turbine car in which Donald Campbell will attempt to set a new world land speed record at Bonneville Salt Flats in Utah. It is reported that the car, called the "Bluebird," is capable of 500 mph. Campbell currently holds the world water speed record. Land record, set by the late John Cobb at Bonneville in 1947, is 394.196 mph.

## Findlay Blacked Out 5½ Hours on Sunday

FINDLAY, Ohio (AP) — About three-fourths of this city was affected Sunday by a power failure which lasted 5½ hours. Lightning, hitting a transformer, and an underground transmission line burning out at the power plant, caused the blackout. One man was injured in a car-truck crash at an intersection where the traffic light was out, police reported.

Supermarkets report that sales per shopper are about 60 per cent higher on Fridays and Saturdays than on other days of the week.

## Parochial Schools Show Vast Growth Since Last War

By TOM HENSHAW
AP Religion Writer

NEW YORK (AP) — "Education," say the Seventh-day Adventists, "should be threefold—equal development of the mental, physical and spiritual."

And there is a growing tendency among some churches to concentrate all three developments under one roof—the parochial school.

In the 15 years since the end of World War II, enrollment in public schools has gone up about 50 per cent. But enrollment in church-related schools has tripled in the same period.

Roman Catholics lead the way. Their big network of elementary and secondary schools in the United States lays claim to being the largest private school system in the world.

Last week, the Church announced just how big an enterprise it is: 4,262,100 pupils in 10,279 grade schools and 827,912 students in 2,401 high schools.

About one out of every nine of the nation's 42 million school kids attends a Catholic school.

Smaller, and therefore less likely to be noticed, are the thriving parochial school systems maintained by a number of Protestant churches, chiefly those concerned with doctrinal purity.

The largest of the Protestant parochial systems is that maintained by the Lutheran Church-Missouri Synod.

By the latest count, Missouri has 144,240 pupils in 1,284 elementary schools and 8,019 students in 17 high schools, chiefly concentrated in the Middle West.

Some of the schools are quite large. The largest high school, Luther High School North in Chicago, has 1,102 students. The biggest grammar school, in Ft Wayne, Ind., has 693.

Now, as the second largest Protestant system, the Seventh-day Adventists number 41,842 grade school pupils and 11,591 high school students.

## Funeral Directors Elect

COLUMBUS, Ohio (AP)—Leonard D. Gerber of Wakeman is the new president of the Ohio Funeral Directors Association.

## Going Prospecting?

AUGUSTA, Maine (AP) —Maine isn't exactly expecting a gold rush, but the state regards the quest for gold and semi - precious gems important enough to justify a publication on the subject.

The booklet tells where the more common minerals and gems are likely to be found.

## Having a Party

NOGALES, Ariz. (AP) — Police stopped a motorist suspected of being intoxicated.

On the front seat the man had a glass, a bottle of bourbon, a bottle of mix and a container of ice.

## General Motors Plans Small Sizes

WILMINGTON, Del. (AP) — General Motors announced today it will have small-size models of Buick, Oldsmobile and Pontiac for 1961. They will carry the names Special, F-85 and Tempest.

The announcement by GM at its annual stockholders' meeting thus put America's biggest auto maker in the compact car market in all price ranges—from the cheapest Chevrolet Corvair to the top class Buick Special.

A year ago, also at the stockholders gathering, GM introduced a rear-engine Corvair as its answer to the growing competition from small foreign imports and from American Motors' Rambler.

The three new compacts all will have conventional front mounted engines.

# Dozen Leave Atlanta High

A total of 12 seniors were graduated by Atlanta High School at commencement exercises held last night in the school auditorium.

**George W. Bowman, chairman of the English Department of Wilmington College, Wilmington, was guest speaker.**

The salutatory address was given by Miss Elaine McVicker. The valedictory address was presented by Miss Shirley Farmer.

Class officers were Norman Huffman, president; Mary Bogard, vice president; Miss McVicker, secretary - treasurer, and Bill Yates, news reporter.

* * *

**THE CLASS** motto was "Who Does Not Advance Falls Behind". Red and blue were the class colors.

Members of the senior class, their ages, parents, addresses, high chool course of study and future plans are:

Mary Bogard, 18, Route 1, New Holland, Mr. and Mrs. Austin Bogard, commercial and science, nursing; Delbert Bush, 17, Route 1, New Holland, Mr. and Mrs. Delbert Bush, general, enlist in the service;

**Shirley Farmer, 18, Route 1, New Holland, Mr. and Mrs. Thomas Farmer, commercial, attend Columbus Business University; Hugh Graves, 17, Route 1, New Holland, Mr. and Mrs. Willard Graves, general, farming;**

Norman Huffman, 18, Rocte 1, New Holland, Mr. and Mrs. Vernon Huffman, general, enlist in the service; Elaine McVicker, 18, Route 2, Williamsport, Mr. and Mrs. Franklin McVicker, commercial, attend busness school;

Ronald Morris, 17, Route 1, New Holland, general, attend Wilmington College; Thomas Oyer, 18, Route 1, New Holland, Mr. and Mrs. Thomas Oyer, general, farming;

WILMINGTON, Del. (AP) — General Motors announced today it will have small-size models of Buick, Oldsmobile and Pontiac for 1961. They will carry the names Special, F-85 and Tempest.

The announcement by GM at its annual stockholders' meeting thus put America's biggest auto maker in the compact car market in all price ranges—from the cheapest Chevrolet Corvair to the top class Buick Special.

A year ago, also at the stockholders gathering, GM introduced a rear-engine Corvair as its answer to the growing competition from small foreign imports and from American Motors' Rambler.

The three new compacts all will have conventional front mounted engines.

When Elizabeth Barrett Browning finished her "Sonnets From the Portuguese," she placed them in the hands of her husband, Robert Browning, one morning after breakfast and told him to tear them up if he did not like them. Then she ran up stairs, fearing he might not like them.

First street cars in New York City in 1832 had granite ties to support rails. They proved to be too noisy. Wooden ties were substituted.

. . your many achievements during the past year and wish you great happiness.

# Local Schoolmen Are Invited To Attend Airborne TV Meet

Teachers and school administrators from Circleville and Pickaway County have been invited to participate in a workshop on airborne television July 25-29 at Ohio State University.

**The workshop is designed to provide basic information and background needed by schools in Ohio so that they may take advantage of the classroom telecasts to be offered experimentally by the Midwest Program on Airborne Television Instruction beginning in September, 1961.**

Sponsored jointly by Ohio State University and the Midwest Council on Airborne Television Instruction, with headquarters at Purdue University, the non-credit program will feature talks, demonstrations, and discussion sessions.

Participants will be given a detailed explanation of the operations of the airborne experiment and will see how television teaching is planned and produced in the studios at WOSU-TV.

In addition, they will witness live classroom demonstrations of the use of television teaching; analyze kinescope recordings of television teaching; receive information on necessary receiving equipment; and discuss the classroom teacher's role in connection with television presentations.

**DIRECTORS** of the workshop is Dr. I. Keith Tyler, director of radio - television education at Ohio State. Assisting him will be Dr. William H. Ewing, associate director of programs for WOSU-TV and WOSU radio; and Dr. Paul R. Klohr, assistant dean of Ohio State's College of Education.

The airborne television experiment is a $7 - million project supported by a $4½ - million appropriation from the Ford Foundation and contributions from private industry.

It is set up to broaden the range of educational offerings available to many schools and to increase the quality of offerings in schools and colleges at a cost lower than that for a comparable increase in quality achieved by other means.

Educational courses on video tape will be telecast from an airplane flying at high altitude over north - central Indiana. The telecasts will be received in classrooms of participating schools in a circular area of from 150 to 200 miles in radius.

**This reception area will cover parts of six states: Illinois, Indiana, Kentucky, Michigan, Ohio, and Wisconsin.**

During the academic year, courses will be telecast on two channels six hours a day and four days a week. This amounts to 48 hours a week of telecast courses. Demonstration telecasts will begin in February, 1961.

Counties invited to participate in the Ohio State Workshop include: Champaign, Clark, Delaware, Fairfield, Fayette, Franklin, Knox, Licking, Logan, Madison, Marion, Morrow, Pickaway, Ross Union, Auglaize, Coshocton, Darke, Mercer, Miami, Muskingum and Shelby.

Application forms for enrollment in the workshop are available from Dr. Tyler at Ohio State University, 154 N. Oval Dr., Columbus, 10 Ohio.

## Bank Robber Given Term in Youth Center

COLUMBUS, Ohio (AP) — U.S. District Judge Mell G. Underwood today sentenced William J. Kerns, 24, of Rushsylvania (Logan County) to an indeterminate sentence for the $1,150 robbery of the Farmers Bank in Sedalia Feb. 4.

Kerns was convicted by a jury in U.S. District Court in March.

Judge Underwood sentenced the youth under terms of the Federal Youth Correction Act, which permits the Youth Authority to determine length and type treatment for the offender. Court aides said they believe it is the first time Judge Underwood has used the act in this type of situation.

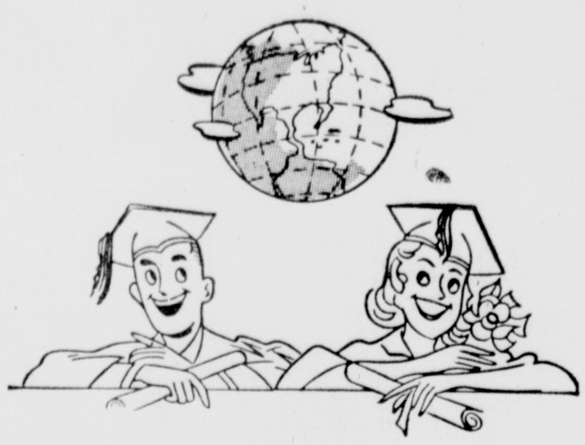
Kerns and David J. Branhan, 70, of Bellefontaine, was arrested by the Ohio Highway Patrol shortly after the robbery. Kerns later said he went through with it because he was afraid of Branham. The older man already has been sentenced.

In passing sentence today Judge Underwood said officials at the Chillicothe Reformatory, where Kerns was sent for a study of his mental condition, suggested that sending him to a regular federal prison might "enhance the possibility of mental deterioration."

The Youth Correction Act applies to offenders up to 26 years of age. Those sentenced are generally sent first to a diagnostic center at Ashland, Ky.

**CITES 'BLUNDERS'** — Democratic National Chairman Paul Butler tells reporters in Washington that the Democratic Advisory council has echoed Adlai Stevenson in accusing the Eisenhower administration of a "series of blunders" which allowed the Soviet to wreck the summit.

**ROYAL HONEYMOONERS IN TRINIDAD**—Princess Margaret of Great Britain and her husband, Antony Armstrong-Jones, leave the royal yacht *Britannia* at the Port of Spain wharves in Trinidad. The couple arrived here after a three-day stay on the nearby island of Tobago. They were greeted by the island's top officials and music by a Dixieland steel drum band.



Wherever your path may lead, whatever the future may hold, please accept our best wishes for your success and happiness.

A total of 28 seniors were graduated by Scioto Twp. High School last night during its annual commencement exercises.

**Guest speaker was the Rev. David Lynn, pastor of the Hope Lutheran Church, Columbus. Valedictorian was Carlynn Gulick. Salutatorian was Sandy Chapman.**

Baccalaureate services were held Sunday in the Commercial Point Methodist Church with the Rev. Robert B. St. Clair officiating.

Members of the senior class, their ages, parents, addresses, high school course of study and future plans are:

* * *

**DOUGLAS WOODS**, 17, Mr. and Mrs. Alford Woods, Orient, general, undecided; Roy Junior Sanders, 19, Mrs. Ethel Delawder, Columbus, general, mechanic;

Jim Davie, 18, Mr. and Mrs. Edgar Davie, Route 1, Orient, general, draftsman; Sandra Chapman, 17, Mr. and Mrs. Floyd Chapman, Route 1, Orient, commercial, attend Ohio State School of Cosmetology;

Bertie Lemaster, 17, Mr. and Mrs. Curtis Lemaster, Route 2, Ashville, general, mechanic; Jerry Collins, 17, Mr. and Mrs. Marvin Collins, Route 2, Ashville, general, male nurse;

**Richard Kerschner, 19, Mr. and Mrs. John Kerschner, Orient, general, factory worker; Marnna Crago, 17, Mr. and Mrs. Harry Crago, Route 1, Orient, general, air controlman in U. S. Navy;**

Ethel Christine Kaiser, 17, Mr. and Mrs. George Kaiser, Route 2, Orient, general, nursing; Barbara Welsh, 17, Mr. and Mrs. Paul Welsh, Route 2, Ashville, commercial, stenographer;

Linda Nance, 17, Mr. and Mrs. Robert Nance, Orient, commercial, private secretary; Frances Carol Parmenter, 19, wife of Charles T. Parmenter, Commercial Point, general, practical nurse or doctor's assistant;

* * *

**CAROL LEHMAN**, Mr. and Mrs. Robert G. Lehman, Route 1, Orient, commercial, undecided; Richard Kaiser, 18, Mr. and Mrs. George Kaiser, Route 2, Orient, general, undecided;

Sandy Williams, 17, Mr. and Mrs. Lawrence Williams, Commercial Point, commercial, secretary; Barbara Calder, 17, Mr. and Mrs. Ray Calder, Route 1, Lockbourne, commercial, secretary;

Dorothy Ellen Whaley, 18, Mr. and Mrs. William David Whaley, Route 2, Ashville, general, uncertain; Helen Luryle Whaley, 20, Mr. and Mrs. William David Whaley, Route 2, Ashville, general, uncertain;

**Carlynn Gulick, 18, Mr. and Mrs. Carl Gulick, Route 1, Orient, general, attend Otterbein College, Westerville, to study education or join Federal Bureau of Investigation;**

Shirley Ann Estep, 17, Mr. and Mrs. Harold Estep, Route 2, Orient, general, typist; Nicholas Allen Dountz, 18, Mr. and Mrs. W. O. Dountz, Route 1, Orient, general;

Sharon Brookover, 17, Mr. and Mrs. William Brookover, Route 1, Lockbourne, commercial, stenographer; Eldon Gochenour, 19, Mr. and Mrs. Clarence Gochenour, Route 1, Orient, general, uncertain;

* * *

**LESLEE KAYE** Melvin, 17, Mr. and Mrs. Leslie E. Melvin, Route 2, Ashville, general, attend OSU's School of Cosmetology; William E. Hix, Mr. and Mrs. Ray E. Hix, Orient, general, male nurse;

William Hoover, 17, Mr. and Mrs. Francis Hoover, Route 1, Orient, general, uncertain; Judy Delp, 17, Mr. and Mrs. Karl O. Delp, Route 2, Orient, typist;

Joe Ann Chaffin, 18, Mr. and Mrs. James H. Chaffin, Route 1, Orient, general, typist.

## Woman's Body Recovered

CINCINNATI (AP)—The body of Mrs. Lellie Gates, 70, missing since Tuesday from her Moscow, Ohio, home, was found in the Ohio River Monday near east Cincinnati. The body, identified by a relative, was about 30 miles downriver from her home near the river.

## All for Nothing

HOT SPRINGS, Ark. (AP) — It cost $36 to get one invalid vote in a bond election here.

The city paid three judges and three clerks $6 each to count votes in the absentee ballot box. Only one person voted absentee.

The ballot was voided because the voter had not paid a poll tax.

---

The hen of our neighbors appears to be a goose, says an ancient Oriental proverb.

## Death Car Driver Gets 4-Month Jail Sentence

AKRON, Ohio (AP)—Charles B. Conley of Akron was sentenced Monday to four months in jail for manslaughter. Conley, 29, was involved in a two-car collision last June 24 that killed four Clevelanders near Wyoga Lake Park. Common Pleas Judge Ray B. Watters also placed Conley on five years' probation.

## TB-Like Illness Resists All Known Drugs

COLUMBUS, Ohio (AP)—An as yet unidentified organism which causes a tuberculosis-like disease, but resists the usual TB drugs, is a source of some concern in the Ohio Health Department, Director (Dr.) Ralph E. Dwork said today.

"We know that there are some sources of this infection in Ohio," Dwork told the annual meeting of the Ohio Public Health Assn., adding:

"There is nothing in this yet to be alarmed about, but there certainly is enough to put us on the alert."

Dr. Martin D. Keller, chief of the department's Bureau of Direct Services, said the organism belongs to a general class known as mycobacteria, of which the chief offender has been mycobacterium tubercle, the cause of tuberculosis.

The dease under study is essentially indistinguishable in source from TB by using X-ray or even tissue examination, Keller explained, but the unidentified organism can be spotted through bacterial study. It has been noted in the southeastern United States, he said, and—while not new—is just receiving major attention.

He said the organism which causes it is resistant to the drugs which have been effective against TB.

The tubers of arrowhead, a plant which has leaves shaped like arrowheads, are excellent potato substitutes. The starchy roots are not too mealy. The arrowhead grows in swampy areas in the U. S.

Dismarck, in a speech in 1850, said: "Better pointed bullets than pointed speeches."

## TB-Like Illness Resists All Known Drugs

COLUMBUS, Ohio (AP)—An as yet unidentified organism which causes a tuberculosis-like disease, but resists the usual TB drugs, is a source of some concern in the Ohio Health Department, Director (Dr.) Ralph E. Dwork said today.

"We know that there are some sources of this infection in Ohio," Dwork told the annual meeting of the Ohio Public Health Assn., adding:

"There is nothing in this yet to be alarmed about, but there certainly is enough to put us on the alert."

Dr. Martin D. Keller, chief of the department's Bureau of Direct Services, said the organism belongs to a general class known as mycobacteria, of which the chief offender has been mycobacterium tubercle, the cause of tuberculosis.

The dease under study is essentially indistringuishable in source from TB by using X-ray or even tissue examination, Keller explained, but the unidentified organism can be spotted through bacterial study. It has been noted in the southeastern United States, he said, and—while not new—is just receiving major attention.

He said the organism which causes it is resistant to the drugs which have been effective against TB.

The tubers of arrowhead, a plant which has leaves shaped like arrowheads, are excellent potato substitutes. The starchy roots are not too mealy. The arrowhead grows in swampy areas in the U. S.

Dismarck, in a speech in 1850, said: "Better pointed bullets than pointed speeches."

Best Wishes
